That you may get the best use from this **ROBINSON REMINDER**, we want to emphasize the fact that the Memorandum Pad is not intended to be used for permanent records. It is intended only for jotting down memorandums as thoughts come to one's mind.

Each slip should be torn out as soon as the matter has been attended to, so that only live memorandums will remain on the pad. Single slips can be torn out on any page at any time without interfering with other notes.

When tearing out a coupon hold down firmly the adjoining coupon, and pull away from the binding. This will avoid ragged edges.
