

THE EMPORIA GAZETTE

May 21, 1938

Dear Ida;

Will and I are just catching up with ourselves, having really been away from Emporia most of the time since we returned. I ~~just~~ wanted to tell you how sorry we are that all that rushing about from New Haven, ^{to} Pennsylvania, to Washington, to New York, played such havoc with our time that we hardly saw New York at all. We are hoping to see you in the fall.

You looked so well and so like yourself that the brief glimpses we had of you were a

great comfort to us. Would you
mind dropping us a note and telling
us how John Finley really is? Will
saw Mrs. Finley for a minute and
learned about the expected opera-
tion, but we haven't had any later
information. We both send our love
and we hope you are well and happy
and lovely.

Sincerely,

Sarah L. White
