MRS. GEORGE KENNAN
129 WEST CENTER STREET
MEDINA, NEW YORK

Dear Lola Tarbell

Thanks for letter, I note about
page, but doubt if I can get the
information required. Will go to
Buffalo next week if I can.

Have you worn the gold pen-
dant yet, if not would you let
me buy it back, or send you
the ~~original~~ ^{pendant} instead  -
or would you like an honest
sold article instead, there's really
a truly very old Temple lamp
very decorative. I ask you this
as you said you felt you should
not get it and I find Marion
Falschild who is ~~now~~ ^{now} searching me

\$25 - per month had set me here
on that pendant as going with
the Lucia necklace. I feel you
will understand and will tell
me exactly how you feel. David
has sent a lovely group of photos
of the various rooms of the house.
I am following up all the
clues that come to me without
much success. Marcus Hall has
been here from the Hatcher School
Ojai, Cal. and bought my beloved
grass rice fan, but I knew it could
be copied in their school "Banyan arb."
He was so broke to me I felt
quite braced. I am so concerned
that Mr. Pritchett has been ill in bed
over come by heat. I trust all is well
with and yours. Ever gratefully and
affectionately
Evelyn K. Kuman
