My dear Miss Tarbell,

I thank you for your most interesting letter of May 7th. May I send it to my brother? There is surely nothing in it that either party could object to.

It is tragic that you should have run into influenza — in Tucson — of all places. My experience has been

with these "Written Reports"
that they are like
safety "razors – only
safe when you use
them with the assumption
that they are unsafe if
you use them recklessly.
One is apt to come in
warm from a walk
into a restaurant with
tablecloths fluttering in
the breeze, with the in-
evitable (in my case) cold.
I thank you for
adopting my word

"Iragrracide" I notice your typist writes it Iragrracide which spoils it.

I always look back with keen interest to the long interview I had with you when I was working for the Payne-Aldrich Bill and you against it.

Again thanking you and awaiting your reply, I remain

most sincerely yours
Charles Hazen
