

June 28, 1937

Dear Mrs. Mount:

I was pleased that you took the trouble to write me about the Lincoln Forge. As I understand you it is not far from Allentown on Cream Ridge. I am trying to locate it on my maps, but shall have to have your help I expect. Perhaps one of these days I can run down to New Egypt and you will take me to the Forge.

I have a letter from another correspondent saying that tradition locates the iron works at Phalanx between Freehold and Long Branch. What the tradition is based upon I do not know.

Thank you very much for your letter. I shall be glad of any further information you may pick up concerning the Lincolns in your part of the world.

Very sincerely yours

Mrs. Hilton H. Mount
New Egypt, New Jersey
