My dear Miss Tarbell:

Last Spring I proposed, and Mrs. Simkhevitch and Mrs. James Harvey Robinson seconded for membership in the Cosmopolitan Club, Mrs. William Spinney, associate director of Greenwich House. Her candidacy was posted in June, when, of course, many of her friends and acquaintances in the club failed to see it. She is now, however, in the process of undergoing the Tuesday tea-time investigation of the Membership Committee, and friendly letters will be as valuable as they would have been earlier. I hope that you will feel like writing one for her, on the ground of both her personal attractiveness and her large and growing services to the city in social work.

Sincerely yours,

Anne O'Hagan Shiner
