Dear Sir: -

I received the enclosed photograph at 3:30 P.M. & sent you by express this A.M. all the other pictures that I had. Perhaps you will understand my uneasiness about this collection as you have many experiences.

I enclose Capt William Jones's (living) letter which, may not be self explanatory. He refers to Mr. English of Indianapolis who is publishing a two volume history of Indiana. I know nothing about their arrangement - but it seems that Mr E. has referred to Mr W^m Jones Sr as Rep of Spencer Co. - & you want him as the man who sold A. L. goods before going to Ill.

Many little incidents ^{could} be woven into an newspaper article; - please send me your rates per word for accepted articles (sweethearts) & I will make as attractive a sketch as possible from what I have, when I receive the photographs. Do not forget to return this Rep. Jones & Capt Taylor's photographs as I had not time to have them copied. Yours, A. Hozier
