

GOLDIE & GUMM
1540 BROADWAY
NEW YORK

January 25th, 1928.

Miss Ida M. Tarbell,
120 E. 19th Street,
New York City.

Dear Miss Tarbell:

When I presented to the National Carbon Co. the contract which had been executed by you, for the broadcasting of "HE KNEW LINCOLN" on February 7th, they advised that they wished to draw a different contract. I was dissatisfied with their form of contract, when the same had been received by me, and so advised them. They agreed to the eliminations suggested by me, and at my request, they signed in advance the copies of the contract which I am enclosing herewith. I believe that you will find this agreement satisfactory, and if so, will you kindly sign and return the copies to me?

Mr. Coulter, who has charge of the Eveready Hour for the National Carbon Co., is very desirous of having you attend the performance, and has requested me to extend an invitation to you. If you would care to do so, will you kindly advise me? I am sure that Mr. Coulter would be delighted to have you attend the performance and to exhibit and explain to you the technical operations employed in a broadcasting studio.

Yours sincerely,

H. Harold Gumm
