My dear Mr. Smythe:

I have just come back to New York and find your letter of yesterday saying that you are still trying to find a spot for me on the radio around Lincoln's Birthday. ~~Please~~ Do not think I am ungracious if I say that I hope you will not be successful! I am over-crowded with work cannot take on another hour. Besides, dear Mr. Smythe, the radio is not my medium and I am sorry not to have time nor strength to master it.

If I am able to do anything for Lengel Associates it will have to be in the writing field. But I do appreciate your interest.

Very sincerely

Mr. Carlisle Smyth
