

August 29, 1933

My dear Mr. Dale:

Please don't think, because I have been so slow in acknowledging your letter and the enclosures sent me on August 8th that I did not appreciate them. I do very much.

In the first place, it was very good to hear from you and to know that you are still on the trail of the iniquitous wool schedules. I wish I could get after them with you but there seems to be very little possibility of my doing any tariff work now. If Hoover gets in, however, and any revision is attempted, I shall go out and see what I can do for you and your people.

Isn't it a joke that Green should be made a committee to deal with wool.

I hope you are well and enjoying your work. It is a real pleasure to hear from you. If I do get into the tariff squabble again I shall be wanting to talk with you.

Sincerely yours

P.S. Mr. Schofield is a cotton goods manufacturer and a very fine man, whom it will be a pleasure for you to meet. Mr. Byrom is a cotton yarn spinner and another fine man whom I recall with the greatest pleasure. Mr. Schmidt is secretary of the International Federation of Cotton Spinners and Manufacturers Association. He is acquainted with conditions in England and on the Continent and has recently made trips to India and Egypt. Mr. Moores is secretary of the British Weights and Measures Association and the Textile Institute.
