Miss Ida M. Tarbell,
Secor Hotel,
Toledo, Ohio.

Dear Madam:-

Having known for years of your long and untiring interest in the Great Lincoln and having what we consider a very beautiful memorial medallion in solid bronze bas-relief, the writer is taking the liberty of asking you to accept a copy of this placque with his compliments and those of his organization. The placque will be delivered to you with this communication.

The original of this work was modelled by Mr. Varney of Detroit and is the property of the writer. We doubt not you have an extensive and beautiful collection of memorials of Mr. Lincoln, probably many by very prominent artists, but we do trust that this little work will find favor in your eyes and will feel amply rewarded if it finds a resting place in your library or studio.

Hoping you will enjoy your little visit in our city, I ask to remain,

Yours respectfully,

C. Ferguson
