Dear Miss Tarbell,

Thank you most kindly for  
the answer to my letter.

Your life is such a very busy one  
& almost felt I was intruding on  
your time to write.

I have been looking over the  
old album more closely and  
find several pictures that were  
taken in Petroleum City and  
Titusville.

The picture of the man was  
on the opposite page from

The one I thought could  
be that of your mother so  
I am sending it thinking it  
may be your Father.

Am I correct in suspecting  
the picture of the young lady  
sitting in the chair is one  
of your self in girlhood  
days.

If these pictures are of any  
value to you I am so delighted  
to think they came into my  
possession so that you  
may have them.

My mother left us so  
many years ago I am always  
so pleased to know some

one who knew her.

I remain

Very sincerely

(Miss) Sara Brownell Knoff.

P.S. I am sending the pictures  
under separate cover.
