Miss Lda M. Tarbell-

Dear Miss Tarbell-

Did I not feel sure that
the past years had taught
you to be charitable, forgiving
and to kindly over look
faults, I would not dare to
address you again, after
receiving your very kind letter, of
nearly a year ago. - and still
more lovely. Your Photo.

his 'hobby' is collecting Lincoln books and I was pleased to find he has some of your books in his collection.

On my way West I stopped in Buffalo to visit, an old Wathburg Girl, Carrie Terry W. Darnell. She told me that her Brother Frank, was, at one time, a good friend of one of your Brothers.

We then took a trip to Wathburg. How much it has changed since we were young. Carrie Patterson Austin is the only one left of the school girls and she is in delicate health. She remembers

Believe me when I tell you I
was delighted with both.

I now beg your pardon, - and
will go on.

Let me tell you about your
letter and Photo. I have two
Grandsons. 14 & 12 - One will get
your letter and the other one
your Photo. They both have your
autograph and the Boys are so
delighted that they are to have
these. You see your name will
live long in the French Family.

I left New Jersey last Summer
and am spending this year
with my son Paul. by the way

well. your visits to Wattsburg. This
letter is getting too long. I must close.
I am a little ashamed to send you
this "snap-shot" of myself. But it is
the only late picture I have. It
was taken a year ago I look much
older than the picture. Pardon this
"personal mention". But I do not dye
my hair. It just won't get white.
Though next week I will reach
the 16th milestone—

I trust you are well and
are enjoying the reward of your
busy, well spent life.

God Bless you.

Affectionately

Della Page French.
