The Coit-Neilson Lyceum Bureau,
Pittsburgh, Pa.

My dear Mr. Neilson:

I have telegraphed you today that I cannot accept any further engagements for November and December. I have been called to Washington by the President for the Unemployment Conference and I am also under contract to spend November, December and January in Washington at the Disarmament Conference.

If you can fit the Hamilton, Pa. engagement and also the one that you wrote me about the other day, into the period that I have given the Coit-Alber people, that is, from February 16 on, of course that is all right, but I cannot take on any engagements for the fall. I am sorry.

Very sincerely yours,
