

B.B.

January 26, 1927.

Mr. F. H. Newell,
The Research Service,
706 Otis Building,
Washington, D.C.

My dear Mr. Newell:

Major Powell's "Lands of the Arid Region" has arrived. Thank you heartily for the trouble you have taken. There is no hurry for your Irrigation Report of 1890. If you find an extra copy I shall be most glad to have it. I wrote the Census Bureau but they cannot supply me.

I will send both that and the Powell Report back as soon as I have made my notes from them.

It will always be a pleasure to have a talk with you when you come to New York.

Sincerely yours,

IMT BWK.
