564 Woodbine Ave.
Warren, Ohio

Dear Mrs. Rudolph:

Thank you for these interesting notes,
copied from Harriet Marine's report to you.

All this material makes me more and more eager to join
you in working out the Hanks genealogy, though it is quite im-
possible for me to do anything more than to read eagerly what you
send me and file it away. It is you and Mr. Ewing who will solve
this thing finally, I think. All good wishes to you.

Sincerely yours
