Miss Ida M. Tarbell,
Hotel Powhatan,
Washington, D.C.

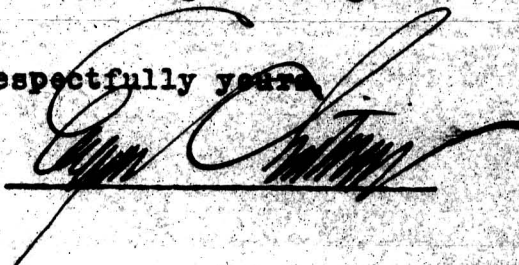

My dear Miss Tarbell:

Your telegram was transmitted from Ocala, and reached me in St. Petersburg at noon on Monday, too late, to send my car for you at Silver Springs, all of which I much regret.

I wired Mr. and Mrs. Fankhauser of your coming, and learned that they showed you the beauties of the great Spring, and gave you the data you wished concerning this section of the state.

I am especially familiar with statistical data and financial conditions in Florida, and if I can contribute anything helpful I trust you will be good enough to call on me.

Most respectfully yours,
