

THE CAMPUS

OF ALLEGHENY COLLEGE

VOL. XLIX, NO. 5.

MEADVILLE, PENNSYLVANIA

OCTOBER 22, 1930.

NEW PUBLICITY PLAN ADOPTED BY COLLEGE

PI DELTA EPSILON MEMBERS
HELP INAUGURATE THE
NEW PROJECT

At a recent meeting of Pi Delta Epsilon, national honorary journalistic fraternity, it was formally decided to back a newspaper publicity campaign pertaining to Allegheny College in general and Allegheny students in particular. This publicity campaign is a part of the plan which is being sponsored by the college to place the school before the eyes and ears of the general public, as well as to provide individual student achievement publicity for the respective home town newspapers. So far, most of the advertising has been by radio broadcasts, musical organization concerts, etc., but the plan has been extended to include this newspaper advertising of events and achievements on or about the college campus.

Pi Delta Epsilon will be held responsible for the writing and mailing of all local items of interest to the various newspapers of this section. Each item to be released for publication will first be approved or rejected by Miss French before it is forwarded to the newspaper, thus the approval of the college will be assured to the publishing editor. Geographical sections of the district are to be assigned to the members of the organization, and each contributor will be responsible for reporting achievements of the students living within the territory assigned to him. To facilitate this work the results of class elections, fraternity pledging, honors, etc., should be reported as soon as possible after such event has taken place, and advance material should be submitted whenever such procedure is possible.

Such a publicity plan has been carried on extensively in other schools, and from reports has proven quite successful. If the plan is successful at Allegheny after a year's trial, it will no doubt become a permanent policy of the college.

Order of Worship Is Adopted for Chapel Services for Year

For some time the college chapel committee has been unsatisfied with the method of worship in the chapel services and with the responsive reading in the hymnals. Two editions of the hymnals are in use at the present time and the responsive readings are different in each edition. To meet this need there has been added to the front part of the hymnal a standard program for opening the chapel services, so that the worship may be both devotional and dignified. This program was used for the first time on Monday. Following the chapel service Dr. Ross expressed his appreciation at the co-operation shown by the student body in following it.

Dr. Swartley, the speaker of the morning, delivered an address on "Religious Beliefs and Practices". In the course of his speech he stated that the diversity of opinion and belief about the interpretation of the Bible was astonishing, there being about two hundred and fifteen divisions of the Christian church with each division following a different interpretation of the Bible. However, the agreement in the practice of Christian living is almost universal. When we are living in an organized society it is impossible for everyone to have a different moral creed because of the effect upon our neighbors. This common feeling is very important in the field of business where executives trust their competitors not to use unfair practices. The emphasis, Dr. Swartley concluded, is not placed upon what we believe but upon how we live and upon our relations with fellowmen.

KALDRON EDITOR SUBMITS SCHEDULE FOR THE WEEK

Work on the 1931 edition of the Kaldron is progressing nicely, according to the editor, John Gregory. Much of the work on the fraternity, class, and organizations sections has been completed as far as possible, but further work on those particular sections will be held up until all of the students have had their pictures taken and approved for insertion. It is for this reason that the editor requests each student to have his or her picture taken during the week assigned to the group with which each is affiliated. This week Alpha Chi Rho, Sigma Alpha Epsilon, Theta Upsilon, and Alpha Gamma Delta fraternities are scheduled to appear at Wetherby's studio for sittings. The schedule for the week of October 27 (next week) is announced as follows: Phi Delta Theta, Delta Tau Delta, Alpha Chi Omega, and Kappa Kappa Gamma.

"A Night In an Inn" To Be Presented on Homecoming A. M.

The Student Playshop has combined with all the other organizations to help make Homecoming a memorable day. Their contribution is in the form of a one act play entitled, "A Night In an Inn," by Lord Dunsany. This short but gripping tragedy rivals in intensity the "Valiant", which was presented last year.

The first presentation will be given at 11 o'clock A. M. on Homecoming Day, Nov. 1st. Tickets may be secured gratis by returning alumni at the Alumni office from Miss Mina French. A second presentation of the play will take place at the Little Theatre on Monday night at 8:30 for the students. Admission will be by ticket for which there will be no charge. The box office will open Friday, Oct. 31st in Arter Hall. The only effort to be made, therefore, to attend the play will be that one secure his ticket from the box office. A third presentation of the play has been arranged for the Women's Club of Meadville in the near future.

The play is progressing rapidly under the able direction of Miss Spalding. The cast which is giving it a great deal of time and effort consists of:

A. E. Scott-Fortesque (The Toff), a dilapidated gentleman—John Walton.
William Jones (Billy), Albert Thomas, Jacob Smith (Sniggers), merchant sailors—Will Roos, Bramer Carlson, Robert Bugbee.

First Priest of Klesh—Paul Blair.
Second Priest of Klesh—Charles Stanton.

Third Priest of Klesh—Ralph Grimm.
Klesh—Thomas Mansell.

To all of those who have followed the work of the Student Playshop this play will have a real appeal. No effort is being spared to make it a real success. Mr. Boetcher is handling the lighting and scenery, and many can remember the fine work he did for "Dear Brutus". He is being assisted by Miss Spalding's play production class which is working hard under the supervision of Mr. Boetcher.

To say anything about the play would be to give it away, and such an effort would probably spoil the performance for many of the audience; so it will be left up to the audience to be the judge. It was a play that was to be given last year, but due to the interference of "Much Ado About Nothing", gave way in its favor. The play is used a great deal throughout the country by amateur producers, but that does not signify that it does not demand real talent and fine acting. If enough interest is shown the Playshop members will be glad to arrange a fourth presentation, as they desire greatly to serve the wishes of the College and of the student body.

SIPLE WRITES BOOK ON ANTARCTICA LIFE

PICTURES AND SKETCHES OF
POLAR REGION WILL BE
INCLUDED

Favorably reviewed by several leading critics and passed upon by the leader of the recent south-polar expedition, "A Boy Scout with Byrd", by Paul A. Siple of this year's Sophomore class, goes to press in about two months. Although the book is now practically complete, the publishers, Putnam & Sons, are holding it until the first of the year on account of contracts.

Before the sailing of Byrd's party each member agreed not to write any book about the Antarctic trip for at least two years, but the Commander has permitted Siple to waive this restriction that the nation's boys might hear the story from the participant nearest their own interests. Consequently, save for the Admiral's own book and certain scientific material, "A Boy Scout with Byrd" is the only first-hand testimony concerning the expedition now in book form.

The author has considered the work of the party solely from his own point of view. Thus special emphasis falls upon nature study and care of the sled-dogs, and the field otherwise narrows exclusively to what the Erie scout saw and heard and did during the long months in Antarctica. Events are organized chronologically, with both beginning and end placed in New York City, the home port of the voyage.

Although the volume has been approved in its present form, Siple is now busy ironing out a few slight wrinkles before submitting a final draft. He hopes to secure a preface for his publication from Admiral Byrd himself. James E. West, Chief Scout Executive, has provided an appendix explaining how the Boy Scout representative was selected. In addition, the author has included by way of illustration several of his own sketches and also a number of photographs.

'GATORS DEFEAT LUTHERANS AT THIEL BY CLOSE SCORE, 6-0

Allegheny Puts up Hard but Safe Fight; Score Shatters
Old Jinx of Tie Combats.

Fighting all the way to match an equal fight of a determined opponent, Allegheny broke a two-year tie by defeating Thiel last Saturday 6-0.

The game, billed as a tough scrap, certainly lived up to its advance. Practically the whole game was fought inside of the twenty-yard lines. All of Thiel's advances were stopped well into mid field, and Allegheny was able to fight into dangerous territory but three times. Both teams played safe football throughout most of the game, Allegheny especially relying on straight football entirely after the touchdown in the second quarter.

It took some time for Allegheny's line to "get going", but after they did, their work was entirely commendable. In the backfield Captain Garbark truly led his team with remarkable skill both on offensive and defensive. Anderson's punting was a great factor in keeping the Lutherans out of dangerous territory, and he added much yardage in running and passing. Varano's ferocious tackling and Balser's great work in stopping wide runs were salient features in the Allegheny's defense mechanism. Berger, of course, proved himself a hero when in the few minutes he was in the game, his first of the season, he led the attack that carried Allegheny thirty-eight yards down the field to the ten-yard line, and then went through a hole in the line, dodged the secondary interference, and took the ball over for the only touchdown of the game. Wardle was the great star for the Lutherans. The diminutive quarter's headwork as well as his fleet running and long passing proved him a football player of high calibre as well as the determining factor in keeping Thiel in the running. Hammering left guard and tackle, Wardle

managed, with the aid of a five yard penalty, to make a first down. He went for five yards through a hole in left tackle, but was stopped at the same place in the next play for no gain. Clarke picked up two yards at left end, and Thiel punted to the Allegheny thirty-five.

Allegheny tried two runs without success, and Anderson lifted a 45-yard punt, which Wardle ran back to the Thiel 30. Thiel opened big holes in both sides of Allegheny's line for gains of eight yards, then three more and a first down, four more at right tackle, and two plays at center made another first. The line held for two plays, and Thiel got off a short punt to Allegheny's 30 yard line. Anderson immediately lifted a long punt out of bounds on Thiel's 20. So far Thiel had shown a great advantage in scrimmage, but Anderson's long punts placed the ball farther back in Thiel territory than it was after a kickoff.

Allegheny's first break came at this point, when a fumble was recovered on Thiel's 23 yard-line. Garbark was held for no gain at left end, a pass, Anderson to Balser was good, but Allegheny was penalized fifteen yards for holding. Another pass was incomplete, but a third, Anderson to Garbark, placed the ball on the 28, five yards short of a first down, and the ball was Thiel's. Nick Varano stopped Thiel's first offering for a three-yard loss. Boylan did some remarkable tackling to stop the next two, and the quarter ended with an exchange of punts which ended with the ball in Thiel's possession on its own 36 yard line.

In the second quarter Allegheny no longer had the advantage of the stiff wind which had carried Anderson's (Continued on page 4).

ALUMNI OFFICE SECRETARY REVIEWS HOMECOMING PLANS

There are ever so many reasons why all folks who ever attended Allegheny College should plan to visit the old school again on November 1. First, it is the day set apart for Homecoming Day, the one time in the college year when a very special effort is made to have all graduates and non-graduates get together at their college home. It really is a family reunion, "when children come home to receive the blessings of Alma Mater and to bring to her expressions of loyalty and good will and happiness and encouragement".

Another good reason is that there are always so many old friends to be seen then who aren't seen at any other time. Then there are the new friends to meet—the husbands and wives of classmates, and the new fraternity brothers and sisters. And the faculty—don't forget to hunt up the professors and say "hello". They do remember names exceedingly well, and they'll be glad to see you. Come home, first because of the place, and secondly because of the people.

And then there are the entertainment features of Homecoming Day, arranged especially for the pleasure of returning alumni and their friends. The Little Theatre program at 11 o'clock on Saturday morning is the first scheduled event. In another column of this paper there is a special write-up about the play to be given. Any play produced in the Little Theatre under Miss Spalding's direction is worth coming miles to see. The Honorable Frank P. Miller, Class of 1907, (not '97, as in last week's Campus!) will give a short address of welcome. The Men's Glee Club will sing.

Tickets for this Little Theatre program are now at the Alumni Office and may be had for the asking. These tickets are general admission passes only. Any seat in the Little Theatre is good, and the only reason tickets are being issued at all is to guarantee a seat to those who care to make sure beforehand that they will have a place to sit down during the program. It would be positively a shame to have a vacant seat in the Little Theatre at 11:00 o'clock on Saturday morning. The program should last but an hour, to give ample time for guests to make their way to Cochran Hall for the next feature of the day.

The luncheon at noon serves well a double purpose—it is a place to appease one's hunger, and to meet friends. And another thing, the College Guest Book will be in Cochran Hall lobby, and all who attend the luncheon are asked (not compelled)

to write their names in it. Ten years from now it will give you a real thrill to leaf through the pages of this Guest Book and find that on November 1, 1930, you attended the Homecoming luncheon. Meadville alumni and members of the faculty will be in Cochran to welcome you and to see that you have enough to eat. It is not necessary to secure tickets for this meal, but all alumni are urged to comply with the request of the Alumni Office to inform the College as to whether they expect to attend the luncheon. There will be plenty of food for everybody, but it does make it much easier for those in charge if they have an idea beforehand of how many to expect. The service will be cafeteria style. The time is 12:15. Please be prompt!

Then of course the football game with the Crimson team of Grove City is THE big event of the day. All announcements in connection with Homecoming have been to the effect that the game would start at 2:30. CORRECTION: This game will start at 2:00 p. m. Kindly pass this word along to those who you know are expecting to drive and arrive in Meadville just in time for the game. Bring cushions and blankets and fur coats and cough drops—we just can't guarantee what the weather will be! Plenty of pep in the cheering section will help win the game for Allegheny.

At six in the evening there will be opportunity for visiting in smaller groups. The fraternities and sororities have been asked to cooperate in every way possible in the entertainment of Allegheny's guests on Homecoming Day. They are to take care of their own arrangements and announcements about such.

The Homecoming Dance at 8:45 will wind up the day, in the Gymnasium, with Kress' Olympians furnishing the music. Everybody knows they are GOOD, and the admission price of \$1.50 per couple oughtn't to keep any dancers away.

With all these good things to attract Alleghenians, and with the new tennis courts to be inspected, and the new furniture in Hullings Hall "green parlors", and the less than a year old radio in Hullings living room, and Arter and Caffisch Halls only a year old, and new bracket-lamps in the Campus driveway, and the radio studio on third floor of Bentley, and work on the new addition to Reis Library well under way, and standing as a Campus Sentinel, Old Bentley with its newly painted white columns—what Alleghenian doesn't feel the urge to visit the old school on November 1? There should be a record crowd.

Work Is Progressing Nicely on Addition To Library Building

Rapid progress has been made on the construction of the enlargement of Reis Library. The workmen have been aided greatly by the favorable weather conditions which have thus far been ideal for the excavating.

Some difficulty was met when the laborers began to excavate beneath the present stacks due to the hardness of the dry soil. This tedious work of scooping out the earth is now completed, marking the consummation of all necessary excavating. Therefore, when the annexation to the library is completed the basement will practically be twice the size of the present storerooms beneath the first floor. Over half of the concrete footings and side wall foundations have been laid and a filler of gravel placed about the outside of these to gain adequate drainage for the new addition. Already the plumbers have installed the preliminary water and steam fittings in order to eliminate any probable delays in the work.

Within the library there has been considerable work accomplished in moving the many books to other places for storage in order that the actual building processes may not be hindered. In addition to the twenty thousand volumes which were moved in June to be stored in Arter Hall, large numbers of volumes have also been shifted to other convenient places of storage. Carefully boxed documents have been placed in various out of the way positions in the basement. Numerous books which might be needed for reference have been stored in accessible places in the seminar rooms on the second floor. All this work of transferring the texts is being commendably carried on with the least possible commotion.

There is considerably more shifting to be done in the near future to accommodate the steady increase of volumes to the library. The departments of the college are completing lists of books which are about to be purchased through the aid of the Carnegie Fund and soon these additions, as well as the regularly ordered volumes, will arrive, necessitating still greater accommodations.

PLAYSHOP TO PRESENT "THE TORCH-BEARERS"

POPULAR THREE-ACT PLAY TO
BE STAGED IN LITTLE
THEATRE, NOV. 20

For the first major production to be given at the Student Playshop a play written by George Kelly entitled "The Torch-bearers" has been selected. This play is to be presented twice in the Playshop Theatre; once on Thursday, November 20, and again on Saturday night, November 22.

George Kelly's reputation as one of the country's best known playwrights has been well earned by the success that his other plays have found in New York as well as "on the road". Among his most widely known plays are "The Showoff", and a work which won the Pulitzer Prize for the best play of the year, "Craig's Wife". His latest play which is not so well known, but which is meeting with great success at the present time, is "Behold the Bridegroom".

"The Torch-bearers" is a most amusing farce written in George Kelly's inimitable satirical style. The comedy of the play is its outstanding point and the satirical method by which it is brought in will undoubtedly make this production one of the most humorous shows that has ever been presented at Allegheny.

Although a cast has been working in preparation for presenting the play, there has been no certain group of characters definitely decided upon. It is thought that no changes will be necessary in the present cast but in order that no mistake will be made the announcement of the students who are to take part in the play is being withheld.

Lord Dunsany's "A Night In an Inn" is to be given as the curtain raiser at the Playshop, but this play is of only one-act, so that "The Torch-bearers" will be the first big production of Allegheny's dramatic season. Although there will be no charge for the tickets to the one-act play it is thought that the regular Playshop price of one dollar will be asked for "The Torch-bearers".

VOLLEY BALL PRACTICE FOR FACULTY TOMORROW

Coach Way announces that several members of the faculty have shown a decided interest in volley ball this year. The gymnasium will be available for practice to members of the faculty tomorrow (Thursday) evening at 7:00 o'clock.

ALLEGHENY DEBATERS PLAN ACTIVE SEASON

BOTH MEN'S AND WOMEN'S
TEAMS ALREADY SCHEDULED
FOR DEBATES

Within a few weeks Allegheny's intercollegiate debating schedule will be completed. To date, the men are scheduled for one dual and one triangular debate, and the women have booked two dual debates. The debaters will also broadcast at bi-weekly intervals beginning November 8 with a debate between Donald Knapp and Howard Plate on last year's question as to whether or not all high school graduates should go to college. The next broadcast, November 17, will be turned over to two of the members of the women's debating class.

The height of the men's season occurs March 12, when the Allegheny negative team will debate Wooster at Wooster, and the Oberlin negative team will meet our affirmative team here in the annual triangular meet arranged between Wooster, Oberlin and Allegheny Colleges. The women's intercollegiate schedule so far consists of a debate with Ohio Wesleyan here on March 19, and a debate with Wooster somewhere between Meadville and Wooster about a month later. At present, correspondence is being carried on to schedule several more debates. In addition to the radio broadcasting and intercollegiate debating a series of debates before various nearby service clubs and other organizations will be arranged. It is expected that a complete schedule will be announced very soon.

The question to be argued by the colleges in the Northern Ohio Conference is stated, "Resolved: That the states should adopt a system of compulsory unemployment insurance". However, this question may be altered. Any change made in the statement of this question will be made at the end of this week.

Mr. Anderson returned recently from a trip to Harrisburg where the Pennsylvania Intercollegiate Debating Conference held its meeting. As a result of this meeting the three following possible questions for debate were suggested: (1) "Resolved: That the nations should adopt a policy of free trade"; (2) "Resolved: That the emergence of women from the home should be deplored"; (3) "Resolved: That the states should enact laws providing for unemployment insurance".

Since the third question is very similar to that decided upon by the Ohio Conference, and since some of the schools from both states will be debating each other, it is very probable that some form of the third question will be accepted by both Conferences.

Plans Progressing for Interfraternity Dance in February

Plans for the first annual interfraternity dance are progressing very rapidly, and soon the committee hopes to be able to present something definite to the student body. Efforts are being made to secure the best possible orchestra which may be had for the occasion.

Since those in charge wish to have this party the biggest and best in the history of Allegheny College, suggestions of decorations and other necessary accessories are being solicited from all the students.

This dance is the outgrowth of the migratory party that was planned some weeks ago. These plans were cast aside in favor of this new movement as soon as the matter was brought up. The advantages of one large dance are obvious. Better music may be had; more spirit will be prevalent; and a new venture will have been tried by Allegheny.

The name of the orchestra and the place where the dance will be held will probably be announced in the very near future.

IMPORTANT TO ALUMNI

Please make it a point to call at the Alumni office on Home Coming Day to check up on your mailing address and matters of general record in that office. This is your last chance to make corrections in the Alumni Register.

Even if you are sure that your own records at the Alumni Office are accurate, stop in for a moment's chat. You may be able to give information about other Alleghenians for the Alumni Register.

The Alumni Office is in Bentley Hall, middle entrance, first door on the left. Mina French, Class of '27 is the Office Secretary.

The Campus

of Allegheny College
Established 1876

Entered as second-class matter, October 30, 1904, at the Postoffice at Meadville, Pa., under the Act of March 3, 1879.

The Campus is forwarded to all subscribers until an explicit order is received for its discontinuance, and all arrearages are paid according to law. Subscribers are requested to inform the manager of any change of address.

Subscriptions \$1.50 a year. Single copies 5 cents.

MUSIC AT ALLEGHENY

In addition to the innovation of the daily radio broadcasts, Allegheny has taken another definite step in the modernization of her activities through the expansion of her music.

When the department of music was created this semester, it was intended to provide the students with a knowledge and an appreciation of music and to stimulate interest in the men's and women's glee clubs. Now that the work has been in progress for several weeks, the students find on the campus a group of musical organizations that will rival any in the district. In addition to the two glee clubs there are the men's quartet, the women's quartet, a group called the Allegheny Singers, composed of four men and four women, the band under the direction of Mr. Luvaas, and a brass quartet, the plans for which have not been yet completed. Through the medium of these groups a great amount of enthusiasm and interest will be shown in music during the year.

In several years those in charge of the department hope to enter into contests clubs that will emerge from them with a great amount of honor and glory due the successful training. Better spirit will be possible at games because of a capable band. Through this work Allegheny will again be in the van of the modern schools.

A very great amount of credit is due to Mr. Luvaas and his assistants who have been working faithfully to further this end. So far their intense work has centered on the vocal part of the department. So successful have they been that all those who are interested in the development of the glee clubs are confident that the members will go a long way should they enter into competition this year. Regular practices have been instituted to provide for a more systematic type of rehearsal which will have much to do with the success of the venture.

With the organization of the Allegheny Singers, Allegheny will vie for honor with many of the larger schools who are proud of attainment in that line. The best and most fitting voices in school have been engaged for this work, and its success is practically assured. It has been possible for the band to travel to several of the games and hopes are held for a continuation of these trips. The men's and women's quartets have been practicing faithfully.

The students should realize the caliber of work that is being by some departments of the college rather than criticize the failings in minor affairs. In order to insure the success of any undertaking there must be sufficient interest taken in its welfare. Therefore, to help make these plans in the music department work out well, the students through some medium or other must show that they are concerned with its work. We are proud of the success shown in such a short time and earnestly desire that everybody back the undertaking in every possible way.

BONFIRE!

A week from Saturday, our team will face Grove City on the gridiron in the most important game of the year. To win will mean complete success for the football season and probably the Tri-State Championship, while to lose will but heap more coals upon the fires of humiliation. The team is strong enough to win this year as has been shown in former games, but it has been on its own power and determination rather than on confidence in support by the student body that has enabled the 'Gators to come through victorious. The bon-fire meeting before the first game was a complete flop as far as spirit went. "Let's crash the shows," rather than "Let's show the team we are behind it" seemed to be the pervading atmosphere of the assembly. The thing to do is to have a pep meeting and bon-fire between 11 and 12 o'clock on the night before the Home Coming game. The festivities down town and fraternity parties will have come to a close by that time, and the attraction of the shows will have passed. Wouldn't it be "that gr-r-and and glo-o-rious feeling" to the squad in Cochran Hall as they fall asleep to hear the strains of Alma Mater Beatissima rolling across the campus from 600 students—loyal Alleghenians to the man? Let's try it again!

T. F. L.

Just to remind everyone of Homecoming Day on Saturday, November 1. Plans have been completed for a big day, and we appeal to all former students at Allegheny to help make this the best Homecoming in years.

Alumni Notes

Dr. William Wallace Youngson, '91, has a prominent part in the recent dedication exercises of the Eric V. Hauser, Sr., Memorial Library at Reed College, Portland, Oregon. He officially represented the Hauser family in presenting the Library to the College.

The new Library has been made possible by the gift of the late Eric V. Hauser, philanthropist and financier. It conforms to the general architecture of the college buildings group, which is academic gothic, and was ready for occupancy at the opening of the Reed College year in September.

Doctor Youngson's picture appeared, along with others who participated in the dedication exercises, in the October 12 Sunday issue of the Sunday Oregonian.

Funeral services for Miss Jessie M. Hogate, Class of '99, were held on the sixteenth of October in Bloomington, Indiana. Miss Hogate was assistant in the Bureau of Public Discussion of Indiana University Extension Division, and took her own life late on the night of October 13th, by drinking carbolic acid. Despondency over ill health is thought to have been the cause.

Miss Hogate had been suffering with heart disease for several months, but only during the past three weeks had she been extremely depressed regarding her health. She had entertained callers on Monday night, and following their departure had retired early. Her nephew, Mr. Enoch Clements, who made his home with Miss Hogate, became alarmed when he could not awaken her the next morning, and upon entering her room found her dead.

Miss Hogate was born in Danville, and after graduating from Allegheny in 1899 took post-graduate work in Chicago and Indiana Universities. She then taught in the public schools of Linton, Indianapolis, and Plainfield, and was instructor at Manchester College for one year. In 1916 she was appointed assistant in the office of the Alumni Secretary at Indiana University, which position she held until eight years ago when she took up work in the University's Extension Division.

Miss Hogate was a member of Kappa Alpha Theta, and was active in local Republican circles. Friends of the deceased woman are planning to establish a Jessie Hogate Memorial Loan Fund to assist needy girls in Indiana University, believing this to be a fitting tribute to the woman who for so many years has been connected with the University and who was greatly interested in the welfare of the young women who came to Bloomington to attend the University.

Giles M. Bollinger, '20, and Dorothy Weed Marshall, of Binghamton, N. Y., were united in marriage on September 13, the ceremony being performed by the bridegroom's father, the Reverend C. F. Bollinger, of Meadville, assisted by the Reverend Wilson E. Tanner, of Binghamton. A wedding luncheon was served following the ceremony. Mr. and Mrs. Bollinger left for a motor and camping trip in New England before going to their home at 86 Federal Street, Brunswick, Maine. Mr. Bollinger received his doctor's degree in chemistry from Harvard University in the spring. He is a member of Alpha Chi Rho, Alpha Chi Sigma, and Phi Beta Kappa. Mrs. Bollinger was graduated from Radcliffe College and obtained her M. A. degree this year. She is also a graduate of the Lady Jane Gray School of Binghamton. Doctor Bollinger is professor of chemistry in Bowdoin College this year.

Mildred Button, '26, was married on August 5, at Panama, N. Y., to Carleton Curtis, of Columbus, Pa. The bride was attended by her sister, Gladys, who was graduated from Allegheny in 1929. For the past four years Mrs. Curtis has been teaching in Jamestown. The groom is a graduate

of Pennsylvania State Agricultural College. After the ceremony an elaborate wedding dinner was served to the families and guests. Mr. and Mrs. Curtis had a short motor trip through New York State before going to their home on the Curtis farm at Columbus, Pa.

Dr. Kenneth Hines, '23, Meadville, was united in marriage at high noon, September 15, to Miss Claralouise Jenkins, at the home of the bride's parents, Butler. They were attended by Charles E. Hines, Jr., a brother of the groom, and by Miss Dorothy Jenkins, a sister of the bride. A wedding breakfast at the home followed the ceremony. Mrs. Hines had completed her junior year at Allegheny. Dr. and Mrs. Hines are at home on Walnut Street in Meadville.

On Saturday, June 28, Miss Maybelle Andrews was married to Mr. Robert Ewing. Both young people are graduates of Allegheny, in 1926 and 1929 respectively. Mrs. Ewing is a member of Kappa Alpha Theta, and Mr. Ewing of Alpha Chi Rho. The groom is one of the staff of the Meadville J. C. Penney Store.

Doris Stockdale, '19, was married on May 11, 1929, to Dr. G. I. Giardini. After the first of November Dr. and Mrs. Giardini's address will be changed from Stockdale, Pa., to 592 Forest Avenue, Bellevue.

Arline Smythe, '27, and David E. Quinn, '24, were married on October 1. They are living in Washington, D. C., where Doctor Quinn is a 1st Lieutenant in the Medical Corps, on duty at Walter Reed General Hospital.

Mr. Thomas R. Fitzgerald, '13, called at the Alumni office last Monday morning. Mr. Fitzgerald is a representative of the Van Nostrand Co., Publishers, at 250 Fourth Avenue, New York City. Because he is traveling much of the year, Mr. Fitzgerald keeps as his residence address, 552 Farson Square, Pittsburgh, the home address of his mother.

John T. Pollock, ex-'22, has been living in St. Louis, Mo., for the past several years, and is connected with the investment firm of Folds, Buck & Company.

A. L. Jolly, '23, visited Hugh Buchanan, '22, and family, this fall in St. Louis. Mr. Jolly is sales representative for the Redding Steel Casting Company with headquarters at 905 Live Oak Street, Houston, Texas. Margaret Kime, '28, is teaching history in the senior high school at Ridgeway. She was located at Mt. Jewett last year.

W. H. Stenger, '90, has changed his address from Amarillo to Gruver, Texas.

T. S. Borrell, '27, has been transferred from the Pittsburgh offices of the Bell Telephone Company to Bradford, Pa. He is to be Assistant District Traffic Superintendent, and will remain in Bradford until July of 1931.

RADIO IS PRESENTED TO COACH C. E. HAMMETT

On last Saturday afternoon, the faculty, administration, and students of Allegheny College presented a Victor radio to Coach "Charlie" E. Hammett, who has been confined to his home by illness since early last June. Although the condition of Coach Hammett is reported as improved, he is still unable to take an active part in those things in which he is most interested and to which he has devoted his life's work. Through the medium of the radio, since Allegheny is now on the air, Professor Hammett will be able to follow the home athletic contests and to listen in on the interesting daily broadcasts of his fellow faculty members and of the various college organizations.

The committee in charge of the presentation wishes to heartily thank all Alleghenians for their willing support. The women of the college are to be especially commended for their generous support and cooperation.

Society

Kappa Alpha Theta inaugurated the sorority social season with a full chapter party in Hulings Hall last Friday evening. Theta Upsilon has planned a similar dance on this coming Saturday night. Several fraternities entertained over the week-end. Beta Kappa held its annual Bowery Brawl on Friday evening, while Sigma Alpha Epsilon and Beta Upsilon gave regular chapter parties on Saturday. Phi Delta Theta and Phi Kappa Psi intend to give dances on Friday and Saturday respectively. An All-College will probably not be held following the Adrian game because of the Homecoming Dance on the next Saturday.

KAPPA ALPHA THETA

On the evening of Friday, October 17, a chapter party was held by Kappa Alpha Theta in the gymnasium at Hulings Hall. Music was furnished by Kress' Olympians. Mr. Phillip H. Benjamin and Miss Dorothy Riddell chaperoned. Guests of the chapter were Miss Elizabeth Kelly and Miss Jean Humeston, both of the class of 1928.

PHI GAM FATHER'S DAY

Father's Day was observed by the local chapter of Phi Gamma Delta last Saturday afternoon and evening, October 18th. Guests included Drs. Beller, Darling and Bugbee, and Messrs. Pore, Horn, Younger, Taylor, Knapp, Grimm, Bartholomew, Utley, Patterson, Crandall, Palmer, Frank Myford, and John Louthan.

WOMEN'S ATHLETIC ASSOCIATION

The Athletic season for women formally opened with a banquet in the Hall, Thursday evening. Each table was decorated with Allegheny banners. Basketballs and footballs, filled with candies, made clever favors. The athletic point system was explained at the banquet and Miss LeRoy made several announcements about the athletic season among the girls. After the banquet the annual Saegertown hike was held, and double hiking points were awarded to those who journeyed over the twelve mile stretch.

BETA KAPPA PARTY

On last Friday evening, October 17th, members of Beta Kappa held a Bowery Brawl, their annual novelty party, at the chapter house. Entertainment was furnished by Steve Clide's Revellers. Professor and Mrs. Way chaperoned the dance. Guests of the chapter included the Misses Griffin, of Tyrone, Pa., and Heberlein, Erie; and Mr. Gregg.

SIGMA ALPHA EPSILON

On Saturday evening, October 18th, Sigma Alpha Epsilon entertained with a chapter party. Music for the occasion was furnished by the Pennsylvania Nighthawks of Sam Campagna and Charles Sullivan of Farrell; the decorations were in keeping with the Halloween season. Dr. and Mrs. Darling were the chaperones. Guests of the chapter included: William C. Anderson, Professors Benjamin Boettcher, and Howes, Elmo Ehrhard, Robert Evans, Clair Jackson, Frank Layng, Gilmore Minnis, Fred Muckinhaupt, Lawry Nunn, Percy Smoil, Nicholas Varano, Charles White, and John Yeany.

S. A. E. SMOKER

Dr. C. J. Ling, of the Physics department, entertained the members of the resident chapter of Sigma Alpha Epsilon at a smoker held at the chapter house on Wednesday evening, October 15. Cigars, cigarettes, and refreshments were served.

SENIORS ELECT OFFICERS; COMMITTEES APPOINTED

At a recent meeting of the Senior class, called by the president of the Student Senate, Warner White, class officers for the year were elected. Ninety-four votes were cast which resulted in the election of Robert Bates, president; John Rumsey, vice-president; Harry Smith, treasurer; Adele Ely, secretary; and Margaret Wood, historian.

On Friday of last week, the newly elected president, Robert Bates, called a meeting of the Senior class in the chapel to open the discussion concerning the presentation of a gift from the class to the college. Owing to the fact that there were not enough Seniors present at the meeting to transact any business, there was no definite decision made as to the nature of the gift. Since no suggestions were made from the floor, a committee was appointed to investigate the matter and to report at a later date. This committee is composed of Irwin Winter, chairman, Margaret Sullivan and Karl Smock.

Other committees appointed by the president for the year were: Cap and Gown Committee with Donald Knapp, chairman, and Vera Dawson; Invitation Committee composed of James Springer, chairman, and Frank Flickinger; and the Senior Hop Committee, Robert Burr, chairman, Irwin Winter, Paul Younger, Burdette Barris, Lorraine Weeks, Louise Anderson, Sara McElhinney.

ALPHA CHI SIGMA ELECTS STUDENTS TO MEMBERSHIP

At a meeting held on Tuesday evening, October 17, in Carnegie Hall, Alpha Chi Sigma, national honorary chemical fraternity elected the following students to membership: Elmer M. Reed, Thomas F. Lawry, David C. Young, Joseph A. Borrisson, Hasson S. Rockey, William S. Ashe, James E. Vensel, Norman Ishe, William P. Mc Ginnis, Harold H. Sankey, Charles R. Mills, and Homer Moody. Initiation will be held sometime in the near future.

Membership into Alpha Chi Sigma is based on the completion of at least two years of chemistry, and only those of highest standing in the department are admitted. An active year for the chapter is being planned which will include trips to local industrial plants, and the showing of instructive and interesting motion pictures of industrial processes.

BETA UPSILON PARTY

At the chapter house on last Saturday evening, October 18th, Beta Upsilon entertained at their monthly party. The music was given by Steve Clide's Revellers. Dr. and Mrs. Beller chaperoned the dance. Guests at the party included Mr. and Mrs. Theodore Bogardus, of Meadville; the Misses Virginia Rossiter, Marjory Ackart, and Constance Jolley, also of Meadville; and Miss Helen Stewart, of Brookline, Pa.

Phi Delta Theta announces the pledging of John Francis Eastman, '32, of Smethport, Pa., and Morris C. O'Neil, '34, of Warren, Pa.

Guests over the week-end at the Phi Delta Theta house included Thomas Pringle and David Divens of Pittsburgh; Dr. James V. Wright, '98, South Hills, Pittsburgh; A. D. P. Miller, '08, Dormont, Pa.; Mr. and Mrs. Louis Haberman and son Jack, of Duquesne, Pa.; Fred Haberman, Harbor Creek, Pa.; George Munnell, McKeesport, Pa.; Ralph A. Kurtz, Ardmore, Pa.

DR. CHURCH PRESENTS RECITAL IN CHAPEL

SELECTIONS TAKEN FROM OPERA "LOHENGRIN" BY WAGNER, GERMAN COMPOSER

An enjoyable organ recital of Wagnerian selections was given in chapel on Friday, Oct. 17th, by Henry Ward Church, Ph.D., a member of Allegheny's faculty.

Prof. Church played three numbers from Wagner's opera, "Lohengrin": "A Prayer," "the Bridal Procession," and "Introduction to the Third Act," all of which were included in Prof. Church's broadcast program of last Thursday. "Evening Star" from Tannhauser was played as an encore.

The Americana encyclopedia gives the interesting story of Lohengrin which follows:

"In 'Lohengrin,' perhaps the most popular of all his operas, Wagner draws his material from the old 13th century legend of the Holy Grail. The scene is laid near Antwerp, early in the 10th century. The German suzerain, King Henry (the Fowler), has arrived to levy troops, and finds a general commotion. Count Frederick of Telramund accuses the fair Elsa of Brabant of having killed her young brother, Godfrey, heir to the late Duke of Brabant. Elsa is innocent of the crime imputed to her and declares that her brother was taken away.

"The king resolves to decide the case by a tourney or ordeal by combat, in which Telramund must fight any champion who may take up the gauntlet on behalf of Elsa. The latter has no champion; in strong faith she tells of a heavenly knight she had dreamed of who would come to her aid, and publicly declares she will bestow her hand and crown upon her defender. In answer to her prayer a boat drawn by a swan appears on the water, bearing a gallant knight in silver armor. He agrees to fight for her on two conditions—that she shall marry him, and never ask his name, to both of which Elsa pledges herself.

Telramund is quickly thrown in the contest but the knight spares his life. Telramund and his wife are both outlawed; it is she in fact who has stolen the boy and then told her husband that she had witnessed his murder by Elsa. Seeking revenge, Ortrud appeals to Elsa's sympathy and fills the girl's mind with suspicions about her lover. The knight and Elsa are married, in which scene occurs the famous wedding march.

"In the third act the couple are alone when Elsa, prompted by the incitements of Ortrud, asks her husband the fatal question. Telramund bursts into the room, sword in hand, but is stricken down dead by the knight, who now leads his wife before the king and announces that she has broken her pledge; he must now divulge his name and leave her forever. He proclaims himself to be Lohengrin, the son of Percival, and a knight of the Holy Grail.

"The swan reappears with the boat; when Ortrud declares that she had changed young Godfrey into a swan by sorcery, Lohengrin utters a prayer—the swan changes again into the missing boy; Lohengrin glides away in the boat—drawn by a dove, and Elsa falls broken-hearted in her brother's arms."

Elsie E. Reynolds, '24, is teaching in Keuka College, Keuka Park, N. Y. She has been in Buffalo, N. Y., for some time.

The Reverend Charles W. Hollister, '33, is now in West Los Angeles, having gone there recently from Venice, California.

Elizabeth Jean Smith, '28, is now Mrs. H. B. Heckman, and her address is 1902 Arch Street, Philadelphia.

Campus Clippings

Students of the University of Chicago who cheat in examinations are going to feel mighty unpleasant when Dr. J. A. Larson starts to experiment on them with the "lie detector". The purpose of the experiments according to Dr. Larson, research psychiatrist, is to determine the success of the machine and to prove its value in a court of laws.

A proposed plan of cooperative buying is being planned by the fraternities and sororities of the Syracuse University.

The College for Men of the University of Rochester opened its new \$10,000,000 quarters this fall on a former golf course. The old portion of the University was turned over to the College of Women.

A Sophomore at Ohio State University worked up a good racket for himself until he was squelched by the dean. He received two dollars for every freshman whom he delivered to rooming houses.

In a deep-sea zoology course recently introduced at the University of Miami, Fla., students don bathing suits and diving helmets and descend to the floor of the sea to study marine life.

A fine of fifty cents is levied on students of North Carolina State University for each class cut. The incentive for higher grades would suffer some loss if such a system were in force at Allegheny with its cut-according-to-grade plan, wouldn't it?

A fraternity at Marquette University adopted a skunk for a mascot. The animal, before its adoption, underwent an operation, and is no longer offensive to the nostrils.

The University of Rochester, N. Y., in order to be sure of a future crop of freshmen, has added a nursery school as a part of the institution. Twenty-one children, between the ages of four and six, are enrolled in the department which is to be used as an experimental school where the latest theories in pediatrics can be applied. Seems as though the age limit should be extended to at least eighteen years.

Owing to the increasing use of dialogue on the talking screen, the University of Southern California is offering a course in scenario writing in its curriculum. The best scenarios are produced and filmed with the aid of the speech department.

Since 1826, incoming students of Rutgers University have signed their names to the matriculation book. Dr. W. T. Marvin, Dean of the College of Arts and Sciences, in explaining the meaning of this oath, spoke of it as an "outward and visible sign of something inward, the joining of a company of unseen men".

Female students of the University of Denver are forbidden to speak to male students on the campus. "They can do their love making off the campus. They came here to study," was the explanation offered for this rule.

Ohio State University has introduced a six hour course on "How to Study". The course is required of all freshmen who are on probation.

MUSIC ORGANIZATIONS WORKING ON SCHEDULE

The Allegheny Men's Glee Club has already made rapid strides towards complete organization, and with rehearsals being held each Monday and Friday afternoons it should be only a short time before the club will be sufficiently well-organized to present concerts. Prof. Luvaas is now busy preparing for the first concert, which is scheduled for Homecoming Day, and this undoubtedly will be no small item in the day's entertainment. Extensive concert tours of this district are also being arranged, and will no doubt be brought to a climax early in the second semester.

The Varsity Quartet has been selected and is composed of Donald Knapp, James Springer, Thomas Mansell, and Ernest Rossel. The Quartet has quite a reputation to uphold, but from all indications they should have no trouble in doing so this year.

In addition to the Quartet a mixed chorus has been organized and is to be known as the "Allegheny Singers". This is the first year that an attempt has been made to form such a group and the idea is working out very well. The "Singers," who have been selected from both the Men's and Women's Clubs, practice every Wednesday evening in the Chapel.

SWIMMING MEET TO BE HELD IN NOVEMBER

SWIMMERS TO VIE FOR HONORS IN THIRD EVENT OF INTRAMURAL PROGRAM

The Intramural Athletic Council has announced plans for the Interfraternity Swimming meet to be held as the third event in the Intramural program. The fraternities have been divided into two leagues, with the winner and runner-up of last year's meet seeded. The division, otherwise arranged by lot, is as follows:

League A—Phi Gamma Delta, Beta Kappa, Alpha Chi Rho, Phi Kappa Psi, Non Fraternity.

League B—Phi Delta Theta, Delta Tau Delta, Sigma Alpha Epsilon, Beta Upsilon.

All entries must be in by October 31 with a minimum full team consisting of eight men. There will be a limitation to the number of events any single man can enter. Trials for League A teams will be during the week of November 3, and for League B teams in the following week. First and second places will be decided by a championship meet between the winners of both leagues, but to eliminate long, drawn-out consolation meets, the third and fourth places will be decided by the points accumulated by the two runners-up in their own league competitions.

A list of events in detail has been posted in each fraternity house.

GATORS DEFEAT LUTHERANS

(Continued from page 1).

high punts far down the field and had stalled Wardle's attempts, and the Alligators were forced to do more in scrimmage. The battle raged evenly until Garbark intercepted a Thiel pass and made a great run to the Allegheny 48. Coach Crum chose this opportune moment to put Berger in for Varano, and the advance for the touchdown began. Berger to Garbark, pass, netted twelve yards around left end. Morse shot back another perfect snapback, and a pass, Berger to Anderson, this time around right end, picked up three more. Another to Garbark, through the same position, picked up six more, and Garbark then shot through right tackle, and was downed on the thirteen yard line. He took the ball again, and advanced to the 10. Berger took the ball again, as though for another pass to Garbark, went through a wide hole off right tackle, dodged three surprised tacklers, and fell over the line for the touchdown. Anderson's kick against the wind was wide.

Much passing and intercepting of passes furnished the fireworks for the rest of the half, which ended with the ball in Thiel's possession in mid-field.

With but a six-point lead Allegheny played strictly safe football through-out the second half. Relying on Anderson's superior punting to keep the Lutherans well back and out of danger, the Alligators took no chances even when the odds were all in their favor. On one occasion a punt was made on a fourth down when a one-foot gain would have brought a first down. Allegheny was working entirely on the theory that the best plan was to keep the score at 6-0 if possible. Wardle played to his last effort with all the tricks he could muster, but failed to break through to scoring distance. Garbark and Varano bore the brunt of the attack for Allegheny in the last period, combining with Balser and Anderson to present an impossible secondary defense. The game ended with Thiel attempting pass after pass in an effort to break away for a score. During these last minutes the passing of Wardle was remarkable for length, many of his throws approaching fifty or more yards in length, but all were stopped by Garbark and Balser, playing far back.

HARRIERS MEET GENEVA AT GENEVA ON FRIDAY

Allegheny's harriers face another strong opponent when they journey to Beaver Falls to take on Geneva's team this Friday.

Geneva has a veteran team, though by no means as strong as Pitt's squad. In its first meet this year the Covenantors were beaten by Alfred at Alfred by an almost perfect score, but Alfred has not lost a meet on its own course in more than twenty consecutive encounters. The Beaver Falls course, according to Coach Worrall, is also a big point in Geneva's favor, starting out with a half-mile climb up a steep hill, and winding on down through ravines and brush.

Allegheny is depending in this meet upon Worrall and Ish to count low scores. Ish, last year running fourth man, has gradually developed into a strong runner. Captain Rocky, '00, should place well. Trials were held Tuesday, and it is expected that practically the same squad that made the Pitt trip will go to Geneva.

This and That

WATCHING THE ENEMY

GROVE CITY 19—WESTMINSTER 0

The Crimson still keeps up its remarkable football. The New Wilmington team kept things fairly even during the first half of the game, but in the last half the superiority of the Grove City eleven made itself evident when Pusch and Kammerer led an attack that crumbled Westminster's much talked-of line, and left things pretty much in the hands of the Reds. After the first half the Crimson's superiority was absolute.

JOHN CARROLL 39—ADRIAN 7

At last some real news from Adrian. John Carroll was the fighting team that held Grove City to 6-0 a week ago. The Crimson ripped through the Irish's line at will, but were held twice on the 2 yard line. It was, then, this fighting team that went through our next opponents for five touchdowns.

DARTMOUTH 52—COLUMBIA 0

Dartmouth, it seems, has practically everything this year. Columbia, accorded the best chance in years, was swamped by the biggest score in the long series of games between the two teams. The Dartmouth attack was described as "bruising", "wearing", and "deceptive", and the defense as practically impossible. Latest reports are that the Big Green is not greatly worried over the impending Allegheny encounter.

SALEM, W. Va. 7—WEST MILFORD 0

But then, who might West Milford be?

GENEVA 41—WAYNESBURG 7

Geneva didn't even try, but couldn't help a big score. The Waynesburg team is admittedly weak, and the Covenantor offense is strong. Geneva ran up a 21-0 score in the first half, and used practically the whole squad at different times in the last period.

Allegheny Gridders Picked to Win Over Adrian on Saturday

This week the Allegheny Alligators will play its second home game of the season against Adrian College. It is hard to judge the strength of the Michigan outfit, because so few statistics are available. Adrian played John Carroll, and was beaten 39-0. The Adrian offense was rather weak, gaining very little through the line. John Carroll played Grove City, and was beaten 6-0. This gives a three-cornered check, but a rather indefinite one. Judging by this check, however, Allegheny seems to have the advantage. Considering the improvement which the Alligators have made since the beginning of the season, there should be little doubt as to the outcome of Saturday's game. It is expected that several second string men will get a chance to play.

Forty-five Students Hand in Names For Playshop Tryouts

Casts for the plays to be given at the Allegheny Playshop will be principally chosen on a totally different plan from that which has been used at Allegheny heretofore. Early this fall Miss Alice Huntington Spalding issued a call for all those who were interested in trying-out for plays to be present in the future. This new system places the initiative completely upon the students and gives those who are really interested in play production a chance to show what they can do. There is no doubt but that a great deal of good material for acting purposes had been overlooked in previous years because everyone who was placed in a cast of one or more of the plays was specifically chosen for the particular part.

So far this year there have been forty-five students who have shown enough interest in dramatics to make an attempt at acting by giving readings in the student Playshop. Miss Spalding listed everyone who tried out and gave them several chances to "make good" by setting aside certain times for them to give different types of readings. Every student who tried out has been card indexed with the women listed on different colored cards from those on which the men have been carded. By this method the ability in different lines has been checked and the students can be selected with much more accuracy than before.

There has not been quite as much interest shown in the producing side of the Playshop, but no doubt many of those who find that they do not have the required ability for acting will turn to the production of plays to express their interest.

Beta Kappa Leads in Volley Ball League; Sigs Place Second

Beta Kappa forged into a definite lead in Volley-ball competition by winning two more matches this week, and is closely followed by Sigma Alpha Epsilon with two victories and no losses.

On Wednesday two matches were played. Beta Kappa defeated Delta Tau Delta in the first by a score of 2-0. Game scores were 15-4, and 15-8. Alpha Chi Rho defeated Beta Upsilon, also 2-0. Game scores were 15-4, and 15-13. Two matches were played on Thursday night. In the first Beta Kappa defeated Beta Upsilon 2-1; 15-13, 12-15, and 15-7. In the second Phi Delta Theta defeated Phi Kappa Psi 2-1; 13-15, 15-1, and 15-7.

In the only Friday night game Sigma Alpha Epsilon defeated Phi Delta Theta 2-1; 15-7, 11-15, 15-8.

As Volley-ball points are the only ones yet awarded, this places the teams as follows:

	W	L	Pts.
B. K.	3	0	80
S. A. E.	2	0	70
A. X. P.	1	1	60
Delts	1	1	60
Phi Dels	1	1	60
Phi Gams	0	1	50
Phi Psis	0	1	50
B. U.	0	3	50

TURKEY RACE SCHEDULED FOR FRIDAY, OCTOBER 24

Final plans for the Interfraternity Cross-Country Race (Turkey Race) were formulated at the meeting of the Interfraternity Athletic Council at noon, Monday. Final provisions, as posted on the bulletin board in the Gym are as follows:

All contestants are to meet at the Gymnasium at 4:30 p. m. Thursday, to walk over the course with Mr. Way, and to receive final instructions relative to the race.

The race will be run at 4:30, Friday afternoon, October 24.

All entrants are to meet at the Gymnasium at 4:00 p. m. of the day of the race. Promptness is essential.

As has been previously announced, each competing group must enter four (at least) trained men in order to receive their entry points. At present every fraternity group is entered.

One other thing: the turkeys have been ordered and will be on hand.

GRADS and NON-GRADS

Please Read This

If you did not receive the HOME COMING card mailed to you on October 17 and 18, please use this blank to let Alma Mater know what you expect to do about going to Meadville on November 1. Address your envelope to THE ALUMNI OFFICE.

1. I will (will not) attend the Little Theatre Program at 11:00 a. m. Please save me a ticket. I will call for it at The Alumni Office.

2. I will (will not) be at the luncheon in Cochran Hall at 12:15 p. m.

Sophomore Women Are Superior to Frosh In Archery Contest

The first archery contest for women of the season was held on Wednesday afternoon on the campus directly behind Bentley Hall. This contest, staged between the Sophomore and Freshmen women, resulted in a decisive victory for the Sophomores by a score of 167-62. A fine interest was apparent, for each class was represented by seven contestants who were, for the Freshmen: Walker, Kirkland, Dember, Shaeffer, Bass, Starke, Mains; and for the Sophomores, Norris, Skinner, Kuhnert, Fell, Houser, Everett, and Walling. Each participant shot three arrows from a range of twenty-five feet.

Clare Skinner was the high scorer for the Sophomores with a total of forty-five points. Everett, Walling, and Norris were close seconds with scores of thirty-five, thirty-one, and thirty, respectively. Henrietta Walling proved herself the William Tell of the day by scoring a bull's eye—the only one made during the contest. Helen Walker was the individual point winner for the Freshmen, and Martha Lenter was second high.

The match did not lack interested spectators, for many students obtained a clear view from the windows of Bentley, and from the fire escapes and windows of Hulings Hall, and frequent applause spurred the Sophomores on to their victory.

This archery contest represents the first of the Women's Inter-class meets scheduled for this year. A definite athletic program has been outlined, with special emphasis being laid on the inter-class activities.

FIVE PLEDGES INITIATED BY PHI SIGMA IOTA

Phi Sigma Iota, Honorary Romance Language Society, held its first meeting of the year at Dr. Church's residence Wednesday evening, October 15th. At this time initiation was held for the five newly elected members to this society. Those thus honored were: Vera Dawson, Pauline Eiler, Katherine Plasterer, Pauline Thornton, and Thomas Knorr. A short business meeting was held after the initiation, during which Miss Potter read an interesting paper on "Spanish Drama".

Mr. and Mrs. W. F. Smith announce the marriage of their daughter, Susie, to Edwin J. McKay, '27, on October 4. The bride attended the Ward-Belmont school for girls at Nashville, Tenn., where she was a member of Alpha Delta Pi. Mr. McKay was a member of Delta Tau Delta.
