

Dear Madam Secretary

I recall so vividly
the thrill the members of the
Pen and Brush felt - hardly
years ago when Miss Tarbell
consented to become President
of the Club.

In that time the Club
has lost devoted and distin-
guished members who were

gathered about her ~~the~~
But the addition of other mem-
bers have continued the pres-
tige and popularity of
Miss Tarbell's leadership.
Such a legacy of inspiration
as she has given the club!
Among the privileges of my life
I hold myself fortunate to have
come under such a noble
influence. Sincerely yours
Faith Green
