Dear Miss. Tarbell:

I was delighted to hear from your letter, received this morning, that you would find time to go and see Mrs. Kennan. A visit, face to face, will be of inestimable value, and also you can see the possessions which are to be disposed of. I had a note from Mrs. Kennan the other day. Each time she writes, I am impressed by the very vague, and dis-connected thought, and one wonders what her position would be, in case of further physical failure.

We are leaving for California Friday, but I hope you will write me, after the

visit to Medina. Our address till the first of July, will be at Arrowhead Springs Hotel, Arrowhead Springs, California-After that it is always 2417 Garden St, Santa Barbara.

Thanks so much for the copies you had made about the rug. I do hope that in the fall, it may be possible for you to interest Miss. Morgan, or Elsie De Wolff. I feel sure they would be in the way to give good advice, as to how to dispose of it.

I hope you are to have a good summer, and wish it might include a visit to Santa Barbara. Betty Ashe will be so glad to have recent news of you.

Believe me,

Sincerely Yours,

E. A. M. Allister Pritchett
