### SATISFACTION

It is our aim to have every transaction prove entirely satisfactory—that is a guarantee that goes with every sale.

If you have ever had a transaction that was not satisfactory, you have not received all the price you paid entitled you to.

There's still something coming to you—satisfaction—and we would thank you to address the management if necessary, who will personally see that you secure what it is the intention of this store that you should secure with every transaction.

**Q** Of all men living at age forty-five, recent statistics show that 80% are more or less successful in business, laying up money, and therefore independent.

Taking these same men twenty years later, at age 65, this is what you find: 50% per cent are dead. *Of those living but 30% are independent and self-sustaining.* In other words,

*97 out of every 100 at age of 65 are partially or wholly dependent on relatives, friends, or the public for their daily subsistence.*

Have you provided for your old age?

Life insurance has become in our day one of the best recognized forms of investment and self-compelled saving.
