My dear Miss Tarbell:

Of course you saw this in the morning's paper but I couldn't resist sending it to you because Miss Davis's attitude in some ways seems so much like your own.

I do hope you'll be able to come down to our offices some day before very long and meet Mr. Moore. He has expressed a hope that you could write for us rather regularly and I think it would be splendid if you could have a chat with him and discuss various ideas.

I enjoyed so much the opportunity of seeing you again the other afternoon.

Very sincerely yours,
