My dear Miss Tarbell,

As you will see
the enclosed was addressed
to the chairman of the
Woman's Committee. It
seemed to me that such a
letter should be acknowledged
by one of the officers of the
former Committee and as
I am sending it to you
as our vice chairman I
have written to the clerk room
that I am asking you to
acknowledge it.

The Vodan Sisters may be individuals ~~and~~ ^{or} ~~is~~ ^{are} making this gift to the Woman's Committee or the name may represent an organization of American women. In the latter case I wish we might find a fitting repository for the flag. I have asked Mr. Clarkson whether some one in the Council could find out who the Vodan Sisters are and advise you.

I have not heard whether the "Study" by

Mrs. Blair has come from the press. The proofs were to be sent to her and I have just written to ask whether she has ever received them.

The last of the work I shall leave Pittsburgh for the Pacific coast to be gone about three months. I regret the "Study" was not distributed earlier.

With all good wishes,

Sincerely yours
Hannah J. T. Carson

Regret delay in mailing this. I found I had not your address and

have just now received it.
Mr. Clanton would like the
Vodan letter returned for the
file & fancy. H. J. T.
