

Suffrage -

Evolution not Revolution called for -
will be given as soon as there
is majority - demand - demand
will come when majority
wants it - not before - must
have reason for wanting
it - reasons comes with
the expansion of interest - sense
of responsibility - connection
with - more can be done without
than without -

Women doing the most for
suffrage are those doing most
to draw attention to special
civil responsibilities - real and
responsibilities - bearing of
healthy citizen - ~~truly~~ moral
sincerity & intellectual
integrity, justness of values.
