

OFFICE OF EXECUTIVE SECRETARY
AMERICAN ASSOCIATION OF UNIVERSITY WOMEN
NATIONAL HEADQUARTERS, 1634 EYE STREET
WASHINGTON, D. C.

March 27, 1930

Miss Ida M. Tarbell
120 East 19th Street
New York City

My dear Miss Tarbell:

A press clipping has brought to our attention the address which you gave last month before the College Club at Youngstown, Ohio. The newspaper clipping reports as your theme, "College women have to prove that a college education is something that betters the community."

Of course, this idea is in line with the whole program of the American Association of University Women which emphasizes the obligation of college women to provide leaders in their communities. Your development of the subject would greatly interest the other members of the Association besides those in Youngstown. Would it be possible for us to have the text of your talk for publication in our Journal?

I regret that the Association has no funds for the remuneration of contributors, but we could assure you an audience of some 37,000 college alumnae to whom this message would be of especial concern.

Very sincerely yours,

Ruth Wilson Tryon
