Mr. S. J. Barco
Bay Bisayne Building
Miami, Fla.

My dear Mr. Barco:

Thank you for your letter of September 8. I am glad if my article in Collier's seemed sound to you. And am very much pleased, of course that you think it worth while distributing in Dade County.

I called up the circulation department of Collier's, telling them I should be glad if they would give you the necessary permission. They seemed to think it would be all right. The only requisite, I believe, is that you put in a line saying "Reprinted by courtesy of Collier's Weekly from their issue of September 15th" - or something of that kind.

With best wishes for the success of your effort to hold Dade County,

Sincerely yours
