

never felt a sense & witnessed this one.
I am off night when no classes & ^{unintentionally} ~~unintentionally~~
going out - to my great relief for 2
most familiar with that sort of thing
& wanted to see the "man behind the
bars" - talked & laughed & read the
Frank Airtable family - about 11 o'clock
the car keeper came in with puzzled &
expression - "woman who can't remember
by name" not - usual even at H. H.
The doctor went out & came back
I said. She isn't drunk. She is dead.
She seems ^{more} ~~more~~ - than the detective
rather the one ^{with a more} ~~for~~ ^{to} ~~frank~~ & ~~impossible~~.
Puzzled - I can't make her out -
Dudley Miss G. After a time
she came back. She ~~was~~ ^{was} they must
find out. She could remember that
there was a sheet - called - in will say
"B." parallel - with her. It was just
how did she happen to come to H. H.
She had been sick all day. went out
for medicine - lost her way - tried to
go in car to her husband's take photo
draft him when to get off - To be cordially to
take her to H. H. "Had you ever been here?" - no
what - made you ask for us. I heard that "H. H. was
a piece where they helped anybody"

I shall never forget the thrill that
swept me when I - the words from
that ~~perplexed~~ ^{scrutiny} ~~and~~ bewildered, honest
creditor "helped anybody". This one
line ~~was~~ ^{is} ~~in~~ ^{opposite} in a judi-
cially.

Mrs A.'s great quality is the quality
of the great mother of a family -
the great social leader. She is em-
inently feminine & domestic -
an organizer as the head of a
great household - civic mayor
- Willoughby - Martha Washington -
in their various capacities -

A ~~great~~ social head - like some
of the 18th century French women
- distinct intellectual & social pre-
eminences exercised - H. H. Chan-
celor - great -

A great humanitarian as the
great woman must always be.

Not a politician, when she has
tried to play it failed - did she sit
in School Board? Criticism of
radicals (Raymond Robins) "Tried
to carry water in both buckets"
R. R. Brad the resentment of one
who had not played fair public
one he knew well!

Instructing
her first &
second husband
himself
in the
art of
living

impossible for vital-dead head & sincere
heart to work with a conscienceless little
Tammany politician like Maynard Wesley.
I wish out an ideal - to get what you
want - no good use to try to mix -
mix - mix -
