The Curator
Whaling Museum
Nantucket, Mass.

Dear Sir:

I am attempting to gather for a volume which I have on hand information about museums covering special industries. I should like to note the Whaling Museum of Nantucket. Have you a printed report which you could let me have? If not, can you give me a brief account of the interesting physical survivals of the industries in your institution?

Thanking you in advance for your help, believe me

Very truly yours
