Dear Madam:

Complying so far as possible with your request of the 10th instant, there will be sent you a copy of our Bulletin No. 157 and a number of issues of the Monthly Review of the Bureau.

Bulletin No. 157 supplies, as you will see, our available information concerning industrial accidents, and the various copies of the Review give what we are able to furnish relative to strikes in recent years.

I am, very truly yours,

*Royal Meeker*

Commissioner of Labor Statistics.
