

My dear Miss Tarbell,

at a meeting of the Board
of the Housekeeping Center, Amn
yesterday, it was decided to
undertake a new kind of
work for the coming summer.

It occurred to me that
it could not fail to interest
you and your Colony Club con-
stituents.

So I asked Miss Kettledge,
whom you know, if she would
show her four plants to you
and Miss Morgan and me
if you could spare an afternoon
for looking at them in
operation. She is tender and ^{superf.}
Miss Kettledge and I
have town a week from to-day.

But between now and then,
she will hint her ~~conscience~~
to yours if you will go.

Will you telephone me,
please, (6460 Gamery) whether
you will read, if so, when?
I assure you, it is highly
interesting material

Yours sincerely
Florence Kelley
