Miss Ida M. Tarbell,
132 East 19th St.,
New York City.

My dear Miss Tarbell,-

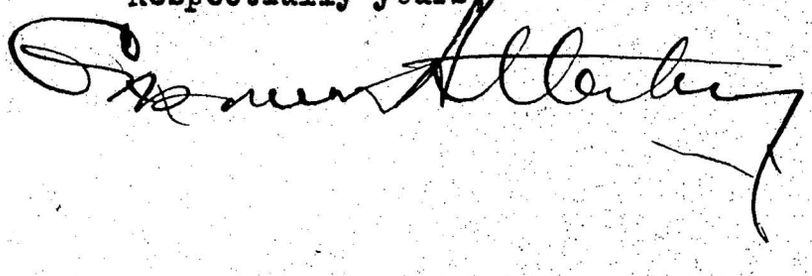

I am sending you by bearer three copies of the American Architect containing part of my Providence address and a copy of John Nolan's report on Better City Planning for Bridgeport, and I will forward to you as soon as it is issued, a copy of the proceedings of the conference of the National Housing Association of this Fall.

I cannot tell you how much I appreciate your sympathetic appreciation in the above matter. However convinced one may be of the correctness of one's theories, there are awful periods of doubt and hesitation when we come to put them to the test, especially when it involves the responsibility of other people's money, not to mention one's own reputation.

I shall not attempt to thank you for your book until I have read it.

With best wishes for a successful trip, believe me, always,

Respectfully yours,

GA/G.
Enclos.
