My dear Mr. Jones:

Thanks so much for your note of the 26th about Miss Tarbell's biography. As a matter of fact I haven't read the book myself, so I am particularly glad to know that you, as an old G.E. man, find it good. I am taking the liberty of sending your letter along to Miss Tarbell because I know she will be interested in what you say of it.

Very truly yours,
