

What is it - li Boss
work to be done - various classes of
operation of π of operation -
must know it - relation to whole -
keep in step with whole -
know each part in - able to
perform - know machine - process
superior - guide to see error -
must be correct see one who
makes error - way of doing
this - girls will take correction
from man then they will col-
lapse woman - ~~but~~ this - reason
unpleasant - all women are potential
rivals for a man - looks social
position - vicarious - favor of su-
perior - little rivalry between
man & woman for man in an-
terior for position - girls

accept - man - the the custom -
critical & surprise of woman's
kindred! "What did she know
of a machine", of both -
woman derel. kindred. It said
"this business" - i.e. the habit
of color influence the
oil in the attitude towards
the woman person - disturb
the spirit - "What a man
to fix the machine -
Society - the same exists -
ment -

All this makes the case of a success-
ful for lady something special. How
she got around the feminine
inclination & the machine say.
must - leave free - last -
meddler - none difficult! Man
man - I accepted - she excelled.
Mrs Elizabeth May - now head of
a heavy work at E. H. - a

3
type - came to J. C. - then ?
3 yrs ago - only a little party
off in a perfect - made in
"dinner table in wet weather"
I asked her if she had a
purpose at - still - "yes. I made
up my mind to go the time"
(she the Miss Dallen) many
thirty purposes in making
heavy supper. She never objected
to, saying a machine - pulled
single the force - wanted to be
able to do anything in room -
learned about machine.
I knew that was the matter -
didn't expect to be any ma-
chine. I help on for - so
old you came here May night -
pull down the window for the
day but she was nursing
the nurse - Finally for many
hours down - must for a rest. She

4
has naturally asked to take
my place - happened 3 times
finally she had won it -
she kept it - nearly 30 yrs now.
has from 3 4-400 miles most
of them men - 30 4-40 operators
has been out 1 month in 3 yrs.
that was wheel - the war
did it - made her feel
she needed rest - has 2 weeks

vacation -
turn out 10 50 ^{9 day} ₁₂ ^{up} _{per} ^{day}
12, 400

She is medicine buyer - real -
hair buy - all keep their hair
at - 2. 1/2 - - Marcelled &
spread in a big pad when
is slightly away - no pins -
they have the hair man up,
nephew - car rings - maddy

face, so far as health con-
cerned nothing to be desired
rich - decent - well-fed -
no white. little work -
could be more & come &
etc. but when a baby is
serving - ask advice about
feeding with milk - "Mama-
el" - "milk" - can no more
suckle - "Mama" against
become sick a woman.
often let them suckle
milk for anybody else -
some of them boys under
her - easier to handle than
girls - girls need correc-
tion - milk must come up
to standard & she spurs no
one. Always calls attention
kindly - correct - which
at first - but if girl is

4
sulky. Late with her - get-
al - reason - something really
if she careless & obstinate
& don't correct - saved her -
must have it - must be for
get - al - number - all the time
something -

Like her number -- medical
learn.

Mr May - natural one -
Margaret - Talm had to be
made - in story.

liked her machine asked
her to "go on firm" - didn't.
want to ~~that~~ she had pulled
up some machines - to be
helpful. & later it = much
persuasion - thought she'd lose
money - feared she couldn't
make - had a way with
her - frank - open faced -

Simple kind-hearted - Got on
with men as well as girls -
involved for them -
Case in hand - Wife died -
Hank with the posse -
sister on kindness - Michael -
Gern to Agnes Driscoll for
General -
Familiari - must keep a
bit over hard place - pay
more attention to her what
she's all right & girl next Ma-
dame don't ask keep - think
him neglecting her.

Some girls seek attention - ask
questions

Get to learn their ways -
Mother - come.
Held girl - watching her - now
her husband has been
will talk to her - Mother to
