Miss Frances B. Johnston,

1332 V. St., N. W. City.

Dear Miss Johnston,

I am going to New York tomorrow afternoon.

I do not know when I shall be down again, probably not for a long time. I want to see you very much before I go, particularly about the school pictures. I could call about six this afternoon if I was sure to find you in. Will you not kindly let Amelia know if that would suit you? I shall be home this afternoon from one until four, if it would not, if you could come in then and from ten to twelve tomorrow morning. All this particularity because I am really much crowded in getting off and have to look after my minutes.

Very sincerely yours,
