Dear Mr. McMurtry:

Your letter of September 23rd, together with the photostat made of the post card addressed to Dr. Warren has reached Miss Tarbell's desk. Also the complete collection of all the literature your company published about the status has been received.

Miss Tarbell is still away, but upon her return I shall call her attention to the material. I know she will be glad to have the Lincoln literature for her files.

Yours very truly

Secretary to Miss Tarbell
