Dear Alice Rawley - We are trying
to get in touch with your
sister's former stenographer,
Mrs Wolfe, who saw to the
packing of the material you
wished ^{my Helen & I} - She has changed her
address & we do not know
it - If I had realized the opening
of the room was so near at
hand I should have hurried
- things up, but with the worry
of my sister's illness I did
not look into it - We have
written "Bob" about the
model and I am sending
you a photograph like the one
you suggested - It is the
only one of that series we

have left. Easy to later
you can have a change -
Hope it reaches you in
good shape for I don't know
a thing about packing
pictures - Mrs. Holywell
knows about the books etc,
also has a list of names -
My sister hoped you would
send "Bob" a card to the
opening - Address, Robert S. Tarbell
E. M. Keesport, Pa.

Doris is better but not allowed
to get up so yet - I am
on my way to the hospital
and will tell her I leave
with you -

Cordially,

Doris A. Tarbell
