My dear Miss Tarbell,--

I enclose a manuscript which, I trust, will answer your questions in regard to the smelting of copper in this city. My source of authority has been Mr. R. Brent Keyser, of this city, the president of the Baltimore Copper Smelting and Rolling Company, the largest company of its kind in the world.

It has been with a great deal of trouble and difficulty that I have collected the information which I am sending to you and I believe that \$15 would be a fair price for it.

Very sincerely yours,

Edmund W. Morse.
