My dear Miss Tarbell:-

There will be a meeting
of the Advisory Committee appointed by Mr.
Hoover to consider the questions of Home Con-
servation on April 29th and 30th.

I hope it will be en-
tirely possible for you to be present at this
meeting on these dates. There are various
questions to be discussed which I believe will
be of much interest.

The first session will
be held at the Food Administration Building,
Washington, at Ten O'Clock, April 29th.

May I hear from you as

Yours very sincerely,
