

Mr. W. B. Folsom
Rochester, N. Y.

Want very much to talk with you or the
head of your Industrial Relations Department on
social security as you are developing it in the Eastman
Kodak Company. Talk to guide me in series of editorials
on the subject which I am writing for Pictorial Review
and placing particular emphasis on actual handling of
the problems of security by industry. Could you arrange
to see me any day between June 5th and June 12th?
