IN THE PURSUIT OF EXCELLENCE

A Moment with President Raymond P. Shafer

“ . . . seek the highest possible achievements, not only in one’s profession, but in one’s responsibility to fellow men . . . ”

Governor Raymond P. Shafer was elected Acting President of Allegheny College on August 17, 1985. The Governor will serve his term as Acting President until a successor to former President David Bailey Harned is found. Despite the temporary nature of his position, Governor Shafer has been very dedicated to the general welfare of Allegheny College. In addition, it is clear that Governor Shafer has been in the “pursuit of excellence” in all areas of his life.

Former Governor Shafer attended Allegheny College from 1934-1938. As a sophomore, the President carried a freshman girl’s trunk to her room. This freshman, former Jane Harries Davies (’39), is now Mrs. Raymond P. Shafer. After graduation, President Shafer attended the Yale University Law School, and graduated in 1941. After working for the prestigious Winthrop, Stimson, Putnam and Roberts law firm, President Shafer went on to serve in

World War II as a naval intelligence officer. President Shafer proceeded to serve as a Crawford County District attorney, as a Pennsylvania State Senator and as Lieutenant Governor of the Commonwealth, prior to his election as Governor in 1967. From 1971 to 1973, he was Chairman of the National Commission on Drug Abuse, and from 1975 to 1977, served as counsellor to the Vice President of the United States. Since 1977, President Shafer has worked with national and international affairs through the firm of Coopers and Lybrand in Washington D.C. In addition, the President has been an active alumnus. In 1964, he was elected to the Allegheny Board of Trustees and served as Chairman from 1972 to 1981.

The Governor’s excellence is also evident in his successful private life. He received the noteworthy Gold Medallion from the Society of the Family Man, and also holds honorary degrees from thirty-three colleges and universities. In addition, the President is a trustee for numerous organizations, including the Freedoms Foundation and the Cleveland Clinic Foundation. His marriage to

former Jane Davies has lasted over forty years and he is the proud father of two daughters and one son. He also has three grandchildren.

When asked what meaning “the pursuit of excellence” has to him, President Shafer commented, “It is essential for anyone to make the most out of life, and to seek the highest possible achievements, not only in one’s profession, but in one’s responsibility to fellow men . . . One should never stop aspiring for excellence, and by continuing (this pursuit) one becomes a better human being . . . I am constantly looking to the future, trying to learn something new everyday and become better in any way possible.” Because President Shafer is so closely tied to Allegheny, he has an extra interest in the college’s welfare. This interest is most evident in the President’s own words, “. . . next to my family and my country, Allegheny means the most to me and has the highest priority. I am working every day to make Allegheny, already a preeminent institution of learning, an even better one.

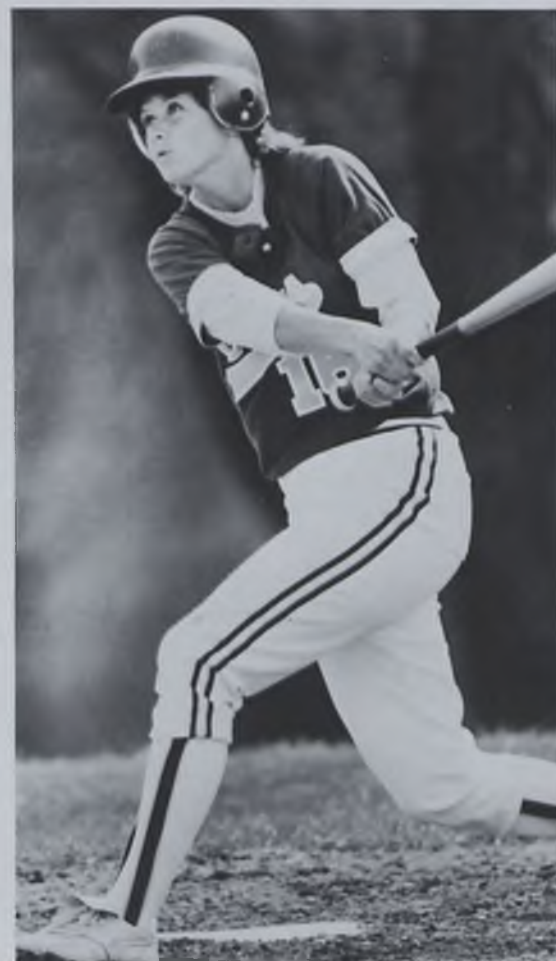

PURSUIING EXCELLENCE: JOAN SMITH

If excellence is defined as success in almost any athletic endeavor and a fulfilling personal life, then surely senior Joan Smith has pursued and attained excellence. First, the impressive statistics: Joan scored the 1000th point of her basketball career at Allegheny this year, making her the Lady Gators' all-time leading scorer. Accordingly, she was also named Most Valuable Player in the North Coast Atlantic Conference. What gives her the drive to break records and accumulate titles? Joan credits basketball/softball Coach Kay Gould with "making everybody WANT to be the best they can be."

Joan's contributions at first base (last year) and third base (this year) for the Lady Gators' Softball team are partially responsible for their All-Regional title last year and their number one standing in the NCAA and the NCAC this year (The Lady Gators went on to become Regional Champions this year and placed fourth in the Nationals.) Joan says that she loves to compete and that she loves sports "so much that it makes me want to win."

Joan's successes are not confined to the basketball court and softball field, though. Graduating with a degree in Economics, she plans to eventually find a job. At the moment, Joan's got something else on her mind — her wedding. The big day is shortly after graduation.

Joan Smith has helped build Allegheny's reputation for excellence in sports by "trying my hardest and giving it everything I've got." Her calm dedication and determination to do her best ensures future successes in career, marriage, and anything that comes her way. Basketball teammate Liz Bona expresses a common opinion: "She's awesome!"

DEAN SUSAN YUHASZ

Susan Yuhasz became Dean of Students in February of 1986, after serving as Acting Dean of Students since July 1985. When asked what her position as Dean at Allegheny actually entails, she stated that it focuses on the combination of the academic and residential lives of the college. As Dean of Students, Mrs. Yuhasz is: involved in the Academic Standards Committee, a faculty advisor, helping to organize the Athletics Committee, organizing and chairing the Student Life Task Force, helping to structure the strategic plan and serving as one of the primary college administrators. In addition, Yuhasz is becoming more involved with the Greek system here at Allegheny through Panhel and I.F.C. Mrs. Yuhasz states that she serves as both a "reference and a resource" to these groups, the faculty, administration, individual students, and even concerned parents.

Dean Yuhasz came to Allegheny in 1980 after receiving her Bachelor of Arts in History (cum laude) from the University of New Hampshire and her Masters of Arts in teaching from Miami University of Ohio in 1974. She went on to teach public school for two years and returned to Miami University to receive her MS in 1977.

Three years after coming to Meadville, she was married. She sees an advantage in getting married at the age of 33, and states, "I believe that having a solid career base is helpful now." The Dean says that she is "happy with herself and her life. She has an 11 year old stepson, and she likes to travel, cook, read current fiction and needlepoint in her spare time. How does she manage to balance her career, family and personal life so well? Dean Yuhasz states that "living up to what you are, and what you can be, not worrying about the competition of others is important to success and excellence."

COACH KAY GOULD

Coach Kay Gould is yet another example of "the pursuit of excellence." In her six years at Allegheny, Coach Gould has brought the women's softball team and the women's basketball team to the national standing, with a fourth and second national ranking, respectively. She serves on the NCAA national selection committee for softball, and the NCAA regional basketball and softball selection committees. Coach Gould was selected Regional Coach of the Year by NCAA, participated in the 1982 National Sports Festival Coaching Staff, and participated in the Summer World Junior Championship at Colorado Springs in 1985. Her Gator Basketball and Softball teams have won three consecutive NCAA championships and with her coaching skills, the Gator basketball team had its best record this year with 26 wins and 2 losses.

These achievements are impressive, but even more impressive is the fact that Coach Gould lives in Jamestown, New York. She travels 112 miles to and from Allegheny everyday. In Jamestown is her family, including her husband and two children, ages 14 and 16. At Allegheny, Coach Gould serves as an associate professor in Physical Education. What is the secret to Coach Gould's success in Jamestown and Meadville?

"Every person has certain special qualities . . . try to find your own riches and accentuate them . . . Don't compare yourself with others, because everyone is unique . . . set goals or guidelines toward something . . . understand yourself and your own capabilities . . ." Coach Gould finds that these qualities are the key to her success, and the success of Allegheny students, in whatever area. She adds, "Above all, remember that all accomplishments are preceded by dreams." Coach Gould has dreamed of excellence, and has accomplished it.

TONY RIZZO

Senior Tony Rizzo has pursued excellence, and surpassed it. The list of his involvements is incredible, as is his academic and athletic achievements. As a Phi Delta Theta brother, Tony has served as the director for public relations and community services, and as a Lambda Sigma initiate, has served as social chairman. Because he is a chemistry major, Tony has been involved with the Chemii Club, the Physics Department, and serves as a Chemistry tutor. In addition, Tony has served as Student Orientation Advisor in his junior and senior years, is a student assistant advisor for Project 101, and has also been involved in chemistry research with Dr. Walsh. Outside of Allegheny, Tony has volunteered at the Children's Hospital of Pittsburgh, and was one of the eight in the country to be selected for the Mellon Fellowship at Western Psychiatric Institute of Pittsburgh. He was also one of twenty-eight recipients of the Arthur Priest award, and received an all-around outstanding junior award from Phi Delta Theta.

Tony's success does not stop at these awards and involvements. He has played varsity soccer for Allegheny for the past four years, has played intramural basketball, soccer, and wrestling, and ran track his senior year. Somehow he has found time to receive Alden and Doane scholarships, and maintained a 3.9 average. These activities and athletics did get in Tony's way once during his junior year. Tony missed registration for third term, and could only carry two credits. Amazingly, he compensated by taking four courses his senior year,

while comping.

How does Tony succeed in all these areas? "I give 100% to everything I do, and budget my time . . . I don't waste time . . . and try to be as intense as possible . . . I avoid passive things . . ." Tony does admit to have caught some of the procrastination involved with "senioritis", but is doing well regardless. When asked what Tony likes best about Allegheny, he replied "The people and the friendships that I've made . . ." Tony has succeeded in all areas of his life, and is an outstanding example of the "Pursuit of excellence".

HOMECOMING 1985

OCTOBER 5

Homecoming is a time when alumni can return to see old friends and rehash old times, to watch the floats go by and the Gators play football. It provides a free day of no classes for the current students and allows them to enjoy the festivities. Homecoming '85 provided many memory-making times.

This year's theme for the Homecoming parade was "Allegheny Traditions". Floats from four fraternities and sororities and several Residence Halls had entries in the annual float competition. Some of the "Allegheny's Traditions" that were depicted in the floats included "Starting Allegheny's Greek Tradition" (Phi Kappa Psi and Kappa Alpha Theta), "The 13th Plank (Sigma Alpha Epsilon and Kappa Kappa Gamma), "The Tuna Deck" (Phi Delta Theta and Alpha Delta Pi), and winning the Greek category — "Gators Always Pin" (Theta Chi and Alpha Chi Omega). The float presented the pinning ceremony of the Greeks at Allegheny. Cafisch come out on top in the Residence Hall category with the depiction of "President McKinley's Cow".

THETA CHI AND ALPHA CHI OMEGA WINNERS — "GATORS ALWAYS PIN"

The Gator Football Team had a disappointing one point loss to Kenyon. The Gators were winning going into the half 14-7. The two TD's were scored by Curtis Brown after defensive players Rob Chernitsky and Paul Belfore each picked off a Kenyon pass. Although the Gator defense and the strong running game produced great plays, the Gators fell short of the win when Kenyon scored on a two-point conversion in the last few seconds of the game.

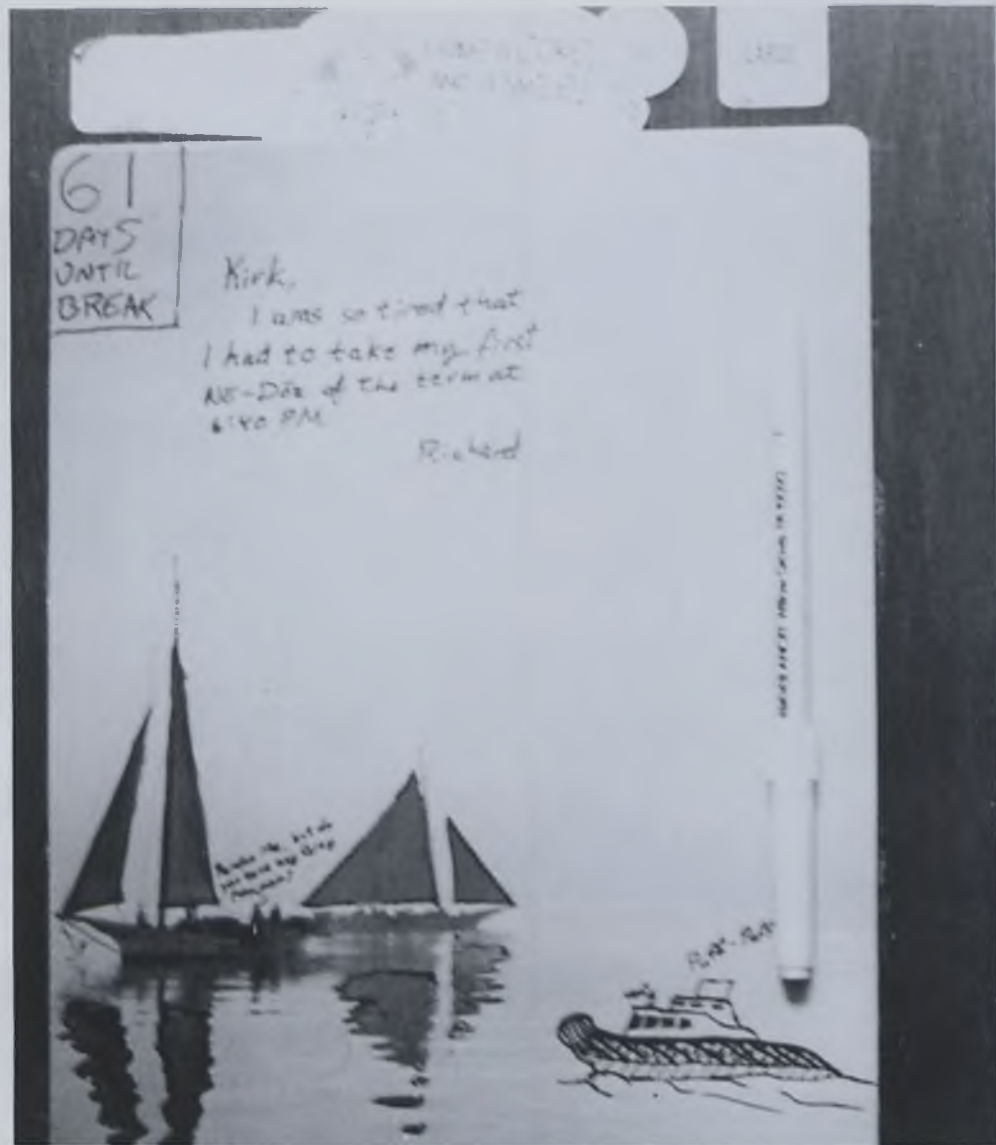

Kiski Area Marching Band entertained the crowd during half-time when Jennifer Wall and Tom Stanley were crowned Queen and King by Pres. Shafer. Picnics, class reunions, dinners and dances provided a weekend full of fun and activity for everyone.

NARROW DEFEATS EQUAL DISAPPOINTMENT

The Allegheny Football team began the 1985-86 season with a close match against Thiel College, that ended in Thiel's one-point victory of 15-14. The Gators went on to battle Dayton and Denison, but unfortunately lost these games as well. Westminster was Allegheny's next competitor, and the Gators finished with a 12-7 victory. In the annual Homecoming game, Allegheny attempted victory over Kenyon, but Allegheny suffered a one-point defeat. In the next three games, with Oberlin, Wooster, and Case Western, the Gators lost by nine, three, and eight points respectively. Allegheny went on to successfully end the season with two wins against Ohio Wesleyan and Grove City.

Although the overall scoreboard for the 1985-86 Gator football team shows three wins and seven losses, the Gators had many individual victories. The Gator secondary tied the school record with fifteen interceptions. Captain Mark Lamendola was ranked twelfth in the nation for punt returns, selected as a first team quarterback for the All-Conference selection, and given the W.M.G.W. Coaches Award. Captain Vince Criswell was selected for the secondary All-Conference team and was given the Block A Award. Captain Louis Ford was given an All-Conference honorable mention as a defensive lineman. (Mike Fisher and Don Trace also captained). Ed Taylor was ranked ninth in the nation for kickoff returns. Ron Olson and Dale Tomaino were given the Clair Jackson Award and selected for the All-Conference team. The F. Dawson "Duff" Weber Award was presented to Ron Schumacher, another All-Conference member while Troy Schmitt was voted Raider of the Year. Other All-Conference selections went to Ray Tower, Rob Chernitsky, Jim Stiefvater, Curtis Brown, Brian Currie, and Mike Parker. The scoreboard is not indicative of the Gator's success.

Punt team was lead by P. Belfore.

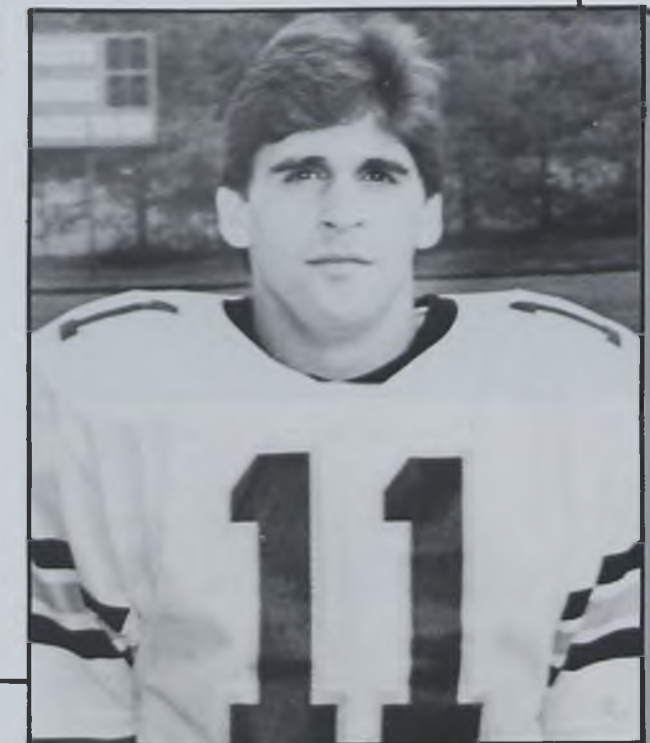

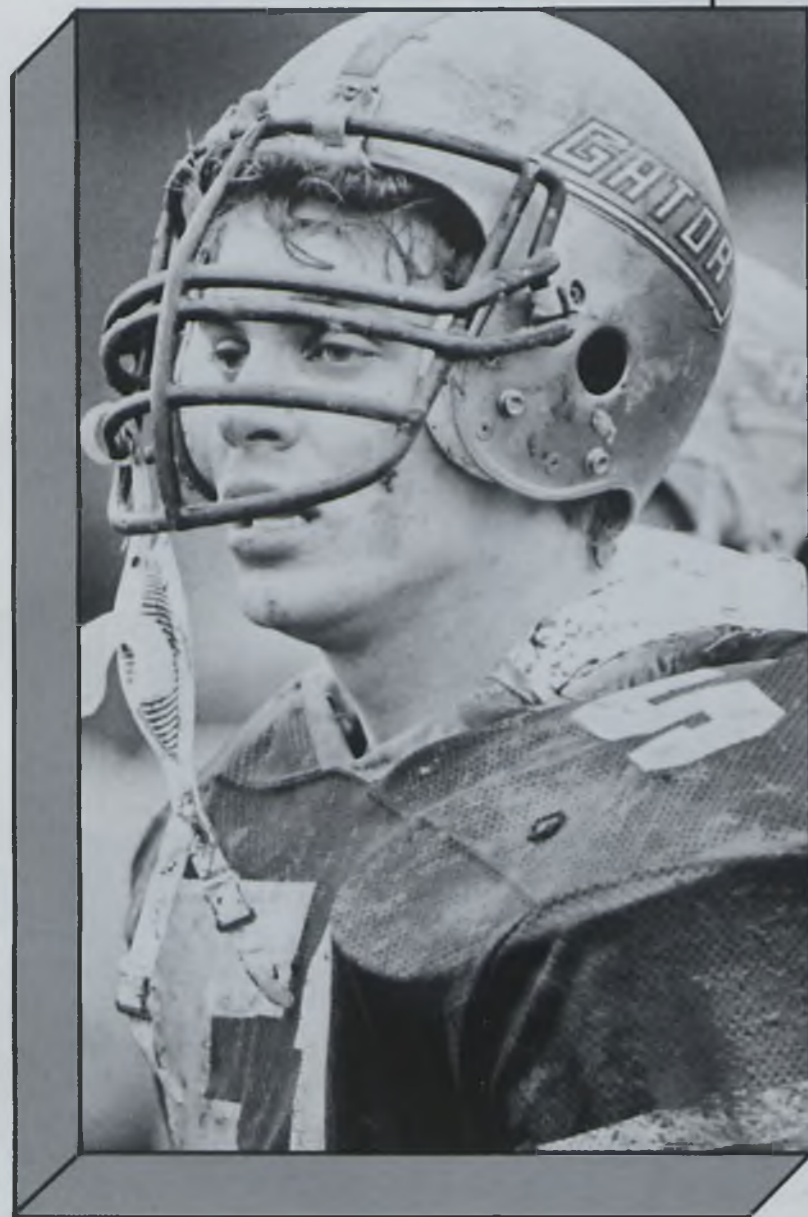

C. Brown rushes for a TD. (top)
C. Mandella eyes opponent. (right)

MARK LAMENDOLA

Senior Mark Lamendola was truly an asset to the 1985-86 Gator football team. Through hard work and dedication, he achieved much. Mark rushed for 379 yards, passed for 223 yards, caught four passes for 142 yards and ran back punts for 203 yards (which ranked him twelfth in the nation for punt returns) for a total of 602 yards for five touchdowns and two extra points and a selection as first team quarterback — All-Conference. Not only was Mark a leader on the football field but he is also involved in many activities in the campus community. Majoring in Economics, Mark maintained a 3.3 Q.P.A.. He was a member of the Phi Gamma Delta Fraternity, a Resident Advisor in Baldwin dorm and involved in the Fellowship of Christian Athletes. Mark Lamendola excelled in pursuing excellence. His time and work paid off in many ways.

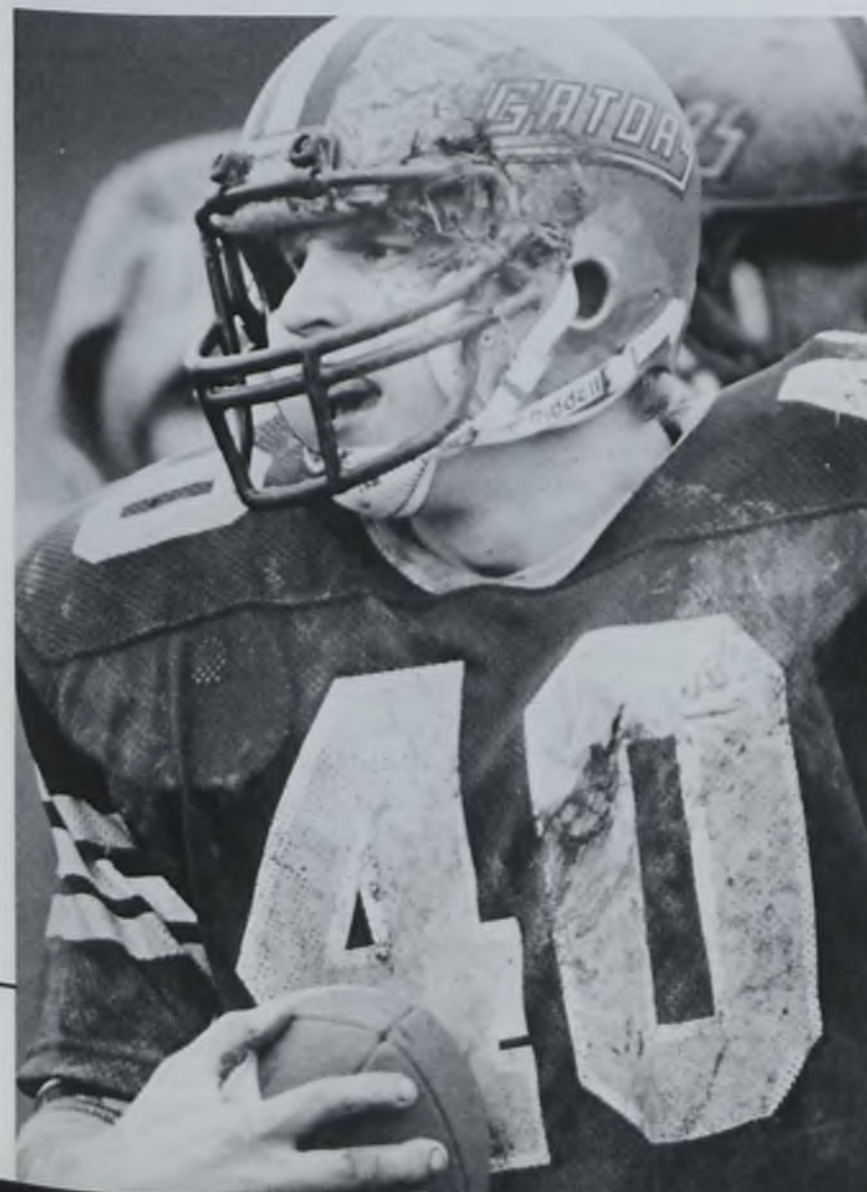

One look says it all. (J. Gudel)

M. Lamendola prepares to hand off.

MEN HAVE A TOUGH SEASON

The 1985-86 men's soccer season shows a 3-11-4 overall record and a 1-3-2 NCAC record. Nevertheless, the Allegheny soccer team was placed fifth in NCAC ratings. The team's partial success can be attributed to All-Conference second team pick, Senior Mike Mangialardi and Junior Dan Bryson. All-Conference Honorable mentions were Juniors David "Bear" Hirsh and Nick Heyniger.

Mike Mangialardi's broken foot three days before the first game is one of the causes for the team's difficulty. Coach Goldberg commented that "... the team played good, creative soccer all year, but lacked the scoring 'punch' ... the team will miss Seniors Captain Mike Mangialardi, Brian Buther, Ed Retzler, and Tony Rizzo."

Chris Noyes was the recipient of the Bob Barndollar's '64 Memorial Award, established by group of Allegheny soccer alumni who knew Bob and wanted to perpetuate his memory. The award is voted upon by the players.

T. Rizzo travels down the field.

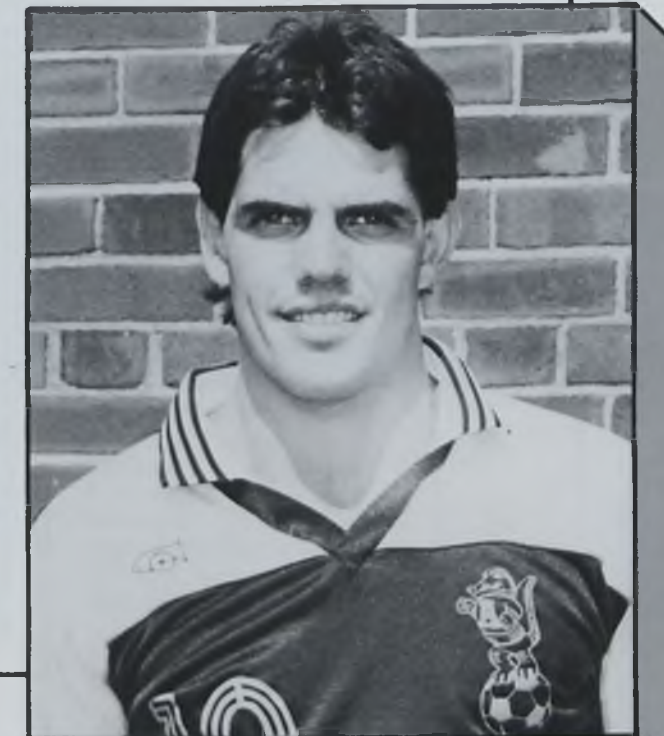

D. Hirsh takes the ball, prepares to make the play.

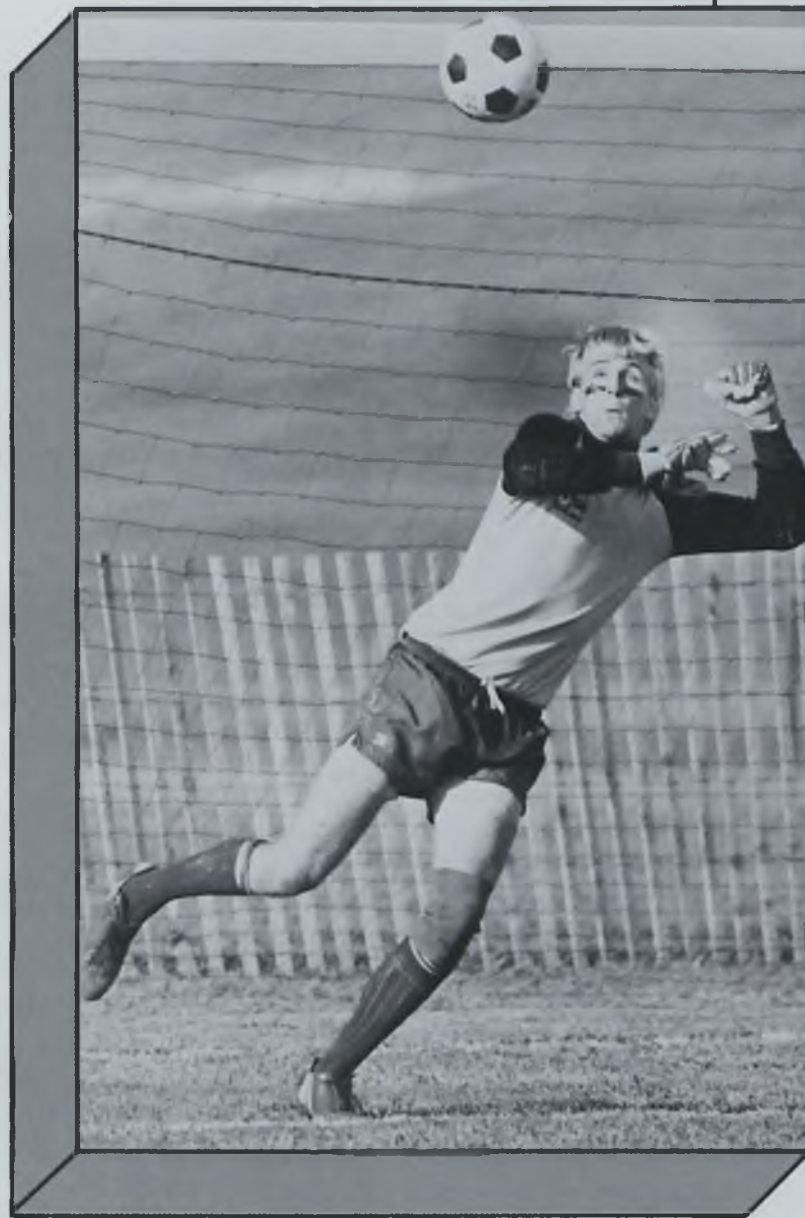

MIKE MANGIALARDI

Forward Mike Mangialardi was named Gator Soccer Most Valuable Player for this season. Although the Gators finished with a 1-3-2 record and an overall record of 3-11-4, Mike was, as always, a strong competitor. At the end of the season, Mike was named to the Second Team NCAC All-Conference. This was a well deserved honor for Mike's play this season. He was also the team's co-captain for the second year.

Not only was Mike a strong player in soccer, he was also a guiding force in baseball. Batting with a .276 average, Mike had 32 hits with 23 runs, 21 RBI's, five doubles, one triple and one homerun. He was a strong center fielder and team leader. He was honored with All-Conference: Best Defensive Player for his work.

Mike is graduating this year with a BA in History. He has made his mark as a top athlete in Allegheny Sports.

R. Keefer goes for the ball.

FIRST YEAR AND ALREADY CHAMPIONS

The Allegheny Women's Soccer team was formed this year (85-86) and made its debut with a 9-1-2 NCAC record and an NCAC conference championship. Quite an excellent season for a newly formed team. Coach John Wilcher commented on the new team's success, "Winning the conference in our very first year was a tremendous achievement: The girls all worked very hard, and I am especially proud of our four Seniors: Lisa Kizilay, Robin Skirboll and captains Mary McLaughlin and Nina Skattum." Other outstanding field players were Juniors Missy Fovel, Sarah Seiley, Sophomores Sue Scudder, Kathy Kuhan, and Freshmen Georganne Morin, Nellie Springer and Cheryl Bakey. Goal keepers Rhonda Moore and Sally Naser had four shutouts and each allowed less than two goals per game. Coach Wilcher commented, "They were perhaps the best tandem of goalkeepers in the NCAC."

Eight of the girls made the NCAC All-Conference team and Georganne Morin was voted the conference MVP Offensive player for 1985. Nellie Springer was the leading scorer with 28 goals and six assists for 62 points and Morin finished second in the league with eighteen goals and twelve assists for 48 points. Rhonda Moore was the top goalkeeper surrendering just eleven goals in eleven games. The 1985-86 Women's Soccer team had clearly achieved "excellence."

E. Tucker controls the ball.

N. Springer and G. Morin confer on strategy.

GEORGANNE MORIN

This was the first year of existence for the Lady Gators Soccer team, but they became NCAC champs and had many star members. One of these team players was Georganne Morin.

Georganne was selected First Team NCAC All-Conference and Most Valuable Player, not only for the team but for the entire league. She was second on the Gator team and in the league in scoring. Georganne scored 48 points on 18 goals with 12 assists.

Being from Mt. Lebanon, PA, a suburb of Pittsburgh, where they take their sports seriously, might have had an influence on Georganne. But her greatest influence may have come from Coach John Wilcher. Coach tapped the potential of Georganne and all the girls to complete a season that was designed for champions only. Georganne was one of those champions.

What makes her accomplishments even brighter is the fact that Georganne is only a freshman. Georganne and the rest of the young Lady Gator Soccer team will be a major factor in the NCAC for the next few years — at least. Congratulations Georganne — keep up the awesome work.

Row 1: Jill Richardson, Sue Scudder, Julie Lichutz, Lisa Muchado, Laura Crowther, Anne McConnell, Eileen Tucker
 Row 2: Kathy Kuhar, Georganne Morin, Paige Kennington, Inga Tannenbaum, Julie Machesky, Melissa Fovel, Nellie Springer, Darlene Henel, Mary McLaughlin
 Row 3: Sally Naser, Debbie d'Ambrosi, Tara Bartlett, Lisa Kizilay, Nina Skattum, Tracy Giziensky, Robin Skirboll, Sara Seeley, Cheryl Bakey, Rhonda Moore, Coach Wilcher.

M. Fovel was an asset to Lady Gators.

S. Scudder and G. Morin gave congrats on a job well done.

HARRIERS COME OFF WITH A WINNING SEASON

The Allegheny men's cross country team finished with an overall record of 57-22. Running strong for the Gators were such veterans as Chris Brussalis, Paul Egbert, Chris Keim, and Tom Brewer as well as the new faces of Sean Brady, Dan Loughran and Jeff Wuchenich.

Gators had a good showing at all their meets. Invitationals at Malone, Fredonia and Buffalo provided the Gators with the opportunity to compete against Division I and II teams and finish well. At Malone, the runners finished ninth out of 19 teams, third out of eight at Fredonia and sixth out of twelve at Buffalo State. The Gator runners came in first in the Homecoming Triangular and second in the Wooster Quadrangular. At the NCAC Championships, the Gators came in second and finished a strong fifth at the NCAA Regional Championships.

Many of the team members received individual honors for their season's performance. Chris Keim received first team All Conference honors as did Paul Egbert and Tom Brewer. Sean Brady placed twelfth at the NCAA Mideast Regional meet which qualified him for the NCAA Division III National Meet. Special awards were given to Paul Egbert for the Most Valuable Player as well as the Scholarship Award. Chris Keim took the Most Improved Award for his performance and Chris Brussalis was given the Team Captain Award.

The Gator cross country team looks strong for next year and the outlook is brighter for better things to come.

Jeff Wuchenich concentrates on the race.

LADIES TAKE NCAC TITLE

The Lady Gator cross country team had a very good season, finishing number one in the NCAC Championships, placing second at the NCAA Regional Championships and ninth in the NCAA Division III Championships.

Four of the ladies received First Team All-Conference honors: Jennifer Shaver, Chris Dudeck, Susie Meyers, and Carol Glatz. Jennifer Shaver, with an outstanding year, was named NCAC Conference and Team Most Valuable Player.

SUSIE MEYERS

"It's an outlet for all my extra energy," says native Californian Susie Meyers on cross country running. One would think this would be a very lonely sport, running for miles, only competing against yourself, but Susie sheds new light on the sport. "Sure, it provides me time to think, relax, but you form the closest bonds with others who run like you do. The friendships are more special. I like to win, I like to do well but its nicer to win with those you are close to. It's a good motivator."

At four years of age, Susie began ballet lessons. She became an accomplished ballerina, dancing with a ballet company in Arizona for several years. Then, after shattering her tail bone four times, it was advised that Susie stop dancing, as there was a great risk of paralysis. To get rid of all that pent up energy, Susie's mom suggested she take up running. She has now run competitively for seven years. Susie feels that running has provided many opportunities of meeting new people, going new places and getting to know herself personally.

GATORS NO. 1 IN NCAC

The 1985 Volleyball season climaxed at the NCAC Tournament with the Gators rallying from behind to defeat Wooster in the Championship. Second seeded Allegheny lost in the second round to Wooster, in what was to be their only loss in the tournament. The Gators then tore through the loser's bracket defeating Kenyon, Ohio Wesleyan, and Case Western Reserve to earn a rematch with Wooster in the semi-finals. Outstanding performances by Gwen Herron, Amy Kissinger, Penny Hess, Sue Plyler, Amy Smith, Carol Frederick, Jamie Smartz, and Mary Kenzie paced the team.

Herron, a Senior, was named Player of the Year for the North Coast Athletic Conference. In addition, she was named to the All-Conference team along with teammates Amy Kissinger and Amy Smith, both Seniors. Smith was also honored as an Academic All-American for the Eastern Region.

Other accomplishments for the 27-16 Gators is the record for most wins in an individual season. This is the first volleyball team in Allegheny history to win over 25 matches in a single season.

GATORS SHOW STRONG FINISH IN NCAC

After a slow start against a tough non-conference schedule the Allegheny College men's basketball team put the pieces together in the North Coast Athletic Conference. Coach John Reynders' Gators finished in a tie for first place in the conference with a 9-3 record — identical to the mark posted by Ohio Wesleyan. Overall the Blue and Gold logged a 16-10 record. It came down to a heart stopping Monday night in February when the Gators needed the win against Case and Ohio Wesleyan had to lose to Kenyon in order for the Gators to obtain the NCAC Title. Gators came through with a 81-66 victory over Case Western. Later that evening, the score was phoned to Coach Reynders — Kenyon won, 86-83. The Gators would host the NCAC Championship. The Gators went on to a disappointing loss in the last game of the championship, ending second.

The team was built around the perimeter shooting of Brian Stadnik and Dave Katz and a stingy zone defense. Brian Stadnik ended the season with a total 489 points scored, 199 rebounds and averaging 19.6 points per game. Stadnik was a First Team All-Conference selection. Dave Katz had scored 215 points, averaging 8.9 point a game with a total of 80 assists. Freshman Garret Daggett missed the first month of the season with a broken hand, but came on strong at the end of the season to give the Gators more hope for the future. Daggett finished the season with 118 total points, 104 rebounds and 22 assists.

The steadying influence on the team was senior center Bill Mills. After a slow start, Mills finished the season second in both scoring (271) and rebounding (173). He was named Second Team All-Conference. Mills' presence will be greatly missed. Replacing Mills is a major concern of the Allegheny coaching staff. (Mills also captained the team along with senior Dave Katz.)

Bill Mills — raising the score higher.

Gators position themselves under the net. left: Stadnik sinks another one.

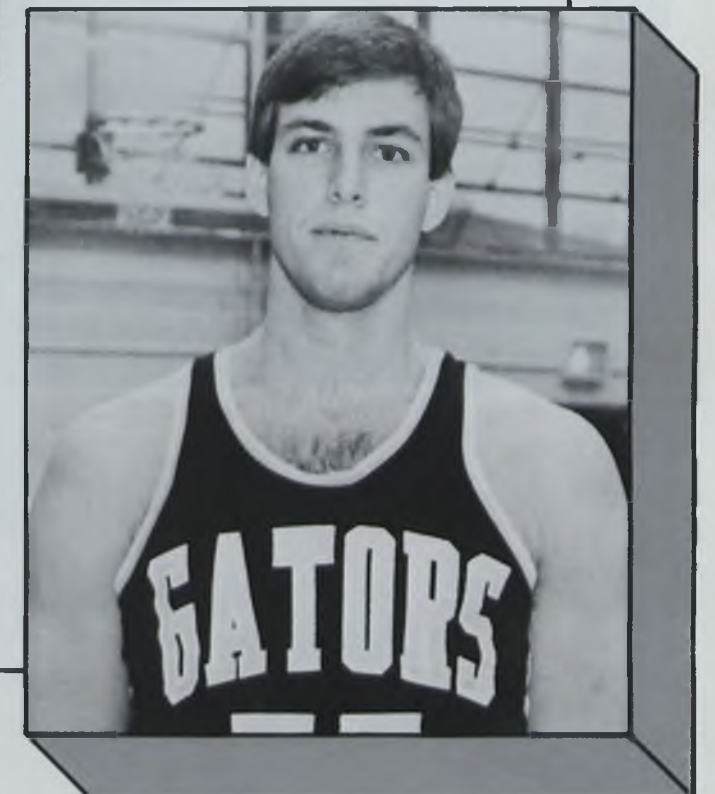

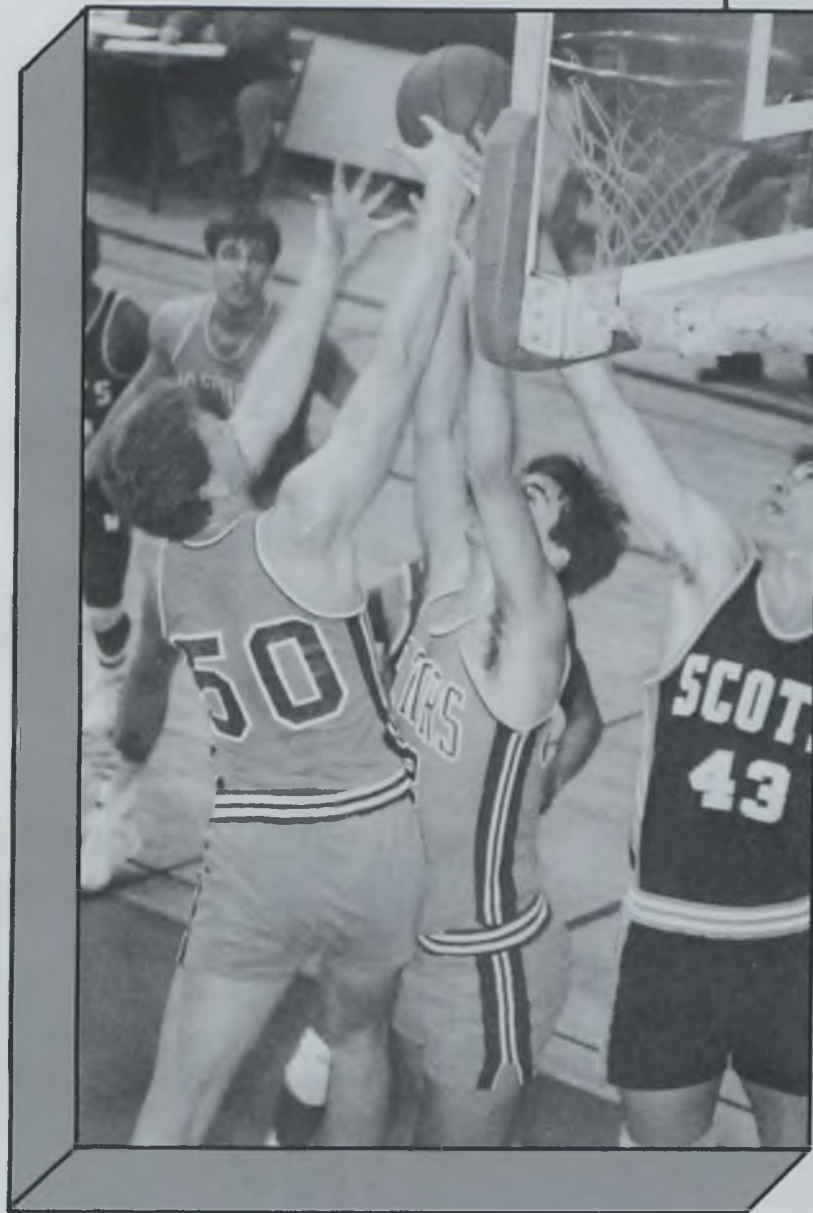

BILL MILLS

Center Bill Mills was the mainstay of the Allegheny Basketball team. Quiet, yet debonaire, Mills was consistent in all play, showing heated emotion when the moment called for it. He played intelligent, controlled ball.

This season, Bill started 25/26 regular season games, averaging 11.3 points per game. He was high scorer in four of those games averaging 18.5 points. He was the top rebounder in seven games with an average of 15. Bill had scored 283 total points. He definitely was a factor in the Gators winning the NCAC title and hosting the championship.

Allegheny basketball's major dilemma is who is to fill the shoes of Bill Mills. It will be a tough job to live up to Mills achievements on the court at Allegheny. He was always there when he was needed, ready to play and make the baskets. Not a flashy player, Bill always got the job done. The Gators say good luck to a star player **reluctantly**. Your absence in the starting line up will be noticed and felt on the court.

Terry Gray takes it down the court.

Juan Devaulle, Merv Moorhead, Mike Jones, Ward Wilson, Sean Snaith, Bill Mills, Jim Miller, John Pitman, John O'Mara, Brian Stadnick, Travis Milton, Dave Warren, Rich Seidel, David Katz.

Mills and Stadnick on great defense.

LADY GATORS UNDEFEATED IN NCAC

Gould's Basketball Gators finished undefeated in the NCAC and fourteenth in the nation. They Lady Gators reaked havoc through the NCAC, not letting up until the last buzzer was sounded. The Gators went on to win the NCAC Tournament and placed third in the NCAA Atlantic Regional Tournament. Gould's Gators ended up with a 12-0 Conference record and a 26-2 overall.

Many individual stars shone on this Gator team. Joan Smith was named All-Time Leading Scorer and Single Season Leading Scorer (360 points) along with First Team All-Conference, Player of the Year, and Player of the Week. Kim Ignace was named NCAA Atlantic Regional All-Tournament Team as well as All-Time Leading Rebounder, Single Season Leading Rebounder (212) and Second Team All-Conference. Suzanne Helfant was also named to the Second Team All-Conference and Single Season Leader in Assists (163). Karen Gubish and Melissa Vogel were Honorable Mention All Conference for their performance of 211 and 226 total points respectively. Karen had 93 assists with 143 rebounds. Missy had 39 assists with 193 rebounds.

With a team that has so many individual stars, its no wonder the Gators achieved what they did. The superstars worked together like a well tuned machine, running smoothly over all opponents. The Lady Gators were a treat to watch in action.

Lisa Smith puts one up there.

top: Joan Smith shooting for two.
bottom: Taking a well deserved break.

KIM IGNACE

All-Time Leading Rebounder Kim Ignace has been playing basketball since the sixth grade. "My family all played. It came easy to me and I enjoyed it." This year Kim received the NCAA Atlantic Regional All-Tournament Team honors when the Lady Gators competed in the Regional Championship. This was a great honor as only four other women were chosen. She was Allegheny's All-Time leading Rebounder and this season's Single Season Leading Rebounder with 212 rebounds. She was nominated for All-American and received Second Team All-Conference honors. What helped Kim achieve all of this? "I feel my greatest strength in the sport is my height and strength because it allows me to get position on my opponents offensively and defensively."

Through the years she has achieved much both academically and athletically. Here at Allegheny, Kim received a BS in Economics and minored in Computer Science. Through her hard work, she received an Economics scholarship. Kim was also involved in Lamda Sigma and the Investment Club. Allegheny will miss their greatest rebounder but wish her good luck and congratulations on a job well done.

A TEAM WITH MANY STARS.

This year, the grappling Gators finished with a 4-7-2 record. But unlike what the record may suggest, the Gator wrestlers had many high points. Among them were outstanding wrestlers like Senior Dan Goodrum, a co-captain and motivating wrestler. He had an injury early in the season which kept him out of action for a while, but he hung in there. Sean Carmody was also a co-captain and had a good year. He placed in many of the tournaments and compiled over a .500 record. The last co-captain was Jeff Payne who had an exceptional year. Winning the first three tournaments of the year, Payne proved to be a strong wrestler, who earned an All-American status at Nationals, placing seventh. Jim Cessna, a sophomore, proved to be an outstanding wrestler. By the end of the season, he had placed in most of the tournaments he entered and had a strong third place finish at regionals. Freshman Tony Pendolino also had an outstanding year, placing in the top six in all six tournaments this season. His best finishes were second at Lebanon Valley, third at Olivet, Ithaca, and Ohio Northern. Bryan Miccucci, a sophomore, placed second in the Lebanon Valley and Ohio Northern Tournaments and won the Olivet Tourney. Matt Mackey, a sophomore, ended the season with a respectable record. One of his better finishes was a fourth place finish at the Ithaca tournament. Throughout the year, he wrestled from 138-190 weight classes, doing well in all of them.

Obviously, the 1985-86 Allegheny Wrestling team was successful in spite of injuries. Overall, the team placed fifth in the Ithaca and Olivet Tournaments and second in the Lebanon Valley Tournament. Gators placed 32nd out of 69 teams in the NCAA division III Nationals. The Gators had their moments in the sun.

Matt Mackey gets some advice from Coach.

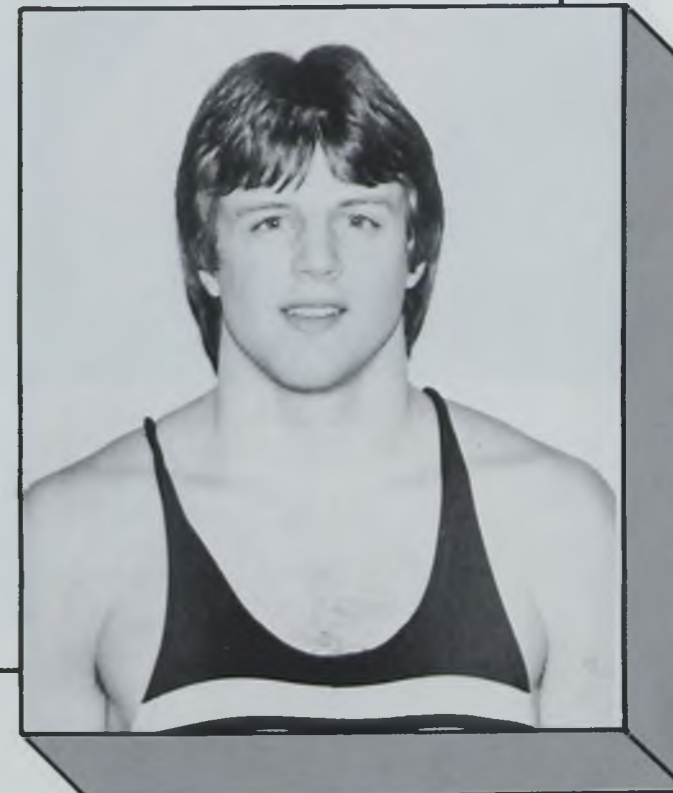

Sean Carmody works for the win.

JEFF PAYNE

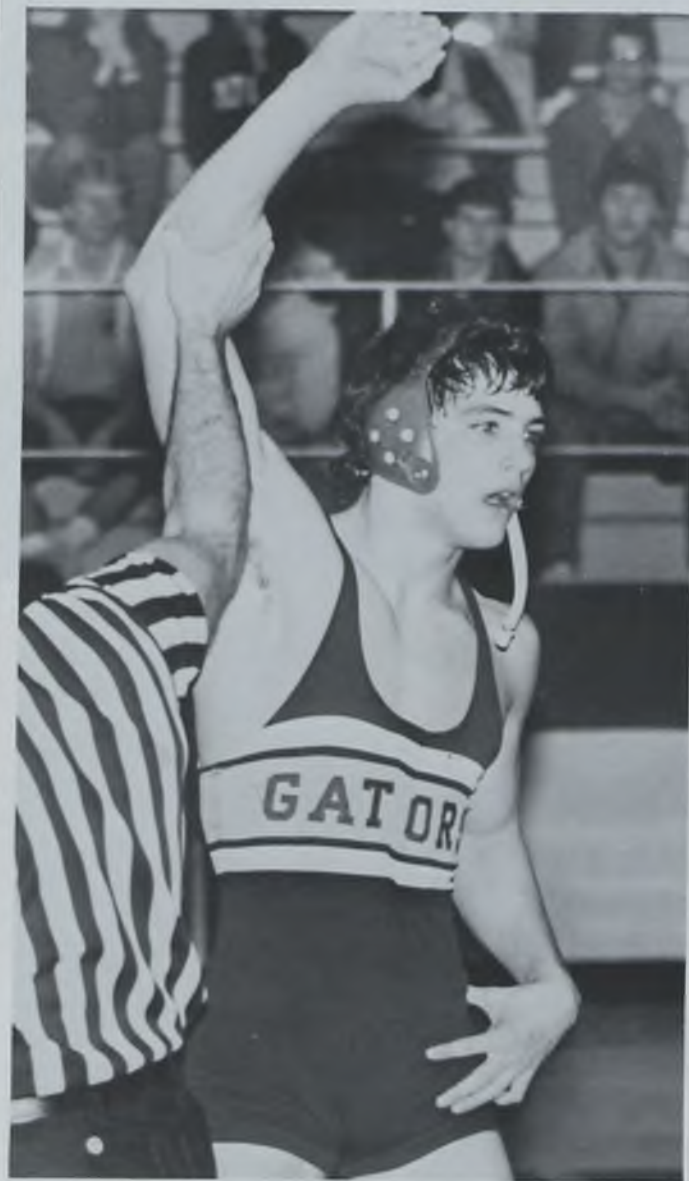

When asked why he chose to transfer to Allegheny, wrestler Jeff Payne replied, "Allegheny has a very good computer science program; it's a good school and close to home." But the main reason for the transfer was to wrestle, and wrestle he did. Senior Jeff Payne became Allegheny's first All-American in wrestling in several years. Upon winning the honor, Jeff noted that he had "mixed feelings." He stated, "I was happy to be All-American but I had gone there with the intent of winning it all."

Wrestling now for fifteen years, Jeff believes his greatest influence was his father. Also, the sport posed a great challenge, "It's a very tough sport." Jeff enjoys challenges of a different sort, pursuing a degree in computer science from Allegheny and obtaining an economics degree from Penn State. Jeff is also involved in the Allegheny Christian Outreach program. Jeff's hard work and dedication has assisted him in his pursuit of combining athletic excellence and academic excellence.

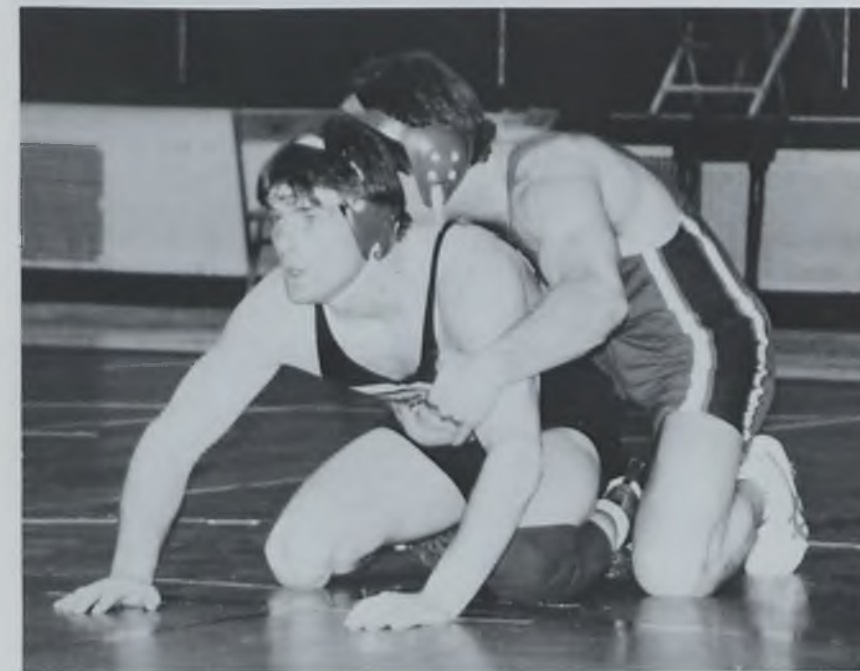

Row 1: Chris Weiland, Sang Woo, Jeff Payne, Jim Cessna, Tim Bucci, Scott Brown, Tony Pendolino. Row 2: Assis. Coach Dick Turk, Equipment Manager Joe Tartaglione, Dan Goodrum, Bryan Micucci, Sean Carmody, Matt Mackey, Ron Ledbetter, Jamie Plunkett, Coach Mitch Roe.

Tony Pendolino is victorious once again.

MEN'S SWIM TEAM COMPETES IN NCAA

Men's Swim Team completed the season with a 9-3 overall record and a combined record of 155 wins and only 12 losses. The men placed second in the NCAC Relays, first in the Rochester Invitational, third in the NCAC Championship meet and seventh out of 120 teams in the NCAA Championships.

With such an outstanding season, it is only natural to have many swimmers who have received awards for their season's performance. Receiving All-Conference Awards were Bill Watson, Doug Rusk, Timothy Dowdall, Patrick Stewart, John Weyman, Keith Lazarcheff, David Yezbak, Thomas Simpson, John Miller and Timothy Kuzma. All-Americans were also named: Bill Watson, Doug Rusk, Timothy Dowdall, Patrick Stewart, John Weyman, Keith Lazarcheff, David Yezbak, Thomas Simpson and John Miller. Doug Rusk received the Outstanding National Swimmer and Outstanding Senior Athlete Awards Patrick Stewart received the outstanding Conference Swimmer honors and Bill Watson received the Fisher Award.

Men's swimming has always been a strong sport at Allegheny in the past few years and will continue to be with the young team and the "Intense Burning Desire."

Eric Hamidi waits for his heat.

LADY GATORS FINISH THIRD IN NCAC

The Lady Gators finished another successful season with an overall record of 8-2 and a combined all-season record of 137-18. The ladies placed second in the Rochester Invitational, first in the NCAC Relays, third in the NCAC Championships and thirteenth out of 120 in the NCAA Championships. Overall, the Swimming Gators had a fine year.

Many of the ladies received All-Conference Awards. In fact, 12 out of 20 ladies were All-Conference and eight out of those 12 were All-Americans. Those receiving All-Conference honors included Tammy Bachman, Carol Antila, Heather Zinn, Kelly Nurss, Beth Synder, Stacy McCall, Caroline Rossanda, Julie Machesky, Karen Vogler, Jennifer Mowrey, Lori Duggan and Cathi Forbes. Those named All-Americans for this season were Tammy Bachman, Carol Antila, Heather Zinn, Kelly Nurss, Beth Synder, Stacey McCall, Caroline Rossanda and Julie Machesky.

A SPECIAL BREED OF ATHLETE

Courtesy of the Campus

Risk, fear, intensity, perfection, dedication — these are some of the emotions and attitudes that rule the lives of a special breed of athlete.

Allegheny is fortunate enough to be able to boast of a nationally recognized group of such athletes.

The Allegheny Diving Team ended its season in March with an All-American list of accomplishments.

After a schedule of ten regular meets, Coach Tim Riggs took his team of seven freshmen and sophomore divers to C. T. Branin Natatorium in Canton, Ohio for the NCAA Division III National Meet.

Women divers competed March 5-8, and Men March 12-15. The top eight scorers in each event were named All-American.

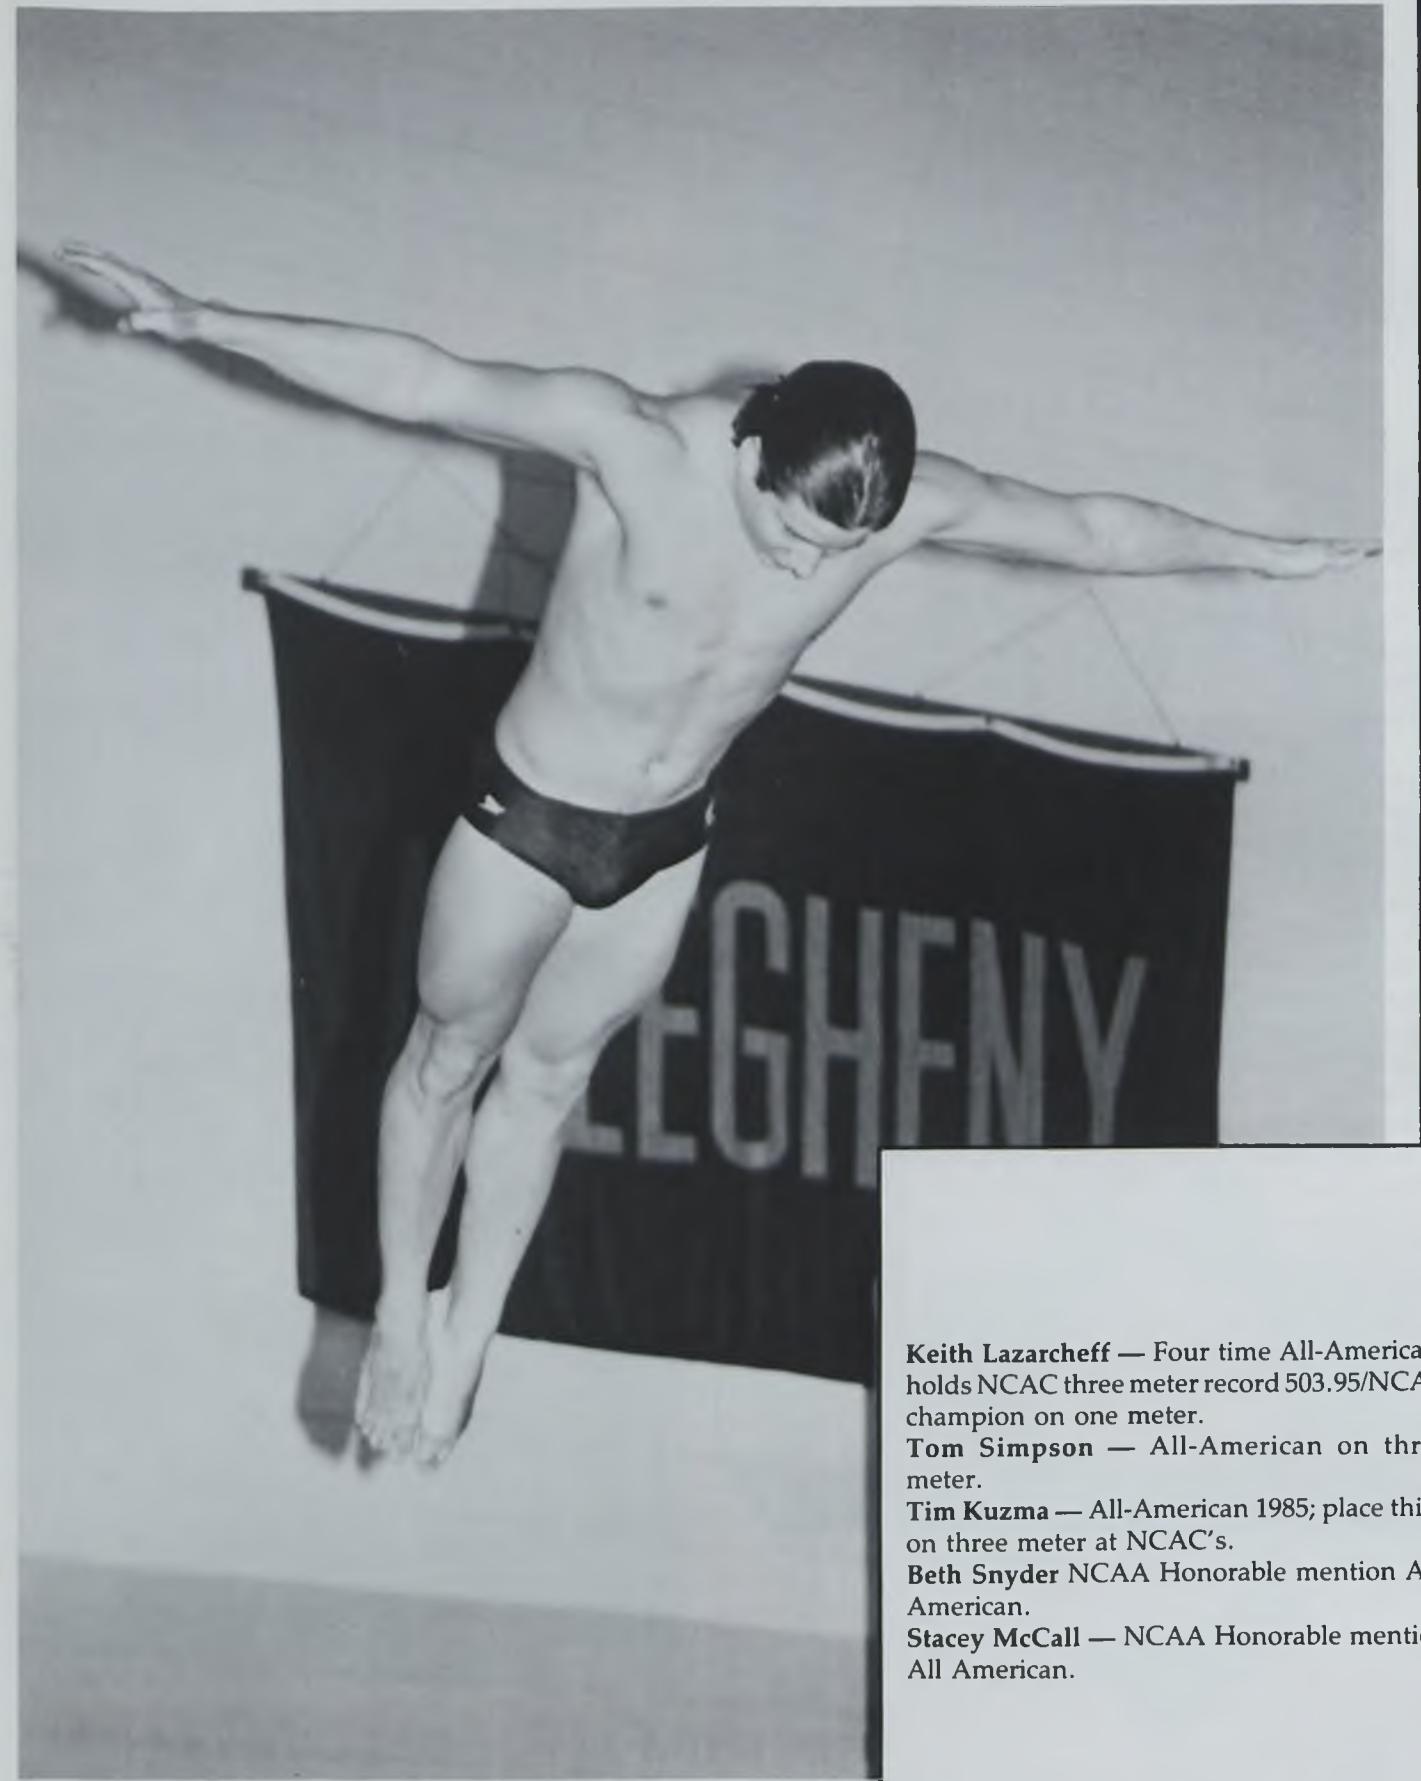

Freshman Beth Snyder placed ninth on the one meter board, qualifying here for Honorable Mention. Sophomore Stacey McCall placed 16th on one meter and 14th on three meter, qualifying here for Honorable Mention in both events.

For the men, Sophomore Keith Lazarcheff placed Second on one meter and fifth on three meter, making him All-American in both events and an overall four-time All-American. Freshman Tom Simpson placed seventh on three meter, giving him an All-American title, and 20th on one meter. Simpson's back two-and-a-half somersault was the highest scored dive at the meet with 67 points.

Aside from his team members' All-American standing, Riggs said the highlight of his season was reached in the NCAC Conference Meet at Oberlin College in February, where Lazarcheff placed first, Simpson third, and Tim Kuzma fourth in one meter event.

Keith Lazarcheff prepares for a winning dive.

Keith Lazarcheff — Four time All-American, holds NCAC three meter record 503.95/NCAC champion on one meter.

Tom Simpson — All-American on three meter.

Tim Kuzma — All-American 1985; place third on three meter at NCAC's.

Beth Snyder NCAA Honorable mention All-American.

Stacey McCall — NCAA Honorable mention All American.

BUILDING YEAR FOR THE GATORS.

The 1985-86 Baseball team had a disappointing season. Coach Creehan commented "We were all hoping to finish stronger in the NCAC. I felt this was a contending year, not a building year. Injuries and weather conditions played a part in our inconsistent play." Inconsistent was the word for this year's team. In four game weekends, the Gators could not pull off a sweep, losing one or two games every time.

Although the team's performance was less than expected, individual players' performance was great. Seniors George Panebianco and Fran Troyan finished their college careers off well. George was at bat 110 times with 36 hits, scoring 33 times and bringing in 16 runs. He had three homeruns, two triples and eight doubles. Although Fran was injured during the season, he finished with a .329 batting average. He scored twelve runs and batted nine runs in. Allegheny's greatest hope for next year is Eddie Taylor. Eddie batted a .333 average, stole fifteen bases, brought in 25 runs and scored 34 times. He hit four homeruns, the highest for the team. Freshman pitcher Tim Bruzdewicz provided the throwing power with a 2.85 ERA and a record of 5-3, pitching a total of 47.2 innings.

Allegheny was a co-champion in the NCAA last year and placed 21st in the country. Hopefully, next year will be the contending year Coach Creehan wanted. The Gators are losing seven seniors, but hopes are high for a winning season.

Nick Libertini ponders the situation.

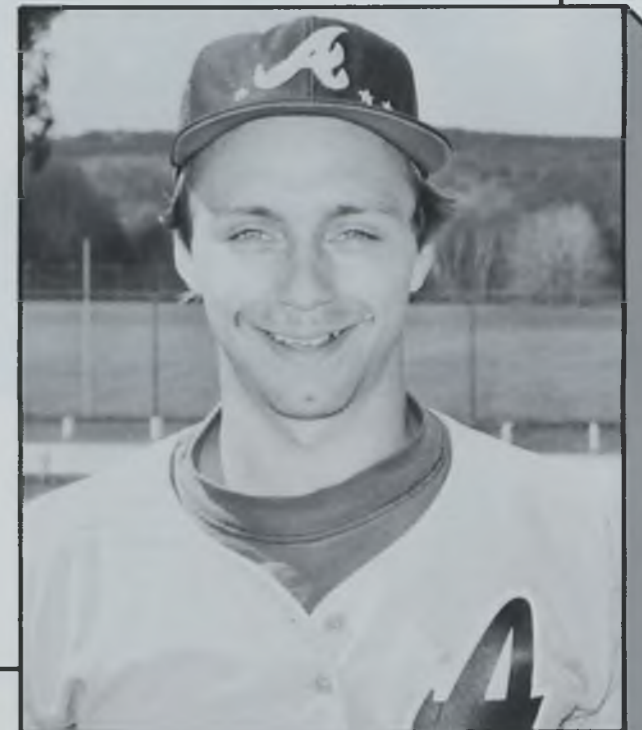

FRAN TROYAN

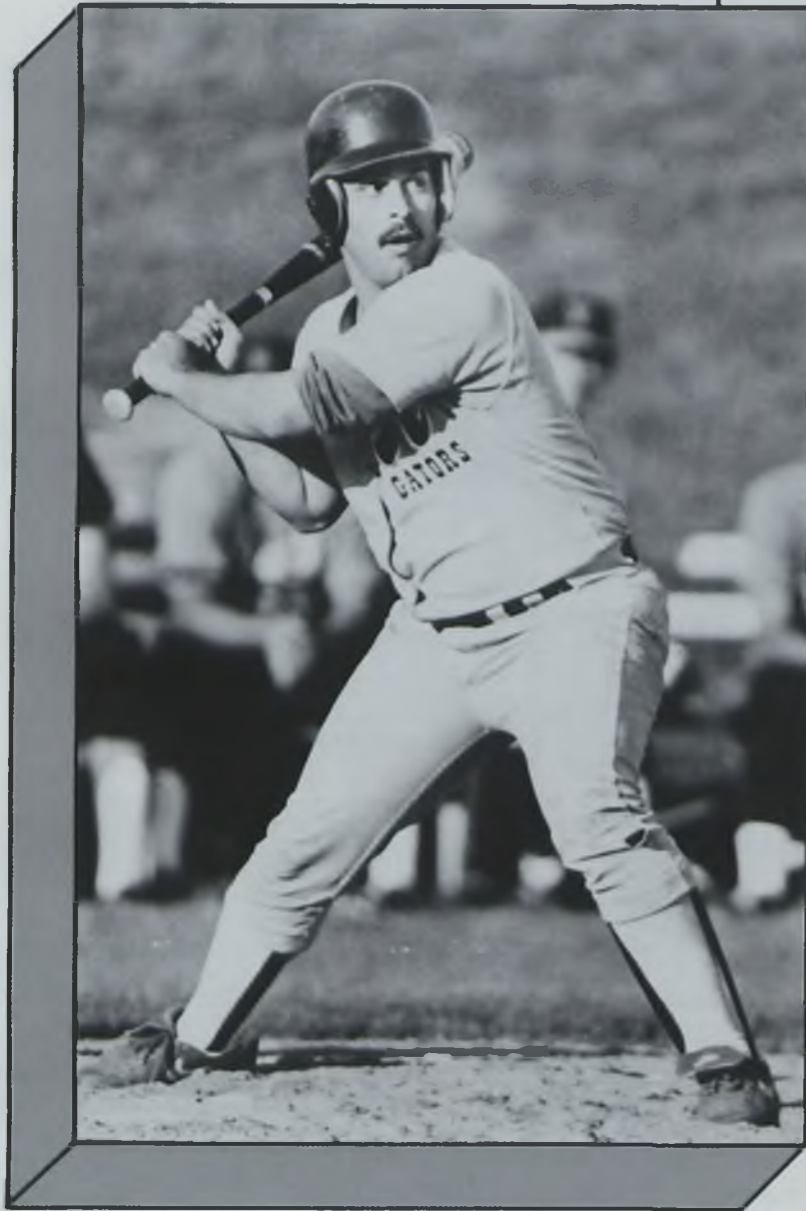

E.T. goes for another homerun.

Fran had been playing baseball for the past eight years. Fran turned out to be a born leader and felt that this was one of his greatest strengths in the sport. Another one of his strengths was his base running. This was hampered, though, this season when Fran suffered a severe hamstring pull in mid-season. He had to lead from the bench for a while. Nonetheless, Fran regained the ability to play during the last few games and finished the season with a batting average of .329, being at bat 85 times. He had 28 hits with three doubles, one homerun, nine RBI's and eleven stolen bases with only six strikeouts. Defensively, Fran played shortstop and played it well. He only made 12 errors for a .884 fielding percentage.

Fran was also the Resident Director of South Hall and a member of the Fellowship of Christian Athletes. Last year, Fran was involved in Athletes in Action, a national athletic ministry. He traveled around Europe competing in different countries, sharing his talent and faith with other athletes. One distinction that Fran has that no other person in the world (probably) can claim is that he was the first person to hit a homerun in a Soviet-bloc country!

Fran had received the Phi Beta Kappa award, graduating with a BA in International Studies.

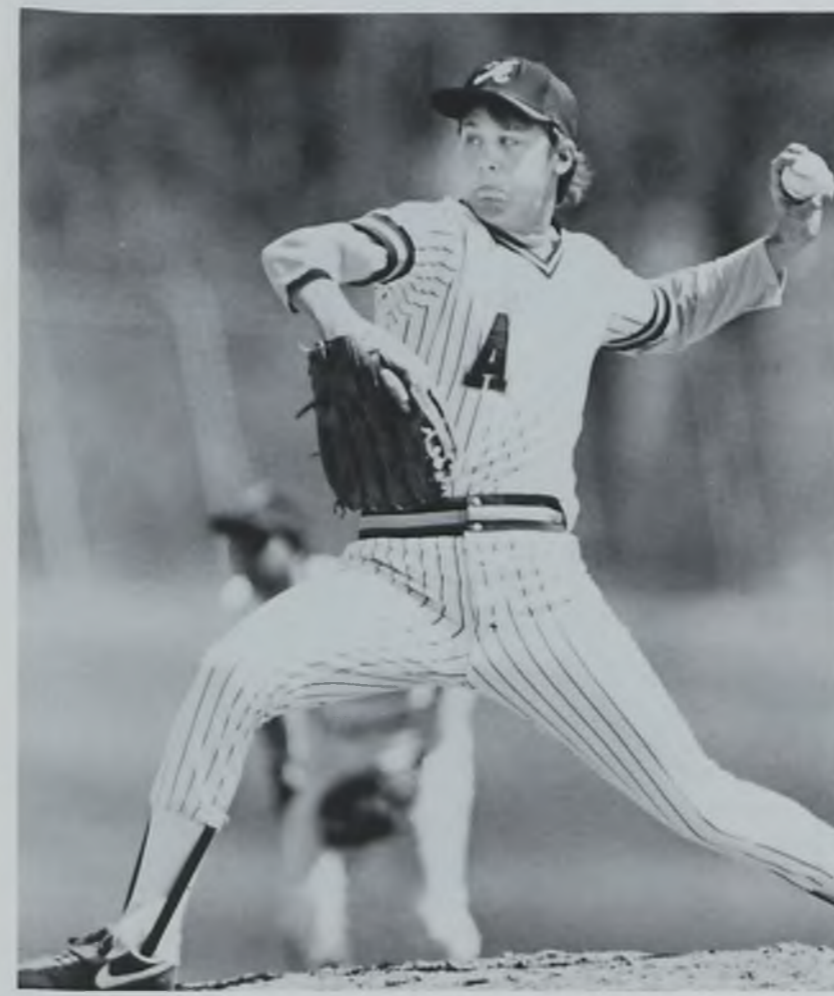

Steve Greenberg prepares to throw a strike.

Row 1: Coach Creehan, John Retton, Mike Mangialardi, Nick Libertini, Fran Troyan, George Panebianco, Assis. Coach Jeff Groff. Row 2: Joe Tartaglione, Jeff Susan, Jerry Wegley, Ray Miller, Tim Bruzdewicz, Tony Libertini, Rich Reisinger. Row 3: Bob Pallone, Kent McFarland, Steve Greenberg, Ed Taylor, Gary Moser, Mike Finegan, Will White.

AWESOME!!

That's the only way to describe the 1985-86 Lady Gator Softball team. The Lady Gators finished the regular season with a 34-4 record, the best finish ever at Allegheny, and captured the NCAA Central Regional Title. The team entered the National tournament ranked **first in the country!** At Nationals, the Lady Gators placed fourth in the nation, the best of their three showings! What more could we ask?

How about All-Americans? Junior Missy Vogel was named First Team All-Region, First Team All-American, NCAA Division III National Championship All-Tournament Team, and Co-Most Valuable Player. Missy's partner for Co-MVP was Gia Celularo, a sophomore from Boston. Gia also was named First Team All-Region and First Team All-American. Sophomore shortstop Nancy Nelson received First Team All-Region and Second Team All-American while Senior left fielder Sue Custard received First Team All-Region and NCAA Division III National Championship All-Tournament Team honors.

One of the greatest assets the Lady Gators have is youth. Only two seniors who started are leaving this year: Joan Smith, third baseman and Sue Custard, left fielder. The starting players for this year included three freshmen, the Shelley Brown-Melissa Andrick pitcher/catcher combination, and another pitcher, Erika Renwick. Shelley Brown had 16 shutouts this year and pitched three straight victories in the Regionals to lead the Gators to the NCAA Division III Championships. Starting sophomores included first baseman, Suzanne Helfant, second baseman Gia Celularo, Short stop Nancy Nelson, DH Kathy Kuhar and catcher Kelly Cannon who was injured in the second game of the season. Missy Vogel, center, and Kathy O'Hara, right field were the starting juniors.

Pitcher Shelley Brown winds up with a knuckle ball.

GIA CELULARO — ALL-AMERICAN

Sophomore Gia Celularo, from Worcester, Mass., was an outstanding second baseman. Her defense is spectacular. Committing only seven errors for the year, Gia had a fielding percentage of .953. Offensively, Gia had a .341 batting average, having 42 hits with 123 at-bats that included four doubles, four triples, two homeruns, and 24 RBI's. She had seven stolen bases and only five strikeouts.

Gia received Co-Most Valuable Player along with Missy Vogel and was named First Team All-Region and First Team All-American. For only being a sophomore, Gia has proved herself to be a second baseman worthy of opponents' concern. Gia is strong both offensively and defensively and will always get the job done.

NANCY NELSON — ALL-AMERICAN

Shortstop Nancy Nelson was named to the First Team All-Region and Second Team All-American for her outstanding play this season. Nancy, a sophomore at Allegheny, was the Gators most productive hitter for the season. Being at bat 106 times, Nancy had 42 hits for a .396 average. The 42 hits included four doubles, three triples, five homeruns and leading the team in RBI's had 41. In the NCAC Championship Tournament alone, she was seven for 14, eight runs batted in. She had 12 stolen bases and only three strikeouts.

Defensively, Nancy did commit 23 errors but most of these were early in the season. She ended with a fielding percentage of .836.

Also a Sophomore, Nancy provided a defensive spark for the team. She should play an important role in Gould's Gators continued success.

MISSY VOGEL — ALL-AMERICAN

A Keystone Oaks (Pittsburgh) graduate of 1983, Junior Missy Vogel was the oldest of the All-Americans. Along with being All-American, Missy gained Co-Most Valuable Player, First Team All-Region, and NCAA Division III National Championship All-Tournament Team honors. What a collection!

Letting the statistics tell her story, centerfielder Vogel was at bat 111 times having 37 hits. She had three doubles, one triple, three homeruns, and 29 RBI's. This allowed a .333 batting average. She had only six strikeouts and tied for the most stolen bases on the team with 19. Defensively, she only committed three errors to have a fielding percentage of .958.

When you watched any of these ladies play, you were in for an exciting adventure. Vogel could run down any fly ball and throw it infield with deadly precision. Celularo would gun down any intruder at second while Nelson would nail one between second and third. All three of these ladies deserve the All-American honor. Their performance was simply spectacular.

MEN'S TRACK PLACES THIRD

The following is courtesy of the CAMPUS — Susie Meyers

The Allegheny Men's Track Team travelled to Delaware, Ohio on the weekend of May 9-10 for the North Coast Athletic Conference Track and Field championships.

At the end of two days of tough competition, the men's team tied for third with Wooster, obtaining a respectable total of 76 points for each. Pete DeStefano, the men's head coach, was pleased with the men's overall effort. "Our third place finish was the best we've had in a long time. We were fifth last season and now we're third. The program is going in the right direction."

Aiding the success of the team were Allegheny's field event people. Good performances were turned in by Brian McAllister who won the shot-put and placed third in the discus. Ken Thompson was second in both events giving Allegheny a strong start in the meet. Though only a sophomore, McAllister threw a powerful shot of 48 feet, 8 inches, setting a new NCAC record which was previously held by teammate Ken Thompson.

Other fine performances were turned in by Chris Noyes, Tony Rizzo, Bob Utberg and Tim Dowdell. Noyes placed second in the grueling 3000m steeplechase. Rizzo had a third place finish in the 10,000 and Utberg finished third in the triple jump. Dowdell looked strong as he placed second in the 1500m as well as fifth in the 5000m.

Although the 400m relay team finished fifth in the race, the combination of Chris Powell, Mike Mechling, Al Martin and Jose Rodriguez shattered the school's old record with a time of 44.84.

DeStefano said of the men's performances, "This team has shown what hard work and discipline can do."

Paul Hoffman heads for the finish line.

Row 1: Scott Smith, Steve Gould, Jeff Wuchenich, Tim Caldwell, Dan Laughran, Rich Tencza, Dan Henderson, Jose Rodriguez, Mike Lubak Row 2: Don Mitchell, Chris Heinrich, Paul Hoffman, Paul Egbert, Brian McAllister, Brian Antal, Shane Wheeler, Dave Baumgarten, Mike Mechling, Chris Powell, Bill Broderick Row 3: Head Coach Pete DeStefano, Assis. coach Tim Riggs, Tim Dowdall, Tony Rizzo, Bob Utberg, Chris Minnie, Tom Brown, Ken Thompson, Chris Noyes, Al Martin, Assis. coach Jack Leipheimer, Assis. coach George Yuhasz.

TRACK PRODUCES SEVERAL CHAMPS

Indoor/outdoor women's track produced many stars this year. In indoor track, the Lady Gators placed third in the Slippery Rock Invitational, third at the Mt. Union Invitational and first in the Mt. Union All-Comers. The ladies placed second in both the NCAC Relays and Championships. There were six conference champions: Jen Shaver — 1500 Relay, Chris Dudeck — 3000, Sandie Starr — shot put, Chris Binnie — Relay, Jen Nassar — 60 H. Relay and Carol Glazt — Relay. In all there were 21 All-Conference athletes. Sandie Starr was a national qualifier for shot put and Jen Nassar was named team MVP.

In the spring, the Lady Track team placed second in the Wooster Quadrangular and first at the Baldwin-Wallace Invitational. There four conference champions and 14 All-Conference athletes. Sandie Starr was named All-American in shot put and Jen Shaver, All-American for the 1500 meter run. Sandie received the MVP award for this season.

The following is courtesy of the CAMPUS

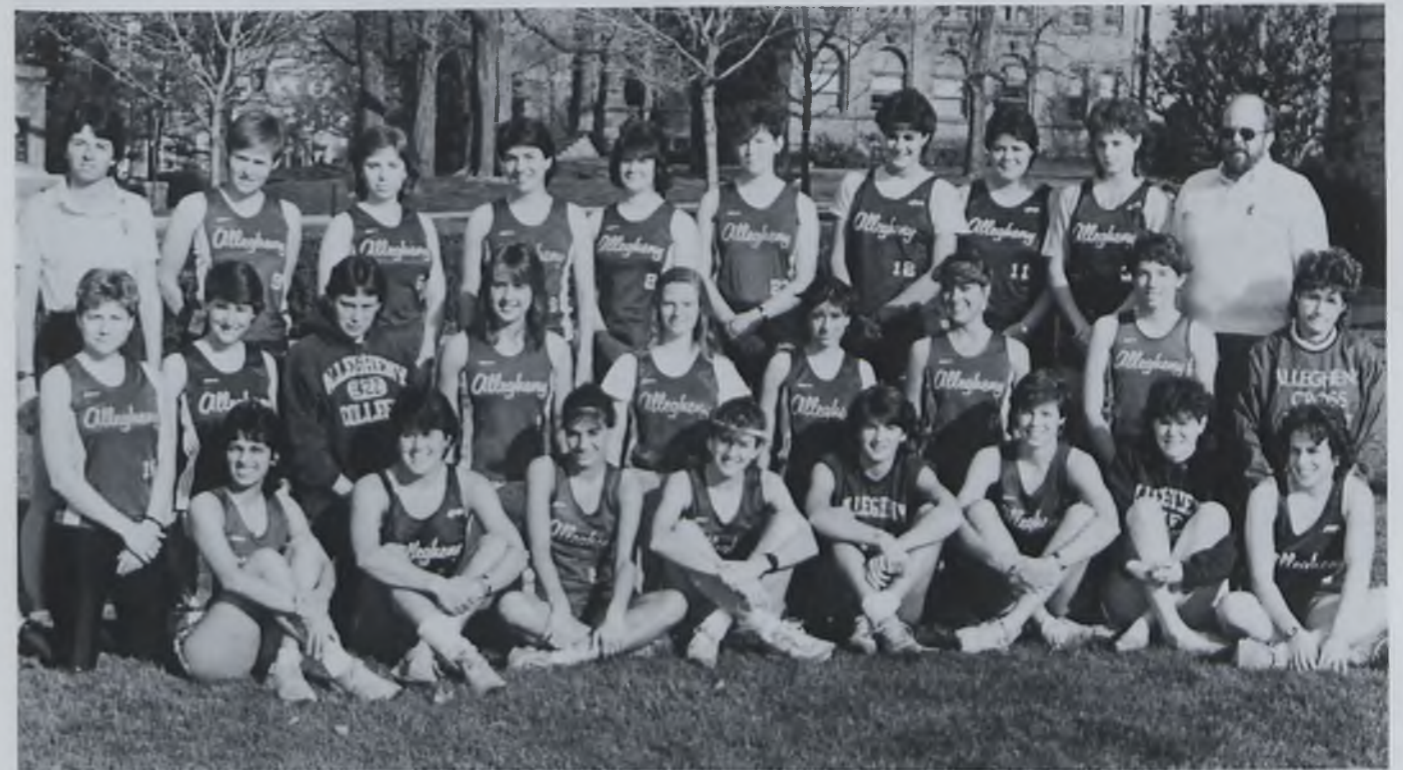

Earning the prestigious All-American status were senior Sandie Starr and freshman Jennifer Shaver, the only members of the team who earned national championship berths.

Starr tossed a career and school best of 44 feet, 6¾ inches to place fifth in the shot put, bettering her NCAC winning toss by 1½ feet.

Shaver's clocking of 4:34.74 in the 1500-meter run shattered the record that she had established in the qualifying trials and earned her a sixth-placed finish in the finals. Both efforts bettered the previous school record held by All-American Jennifer Colgrove at 4:39.23.

Jen Shaver — All-American

Row 1: Roufaida Al-Misky, Paige Kennington, Laurie Massucci, Jen Shaver, Jen Nassar, Chris Binnie, Sue Becker, Debbie Abramhson Row 2: Carol Glatz, Lynn Richards, Chris Mowrey, Sue Dell, Lisa Burnett, Karen Thorndill, Sue Meyers, Lisa Mahle, Chris Dudeck Row 3: Coach Alison Stanford, Rhonda Franklin, Sondra O'Block, Sue Denncler, Regina McDinney, Mary Ann Donovan, Liz Bona, Sandie Starr, Carol Frederick, John Wilcher, assis. coach.

MEN HAVE A DISCOURAGING SEASON

The Men's Tennis team finished the year with a 1-4 Conference record and a 8-9 overall record. But they did have shining points during the season. The Gators placed fourth in the NCAC Tournament.

Although they had a disappointing season, Dave Watson and Tim Temple received several awards for their play. Dave Watson was named to the NCAC Second Team All-Conference. He had placed third in Singles. Dave also received Most Valuable Player, Sportsmanship and Leadership awards. Tim Temple also was named Most Valuable Player and received the Leadership award.

The team is graduating these and several other seniors but have high hopes that the young team will improve.

LADY NETTERS END WITH 9-3 RECORD.

The Allegheny Women's Tennis team was successful this year, finishing with an overall record of 9-3. The Lady Gators defeated Division I Cleveland State, 8-1 to end their regular season. The Gators were defending NCAC champs as they went into the tournament this year. The Ladies ended up placing third in both the Mid-Atlantic Tournament and in the NCAC Tournament.

Co-Captain Tory Thomas received All-Conference honors for first team as well as Most Valuable Player. Co-Captain Krissy Kohl also received All Conference honors. Cindy Dresser received the Sportsmanship award for her performance this season.

The Lady Gators hope to regain their NCAC championship title when next year rolls around.

GOLFERS — NCAC CHAMPIONS

The Gator Golfers had a very good year, placing first in the NCAC Tournament and ninth in the NCAA Championship Tournament. Three of the golfers were named to First Team All Conference — Scott Sundstrom, Fred Eames and Rob Leppert while Dave Chuba was named to Second Team.

The Gators had to come from behind to win the NCAC Tournament. After the first round of play, the Gators were behind only Wooster. During the second round, the Gators came back to a two stroke lead. Fred Eames and Scott Sundstrom led the comeback, shooting 76 and 77 respectively. The Gators maintained this lead through the final round to become the NCAC champs. Accepting the NCAA bid for the tenth year in a row, Sundstrom's Gators placed ninth in the Nationals.

Along with being named All Conference, Co-Captain Fred Eames received All American Honors, Most Valuable Player, and Academic All American. Fred had a 77.6 stroke average with a low round of 71. Co-Captain Scott Sundstrom also shot well during the season. He tied for third in the NCAC's and shot a low round of 75. Three second year lettermen provided some good shots for Allegheny. Robbie Leppert tied for sixth in the NCAC's while Dave Chuba tied eighth. Sophomore David Glabicki had a stroke average of 77.5 with a low round of 74 in the NCAA's. Freshman Sam Wiley, a promising player, received his first year letter.

Graduating only one senior, the golfing Gators are young and strong. Another NCAC championship is hoped for next year as well as a higher finishing in the NCAC Championship.

Fred Eames puts another one on the green.

"GO GATORS!!"

Lets hear it for the Gators! One of the Gators' biggest fans for football and basketbal are the Gator Cheerleaders. The Cheerleaders support the teams through thick and thin, warm or cold weather, winning or losing seasons — they are there.

Contrary to popular belief, the Gator Cheerleaders are more than just a bunch of air head blonds in short skirts (There's brunettes too.) No, like any of the sports they cheer for, the Cheerleader must maintain a 2.0 GPA, attend summer camp, all practices and all sports functions. This means alot of hard work.

For the first time, the Cheerleaders went to camp to prepare for the 85-86 football season. For seven days, the girls got up at 6:30 a.m. to eat and be on the field by 7:30 for nonstop cheering, dancing and mount building until 10:00 p.m. Here they received two blue ribbons and one red for their excellence in performance.

The girls need strength, flexibility, coordination and the willingness to stand behind their Gators. Time is a major factor in performance. During football season, the Cheerleaders practice five days a week for two hours. Saturday, for three hours, they are cheering at the games. Travelling time and overnight trips must also be scheduled in. Basketball season offers two games a week, practice times and travelling. Not only must a cheerleader be able to balance during routines, they must also be able to balance their time. All this hard work and dedication pays off when the crowd applauds for a successful mount.

You will see the Cheerleaders at every game, giving it their all for a team they love. "Go Gators!" has special meaning to these girls. They love their Gators!!

top: "GATORS NUMBER 1!"

ALLEGHENY FENCING CLUB

The following is courtesy of CAMPUS — Meg Powers and Sara Potter

Allegheny's fencing team took 6 of 11 individual placings at the Allegheny Fencing Open Competition.

Competitors represented Pennsylvania State University, Case Western Reserve, West Virginia University, Cleveland High School and Allegheny.

Peter Fix, of Allegheny, finished first in the Men's Intermediate class. Herbert James, Case Western Reserve, finished second, and Bill Moody, Allegheny, was third.

Chadd Nesbit, an Allegheny freshman, placed first in the men's novice event. Eric Schwerer also an Allegheny freshman, placed second. Third place went to James Shoup of Penn State University.

Women's competition was not divided into novice and intermediate classes due to lack of participation. Claudia Woods of Case Western Reserve finished first, Allegheny College senior Tracy Croll took second. Allegheny sophomore Virginia Adkins placed third.

The preliminary competition consisted of one pool of men. Each member of a pool fenced or bouted, with everyone else in the same group. The top five fencers from each pool then moved up into the double elimination round.

The club has had one team meet this year, which they lost by one bout, and went to two open tournaments, where President-elect Chadd Nesbit said they did well.

The Gator fencers have made great strides for improvement for the following years. The fencers have put together a network of contacts that allows the club to gain information and experience with their sport. For next year, there will be three student instructors, Susie Levis, Peter Fix and Eric Schwerer, as well as outside experts coming in. Hopes are high for increased enrollment and performance for the coming year.

Peter Fix prepares for a bout.

HOCKEY TEAM FINISHES THIRD

Allegheny College Hockey team finished third in their division this year with a 5-9-1 record. Allegheny qualified for the play-offs for the first time in several years. They lost, though, in the first round to I.U.P. by a score of 6-1.

Outstanding players included Juniors Matt Hughes, Captain, and Tom Klein. Sophomore Andy McCaffrey and freshmen Ryan Keefer and Dave Cook were also outstanding.

The best performance of the season was a 3-3 tie with Gannon University. Allegheny led 3-2 late in the game before allowing the tying goal. This tie is impressive since Gannon was the division winner and a league finalist.

Row 1: Carl Carrera, Tom Knox, Dave Cook, Dave Brockwell, Fred Boyle Row 2: Jon Meyers, D.J. Connelly, Phil Medsger, Ryan Keefer, Ron Greg, Bill Murphy Row 3: Coach Jamie Plunkett, Tom Klein, Ken Fisher, Matt Hughes, Andy McCaffrey, Charlie Smith, Mike Mead, Jim Muha, Art Knizer, Mel Eperthener.

ORGANIZATIONS

CLUB & ORGANIZATIONS

Allegheny Christian Outreach

Allegheny Christian Outreach (A.C.O.) is a student led non-denominational Christian fellowship group that was begun at Allegheny by the Coalition for Christian Outreach in 1971. The goal of A.C.O. is to provide as many learning opportunities as possible for students to understand more clearly what it means to be a Christian in the fullest sense. This involves learning how to develop a Christian perspective that affects the way text books are read, the way television and movies are watched, the way games are played, the way all the academic disciplines are viewed, as well as the way Scripture is interpreted and acted upon.

A.C.O. meets as a large group every Friday evening to sing, worship, and to listen to a speaker who is brought in from as far as Pittsburgh. In addition to the weekly Friday night times of fellowship, A.C.O. organizes Bible Studies in every dorm, offers discipleship groups, prayer groups, social activities, and plans a Fall and Spring weekend retreat. During winter term, A.C.O. participates in the Jubilee Conference held at the Hilton Hotel in Pittsburgh. This conference gives students a much broader opportunity to develop a Christian perspective in their major.

Allegheny College Choir

The Allegheny College Choir is more than just another musical group on campus. Since its inception in 1930, under the baton of Dr. Morton J. Luvaas it has been dedicated to pursuing musical excellence. The repertoire includes pieces by Bach and Brahms and more modern spirituals. The choir usually performs two or three times a year.

Working together for three times a week fosters a feeling of camaraderie within the group which makes for "one big happy family." Choir tours to Chicago, Florida, Pittsburgh, and Cleveland are an added plus . . . Especially under the baton of Dr. Ward Jamison, it can't be helped that close bonds of friendship are formed which add to one's total college experience.

Allegheny Community Exchange

Allegheny Community Exchange (ACE) is an organization designed to encourage student involvement in the Meadville community. Each year over ninety students volunteer their time and services to eleven different groups and organizations established in the area. Some divisions of ACE include United Cerebral Palsy, Crawford County Home, Headstart, and Pet Therapy. The amount of time put into the program is up to the volunteer, so a comfortable schedule can be worked into the weekly course load. The returns of giving oneself to these volunteer groups are well worth the effort.

The benefits of ACE are manyfold. The Meadville community gains support for their organizations through college participation as well as gaining insight into the type of student that Allegheny enrolls. Student volunteers benefit from the change in routine volunteering brings. Work experience gained through the programs can be used towards broadening career prospectives. Generally, helping others is a great way to make you feel good about yourself!

CLUB & ORGANIZATIONS

Allegheny Literary Review

The Allegheny Literary Review is a student organization whose aim is to provide a literary outlet for the undergraduate writer — an all too often overlooked contributor to and reflection of the current modes of society. Allegheny Review strives to provide this voice of our peers through two annual publications; **Allegheny Review** and **Allegheny Literary Review**. Published in the spring of each year, these publications reflect the growing, living, and dying joys and plans of one of the most vibrant cross sections in American society.

Allegheny Review, now in its fourth year of publication is a national journal of undergraduate poetry and short fiction. By providing the only national source of outlet and communication of writers with their peers, this quality journal has rapidly placed Allegheny on the literary map.

Allegheny Literary Review, in its 97th year in 1986, is the traditional expressive voice of Allegheny students, featuring poetry, short fiction, and artwork drawn solely from the work of Allegheny students.

Allegheny Student Education Association

The Allegheny Student Education Association (ASEA) is sponsored by the Education Department, and is advised by campus based members of that department. Students both inside and outside the education program are welcomed in the club. ASEA is dedicated to identifying programs of educational interest and enrichment for both the Allegheny and Meadville communities.

ASEA raises its own funds and elects its own offices. Lunch table discussions are held with faculty, students and administration about topics of educational interest on campus. The organization serves the elementary and secondary educational and professional interests of the members of the college as well as those of the local community.

Events sponsored by ASEA have included the program "Sex Education Without Using the Word Sex," a Valentine's Day party for underprivileged Meadville children, and dinners with departmental faculty.

Allegheny Student Government

Allegheny Student Government seeks to serve the Allegheny College community in a variety of ways. Consisting of an Executive Cabinet to advise the President and a Legislative Council which makes all final decisions, ASG provides a forum for discussing and solving student's concerns. One important function is the budgeting of Allegheny's student-run activities, including the campus media, club sports, and special interest organizations. The source of this money is the portion of student activity fees which ASG receives from the college. ASG also provides input on a wide range of College policy: the proposed curriculum changes, the Strategic Plan, and the Presidential Search process.

ASG provides other services to Allegheny students as well. The Student Test Files were returned to the library after a year's absence for much needed updating. A campus directory consisting of all student's rooms, address, and phone number is distributed free of charge. The Concert Committee presents a national musical act once each year. In addition, ASG provides buses to major eastern cities during breaks.

Although not always the most visible organization at Allegheny, ASG

CLUB & ORGANIZATIONS

provides a variety of services for the benefit of the student body.

Allegheny Wind Symphony

The Wind Symphony is an 85 member group which performs original works for symphonic band and wind ensemble several times a year. Guest conductors and soloists work with the Wind Symphony, allowing members to experience and experiment with the various musical styles and techniques.

In addition to the on-campus performances, the Wind Symphony has toured widely, performing for public schools and colleges in the eastern United States. There are also exchange concerts with other colleges and assembly programs at public and private schools.

Members are selected by auditions held at the beginning of each academic year, as well as through special appointment throughout the year. Selection of personnel is dependent on instrumental needs.

The Allegheny Wind Ensemble is a 40 member group established from auditions within the Wind Symphony. The Ensemble shares appearances with the Symphony in concert and on tour.

Alpha Phi Omega

Alpha Phi Omega stands for Leadership, Friendship and Service. A national co-ed fraternity, Alpha Phi Omega is affiliated with the Boy Scouts of America. They operate the used book exchange, usher at C.C. special events, and sponsor the Bloodmobile. They also display the ride board in the Post Office, and help other organizations with fund-raisers.

Chi Sigma chapter of Alpha Phi Omega has been providing service to our college, community, and our nation since 1971. On May 22, 1986, Alpha Phi Omega celebrated their fifteen year anniversary, and will no doubt continue to be successful in the future.

Association of Black Collegians

The Association of Black Collegians was established in the spring of 1969. The fundamental purpose of A.B.C. was to promote interracial understanding, cultural identity, and unity among blacks. A.B.C.'s primary goals are the promotion of scholarship, leadership, knowledge, and understanding of black culture within the Allegheny College community.

A.B.C. carries out its objectives by sponsoring various workshops, rap sessions, films and lectures throughout the school year. In February, A.B.C. holds its celebration of Black History Month, during which students are involved in acquainting the college community with the contributions made by blacks in the areas of education, politics, and the arts. While these functions focus primarily on black contributions, membership in A.B.C. is open to the entire Allegheny student population, and all A.B.C. sponsored events are open to the entire college community.

The Campus

Allegheny's **Campus** is a completely student-run newspaper. Open to all interested students, it is the primary sounding board for the college community. The paper provides opportunities for writers, editors, layout artists, and photographers to gain experience.

The **Campus** primarily covers college and local news, and is open for

CLUB & ORGANIZATIONS

letters for its opinion columns, editorial page, and features.

Editors and assistants are chosen each term, and are paid positions. The Editorial Board is also selected each term, although members receive no wages. The Board provides a unique opportunity to learn about campus news and opinions.

Chemii

Chemii is a student organization affiliated with the American Chemical Society. Chemii offers students the opportunity to get to know the professors of the Chemistry Department. The club's two main objects are: 1) to enlarge the scope of chemistry orientated experiences available to Allegheny College and the Meadville community, and 2) to advise and assist the Chemistry Department. Chemii also provides information to its members on internships, graduate schools and career opportunities.

Circle K

Circle K Club, affiliated with the Meadville Kiwanis Club, provides service at the local and international levels. As members of a nationally known organization, members of Circle K have the opportunity to participate in various state-wide events held each year. The club's members plan several projects and fundraisers through the year. Projects have included sponsoring a child through the Christian Children's Fund, a poster sale, and the annual 5K roadrace.

Circle K meets weekly, and all interested students are welcome. Dave White, a representative of the Meadville Kiwanis, is club coordinator and the faculty advisor is Dr. Alex Dale.

International Club

The International Club is an organization that started in the academic year 1985-86. Inspired by foreign students wanting closer links with each other, the International Club held its first meeting early in October of 1985. In two short months it had expanded enormously, and now has a membership of more than 100 people.

The purpose of the International Club is "promoting international awareness and unifying the international students with each other and with U.S. citizens." Another purpose the club serves, for those who become actively involved, is to offer everyone a wider perspective of the world by finding out about other countries — what it feels like to be in that country — without taking a class about that country. Talking with others is a simple, easy way of learning.

Kaldron

Established in 1889, the Kaldron is Allegheny's student yearbook. Work on the Kaldron begins first term, and continues throughout the year.

The yearbook contains candid photos of students and faculty, senior portraits, clubs, organizations, and athletic teams, and coverage of the various special events which take place throughout the year.

The Kaldron seeks students who are interested in photography, copy writing, layout, and advertisement sales. No experience is necessary to obtain a position on the staff. This year's staff is headed by Megan

CLUB & ORGANIZATIONS

McArdle, Suzie Carmack, Todd Shoonover, Lisa Morris and Arnel Balceita.

Lambda Sigma

Allegheny's Lambda Sigma is the Epsilon chapter of a national honorary organization of sophomores. It revolves around the themes of scholarship, leadership, fellowship, and service. Fifty incoming sophomores are selected each year by academic achievement, and personal interviews.

Lambda Sigma's activities during the fall have included freshmen big brother/sister adoption, freshmen move-in, ushering at college functions, monthly birthday celebrations at the nursing home, and creating the student home address books for Allegheny.

Our chapter was recently designated as an Honor Chapter at a national board meeting.

Orchesis

Orchesis, the dance organization of Allegheny College, is student run and choreographed, and open to all. It produces new performances each year as well as sponsoring various dances open to the entire campus, such as a sock hop, a country dance, and a winter waltz.

As an extension of Orchesis, workshops and residencies are offered by master teachers. Some of these residencies are jazz, tap, modern dance, ballet, and the creative process and have in the past featured Erick Hawkins, Bill Evans Dance Co., and Elizabeth Maxwell of the Laura Dean Dancers and Musicians.

Allegheny Repertory Dance (ARD) is comprised of student dances who attend class or study regularly under master teachers in residence in the college dance programs. ARD preserves and performs professionally choreographed works. ARD is artfully guided by Jan Hyatt, Allegheny College dance instructor.

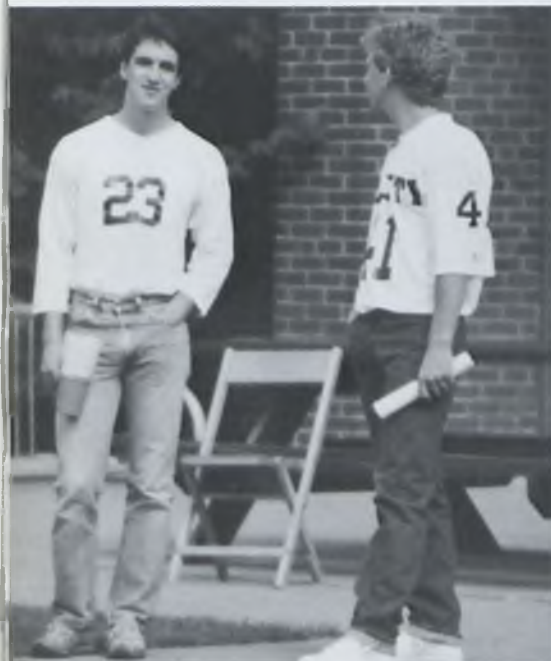

Outing Club

The Outing Club is essentially for the entire college community (Faculty and students). It organizes and leads a variety of trips and activities, including backpacking, camping, rock climbing, skiing (cross-country), canoeing, hiking, sky diving, white water rafting, and many more. Last fall, the Outing Club took about 20 people white water rafting on the Youghioghny River, and in the spring they took a trip on the Cheat River in West Virginia. The Outing Club also rents out equipment to interested parties year round.

Student Alcohol Board

The SAB is a student organization not against drinking, but hoping to encourage those people who do make the decision to drink, to do so responsibly.

They are a resource group on campus, to whom students can go to talk about anything, from concern over someone's drinking problem (and receive guidance as to where to receive help), to their concerns about Allegheny's alcohol policy. The SAB has an office in the Campus Center which is staffed Tues.-Thurs. evenings so that members are available to

CLUB & ORGANIZATIONS

the student body.

Student Experimental Theatre

Student Experimental Theatre, more commonly known as S.E.T., is the student run theatre organization on campus. S.E.T. made its debut in the 1960's and has contributed many hours of entertainment to the college students and the residents of Meadville, producing full length productions, one-act plays, monologues and sponsoring dance groups.

The purpose of this organization is to better equip the student, whether novice or experienced, with "on hand" experience for all aspects of the theatre. Our goal is to help and learn from one another while enjoying what we are doing, as we create a theatrical production.

This 1985-86 year, S.E.T. sponsored workshops, in helping to understand all aspects of the theatre, and with this knowledge there will be many productions to follow. Anyone interested in working on a show in any aspect is encouraged to attend meetings and submit ideas.

Tri-Beta Biological Society

Tri-Beta Biological Society is an honor society for those students interested in the biological sciences. The Phi Epsilon chapter at Allegheny College received its charter in November of 1984, with 44 charter members. Their activities include service to the biology department, field trips, sponsoring speakers, and social activities within the society. Dr. Christine Nebiolo advises the current membership of 79 active and associate members.

WARC Student Radio

WARC, 90.3 FM, founded in 1963, is Allegheny's progressive, non-commercial radio station. Located on the second floor of Cochran Hall, WARC is owned by the Allegheny Trustees and operated by members of the college community.

Each term there are over 100 students and faculty members who take part in WARC, as disc jockeys, newscasters, production staff, publicity organizers, and managers. Training sessions are held at the beginning of each term, and upon completion of training, anyone is eligible to work at the station.

The format of the station is determined by the D.J.'s taste. Programs focus on anything from blue-grass and jazz, to avante-garde and new wave music, but primarily on progressive. Classical music is played Sunday afternoon and early evening. The main purpose of WARC is to provide listeners with an escape from commercials and strictly Top 40 radio.

News and sports are also part of WARC's programming. Four newscasts are offered each day, with stories of local interest, as well as national news from the station's AP teletype machine.

Alpha Chi Omega is a social sorority whose bond of sisterhood spans the one hundred and twenty-six chapters across the country. Our sorority was established October 15, 1885 at DePauw University in Greencastle, Indiana. This past October, each chapter celebrated its Centennial birthday in their own special way. At Allegheny, they held a balloon release during the homecoming football game, followed by an alumnae reception at the David Mead Inn. In honor of Alpha Chi's birthday, collegians and alumnae have donated almost \$90,000 to the Alpha Chi Omega Foundation which supports Cystic Fibrosis, McDowell Colony for artists and the Easter Seals Foundation. Allegheny's Alpha Chi's are pioneers in the sorority. They were the fourth chapter established which makes it a Delta Chapter. They strive for academic excellence, leadership abilities, financial responsibility and personal development. Delta has had many successes while reading for her goals. This year they received the Panhellenic scholarship plaque, won the homecoming float, and the members were involved in over forty activities on campus, many holding officer positions. Allegheny's Alpha Chi's not only enjoy the social aspects of sisterhood but work together to develop the group as well as each individual's fullest potential. They follow the motto "Together Let Us Seek The Heights."

Delta Tau Delta strives towards unity and brotherhood through numerous activities house — and campus-wide. One of their biggest projects of the year is the walk in which they raise thousands of dollars for a deserved charity.

Alpha Delta Pi has been a part of Allegheny College for only three years. However, through participation and use of individual talents, Alpha Delta Pi has been a service to both the community and the college. Through projects such as the "Men of Allegheny" calendar, to raise money for the Ronald McDonald Houses, and the Walk-a-thon to benefit the D.T. Watson Hospital, ADPi has contributed to the community. Contributions to Allegheny College include participation in the Can Drive for Associated Charities, and the Annual Phon-a-thon, which supports the Allegheny Fund. Alpha Delta Pi's also serve as part of Allegheny's staff of resident assistants, participate in Allegheny's Student Government, varsity and intramural sports, music ensembles, and Panhellenic council. Members are also involved in the pre-legal advisory committee, VISA, Strategic Planning and the Alcohol Student Task Force.

Perhaps the main goals of Alpha Delta Pi are philanthropic contributions, as well as promoting higher academic achievement, and sisterhood through our chapter as well as extending our positive attitude to others. Annual functions include Fall, Winter, and Spring socials which are occasions for sisters to spend relaxing together and just having fun! The newest addition to Alpha Delta Pi's activities is the

production of the "Men of Allegheny" calendar which (hopefully) will become an annual event to benefit the Ronald McDonald House.

The Allegheny chapter of Phi Delta Theta had a productive 107th year. With Chris Mason serving as President, the Phi Deltas were awarded the fraternity's National Founder's Trophy in 1985. The brothers also kept up their traditions of excelling in college and intramural sports and of involvement in various forms of campus leadership. Allegheny's Phi Deltas are going strong!

Alpha Gamma Delta was founded nationally on May 30, 1904 at Syracuse University. Kappa chapter was founded at Allegheny in 1919. The sorority jewel is the pearl and the flowers are red and buff roses. The national Altruistic project is the Juvenile Diabetes Foundation. The three major social events each year are the Fall Party, Pledge Formal, and Spring Party. Other events include VCR nights, crush parties, intramural sports, chapter overnights, and study breaks.

The fraternity of Phi Gamma Delta, the second fraternity to appear on Allegheny's campus, is a dynamic fraternity. The FIJIs are involved in many facets of Allegheny life, including sports, student organizations and residence life.

The FIJIs are well known for their strong promotion of school spirit as they proudly wear their purple and white to various sporting events. The future of Phi Gamma Delta is looking brighter than ever, and through dedication and hard work, the Fraternity will continue to be a positive asset to Allegheny.

For 105 years, Mu chapter of Kappa Alpha Theta has marked two firsts in Allegheny's Greek tradition. Established nationally in 1870, Theta is the first national greek-letter fraternity for women. Theta added its spirit of tradition to Allegheny's in 1881 to become the first women's fraternity on campus.

Theta works to promote unity within a social group through the individuality of its members. Theta's Balloon Launch, its annual Theta Classic tennis tournament benefitting Greenhouse, and its participation in the all greek Can Drive for the city of Meadville are just a few ways these women work together to serve the college and the community.

Fall Party, Pledge Formal, and Gape-and-Flame with Kappa Kappa Gamma in the spring aren't the only good times! Second place in the homecoming float competition with Phi Psi's, road trips to Theta Cottage on the Erie shore and to Penn State chapter, fraternity mixers, sorority study breaks — for service and for fun, Theta always shines through close friendships that come from a special bond of love.

The Pennsylvania Beta chapter of Phi Kappa Psi was founded at Allegheny in 1855. It was the first fraternity at Allegheny and has the longest continuous existence of all Phi Kappa Psi chapters. Phi Kappa Psi strives toward intellectual as well as spiritual excellence and takes great pride in its strong relationship with Allegheny's faculty and administration. Phi Psi's are involved in many facets of the Allegheny community such as varsity sports, ASG, Lambda Sigma, and IFC, to name a few. For the past three years, the All-Greek party during Greek Week has been held at the Phi Psi house and each spring the chapter holds its annual Phi Psi "500," a 5K road race benefitting a Meadville charity. Phi Kappa Psi feels that extracurricular activities while at college are equally as important as scholastics in building the character of a well-rounded individual.

Kappa Kappa Gamma is a fraternity of women united by the benefits of friendship and love. This group is motivated by positive ideals which inspire each individual, who in return shares with the group something of worth. It's a circle of giving and sharing by learning and growing together.

Founded at Allegheny in 1888, Kappa Kappa Gamma is the second oldest sorority on campus and the current largest in size. The light and dark blues can be seen throughout Allegheny, as a group supporting campus events, and through its individuals participating in a wide variety of organizations.

This ever-broadening circle grows past the college campus and into the community with philanthropy projects such as a car wash for the Meadville Soup Kitchen and an annual balloon derby.

Kappa Kappa Gamma continues to uphold the ideals of the fraternity, as well as Allegheny College as a whole.

Theta Chi was founded on April 10, 1856 in Norwich, Vermont. We at Allegheny officially became Beta Chi chapter of Theta Chi Fraternity on September 19, 1942, when the local Beta Kappa Chapter merged with the Theta Chi national. Our motto is "The Helping Hand" and our flower is the red carnation.

The Theta Chi's at Allegheny believe in the slogan, "Alma Mater first and Theta Chi for Alma Mater." Our goal for the next few years is to improve our fraternity by improving Allegheny.

The Congratulations

*One day at a time
This is enough.
Do not look back and
grieve over the past,
for it is gone;
about the future,
for it has not yet come;*

*Live in the present, and
make it so beautiful
that it will be
worthwhile
remembering.*

SPECIAL THANKS go out to several people whose help was greatly appreciated in order to complete this book: The Kaldron advisor, **Mary Davies**, who always had an understanding smile; the publishing representative from Hunter Publishing Company, **Doug Harland**, who never got upset no matter how far behind I was; **Bill Owen** and **Ed Mailliard** for their expertise in photography; The Public Affairs Office, my second home, for putting up with me; in the Public Affairs Office — **Pat Hood** whose sense of humor and undying patience brightened up the gloomiest days, **Bernadette Wilson** who was always there when you needed her, and **John Ganley** whose sports commentaries were greatly appreciated; and finally from Davor Photo, Inc. Abe and Esther Orlick and Gemma Lanzi who never minded that "it has to be here tomorrow" deadline.

Copy Suzie Carmack
Photography Arnel Balcita
Layout Lisa Morris
Business Todd Schoonover

A Special thanks goes to **Carol Garbarino** whose excellent photography and prompt completion of assignments was greatly needed and never a disappointment: The **Campus** for their supporting articles and to the coaches who provided prompt information on their teams. Thank you to all who helped to complete the 1986 Kaldron.

Any omissions or errors are unintended and regretted.
