President,
Allegheny College,

Meadsville, Pennsylvania.

Dear Dr. Tolley:

Several years ago when Miss Tarbell was here in the office she spoke of one or two Lincoln prints which we had, suggesting that she would like to add them to the Lincoln Collection at Allegheny College. I told her at that time I was not in a position to send them to the College then but hoped to be able to do so later. I am now sending to you, by express, a lithograph of Abraham Lincoln done in 1865 by J. H. Bufford and an engraving by A. H. Ritchie of Lincoln and his cabinet. Will you please accept them and place them in your Lincoln Collection?

With kind regards, I am,

Very truly yours,

J. M. Reynolds
