My dear Miss Tarbell:-

I have read with great interest what was printed lately in the Kansas City Times about your life work and your conviction of every mans first and last duty to expose injustice. In your activity of many decades you certainly have formed your own opinion about many things, especially the monoplolies which exists solely thru their fear and scare tactic and fraud thru which their non-founded prestige is maintained. The WORST ENEMY of our fine Constitution of the Land, so said about 10 years ago a well known public servant, is the lobbyist who have the law makers make laws to suit their selfish interests. The worst of these lobyists is the A.M.A. (American Medical Society and its members, adherers, advancers and branches), which actually control, contrary to the wording and spirit of our famous Constitution of this FREE Country of Liberty, every public office, incl. the courts. Yet, what is MEDICINE from a practical and truly science point of view under the irrevocable laws of NATURE ? Not, what is claimed, but just the contrary. The medical specialists, die of the same so-called diseases, in which they specialize under fraud and deceit; they can neither help themselves nor their nearest and dearest ones. See,what lately happened to the two Mayo brothers ? To so many others ?

Whenever a true man thru intensive study and own life long suffering - brought on thru false education and medical treatments,etc.- develops something better than is known to the public, something that really is a boon to suffering man and beasts, but not desired by the unlawful medical trade union (known as the A.M.A) , he forthwith is persecuted, hounted, blackballed by same and finally imprisoned and lawlessly stamped insane and incompetent, without the by our Constitution vouchesafed:
" due process of law before a jury of his peers,etc."
if such procedure is not the worst INJUSTICE known, I have nothing more to say. Here is briefly my story:

My life (I was born Feb.22.1899 in Wesel/Rhine/Germany,that means, I am above 60) was made miserable in early youth thru the pseudo-science MEDICINE and its practicants; I became blind and went under operations for nine months; got my eyesight back but was a weakling, steadily suffering and gradually going from bad to worse; made a diabetic at the age of 19 thru Iodine poisoning and stood the tortures resulting thereof; gradually going into heavy ulceration of stomach,etc. and finally into carcinoma; thus I was given up as hopelessly incurable early in 1922. However, my inborn desire to strive for truth and to understand nature,etc. had showed me something of better value; I had used it ever since 1900 very sucessfully in my industrial engineering activity, and decided to use it on my own body. Thus I developed upon an entirely new philosophy about Life on Earth and health etc. what is made known by me as :" Oxygen-Therapy-Blass ",based upon my findings as first man in the hystory of the world, that : " Oxydation is the scource of all Life on earth; impaired oxidation is the cause of all unhealth, and, hence re-inforced oxidation within the unhealthy body is the only, most natural way to recovery." This my own body and many thousands of my followers have steadily verified. It was then on about Sept.12.1938,that means fully 6½ years after I first had made it known, that from the Scientist Congress at Glasgow, England came the newest findings over the radio: Sciencitists found the true scource of Life: Oxidation. But, never has anyone proven since 1922, as I have done it, that there was in existence a uniform method, as mine is, to eliminate and to prevent without the use of any poison, operation,and all the other palliative or stimulative treatments usually employed, unhealth in all its form known, incl. the socalled incurable ones.

I have continously offered this method ever since 1922 when I successfully rid my dieing body of the wrongly called INCURABLE ailments, for umbiased public demonstrartions as I can prove to the copies of the many hundreds of letters, to each Governor in each State, as well as to the various public officials at Washington. D.C. mailed as registered with return receipt, but instead of being heard, I was persecuted, prosecuted under made-up- charges, jailed and without any due process,shanghaied " a very sane and competent U.S.A.Citizen since Jan 1922 " as very dangerously criminal insane and incompetent when F.D.Rooesevelt was Governor in N.Y.State to that murder dungeon at Matteawan,N.Y. where I was lawlessly held under perjury, fraud contrary to law and justice by my medical enemies, who steadily health-wrecked me so that they notified my family, I would not have to live very long anymore. My family went thru Hell, so did I. They tried to get me free, but fell always victims of jewish lawyers who were in with my enemies. I tried myself, to obtain a Jury hearing in an unbiased court thru a Writ of Habeas Corpus, such as is vouchésafed not only thru the U.S. but also the N.Y.State Constitution. I NEVER got a constitutional vouchesafed hearing; at least 22 Judges own me, as per law $1000.-- or above $22000.00 have the judges forfitted because they failed to honor my rightful requests for such writs, as per wording of the law(Sometimes I addressed my petition to a court of seven judges, hence all seven forfitted each $1000.00 to me, for not granting the requested writ). I as per legal counting was thus held lawlessly from Feb.23.1932 to April 25th 1936, and, as I found out last year, am still considered a dangerous insane incompetent man and can not even collect disability benefits on my insurance policy.

My dear wife, to whom I loyally stuck for more than 42 years, and with whom I was happely maried for nearly34 years, became thru our fate hopelessly melancholic depressed, went with me, April 25th 1936 to Germany but when the two years of our pass limit were up and I personally went to the U.S. Consul General, committed suicide, for she had set into her mind NEVER more to return to this country of Injustice and hypocrice as we have, sorry to say, experienced it.

There is so much stirred up lately by jewish money about UN*AMERICANISM, but it were in my case chiefly the JEWS who committed un-american lawlessness; who control the public offices within the City, County and State of New York to suit VESTED INTEREST or the almighty Dollar.

I have, placed my method thru patent application with the U.S.Patent Office, but, contrary to the laws which governs or should govern the Patent Office, patent was denied me, not because anything alike was made ever known or was in use, but because:" the Patent office dared to claim: my method could not be utilized." But, I had submitted with my protest 34 affidavits in Original, showing the great benefit arrived by followers of the various types of so-called incurable diseases, when doctors had given up all hope,and, I had offered to come at the expenses of the Patent Office who had the burden of proof in this case as the law term is, to Washington,D.C. or any place, to publicly demonstrate the fine useability of my new, unique but universal method to PREVENT and to ELIMINATE disease in all its form known.

A few weeks ago, a medico of well standing, born about 1870, visited me to talk with me. He wrote and told me, that six weeks prior, he was laid up hopelessly dieing of carcinoma, in pain continoously for about 5 months, but saved thru my method,of cancer within three weeks of its use, while the pain left him within less than 20 hours. You know about the Mrs.Millbank Cancer fund. It really should have become mine, when I, upon urgend requests of many of my followers applied for it, and offered public demonstration; but what did the medical trade union, fraudulently against the last will and wish of Mrs.Millbank? My correspondence tells it.

I really would like to talk with you if possible, to have you read my statements, testimonials, talk to my followers, for I must judge from what was printed, that just you would be eagerly willing to come to my rescue, to the resuce of suffering humanity. Please let me hear of you soon.

Very sincerely yours, F.M.Eugene Blass.
