Miss Ida M. Tarbell,  
120 East Nineteenth Street,  
New York City.

My dear Miss Tarbell:

It's good to hear from you again, and I am sorry to hear that you have been laid up with the grippe.

Will get some information together about the farming activities of our employes, as well as our other garden work, and send it to you shortly.

With the prevailing high rentals in town many of our employes have moved to the country and use automobiles to go to and from work. In fact, the taking care of these automobiles on our plant property, particularly in congested districts, is one of our difficult problems. I will, however, try to send you shortly more and specific information in this connection.

With many thanks for your good wishes and with my very best wishes to you for a happy and prosperous New Year, I remain

Very sincerely yours,

*C. L. Close*  
Manager.
