Dear Miss Williams:

Next to having you down at the Pen & Brush as a member is having you write so cordial a letter.

Believe me I do very much want to have your influence on the Writers Section but I understand perfectly how with your obligations at Hunters College it is practically impossible. So let me say - perhaps another time. And thank you for your letter.

You could not have been so sorry at Hunters as I was that I had to cancel my engagement to speak at Commencement, sorry and humiliated. But it was out of the question. I was flat on my back - no strength - and it has been slow in coming back. Bronchitis is no joke I find.

I hope your own attack of "flu" is over.

Cordially yours
