My dear Mr. Herman:

I have your letter of May 26th together with the material on the Consolidated Gold Mines of Central Idaho.

I am glad that anything I have written has influenced you in founding your company. I certainly hope you have great success, but it is quite impossible for me to take a hand in any business organization. I am a journalist and a journalist particularly should stick to his line.

Regretting that I can be of no assistance to you and hoping that you will find the associates who will appreciate the idealistic trend you hope to give to the company, as well as furnish you with the necessary capital, believe me

Very truly yours
