Mr. Alfred C. Howell
524 Fifth Avenue
New York City

Dear Mr. Howell:

Thank you for letting me see
Colonel Kolb's letter. It would be an amusing
little study to find out just what has become
of the money of the Presidents. I think I agree
that "Cal" did save his.

Did you ever know a President, and his
wife and daughter-in-law for that matter, to
cash in so promptly on their experience?

I hope, dear Mr. Howell, that you are
going to have a very Merry Christmas and a Happy
New Year. When we are settled down after the
Holidays I hope to have a good Lincoln talk with
you again.

Sincerely yours
