

Miss J. L. Tarbell  
Department of Commerce  
Washington D. C.

Dear Miss Tarbell  
received yours of Sept 28th  
in reference to the the the  
shift jobs instead of two  
shift jobs as a <sup>temporary</sup> relief.  
I note you say the  
matter has been taken  
up by the proper Committee.  
here with I am going to  
give a little more information  
along some lines for your  
Committee: for all data and  
information you may wish  
to see H. C. Sanderson,

521 Scotland Ave Topeka  
 Kan: Concerning the W of  
 the St. L. S. ~~W~~ on March  
 the 10th 1921 four months  
 before the National agreement  
 run out changed 2 1/2 min  
 at Waco stops from 8  
 to 11 and 12 hours  
 and cut the run on  
 an average of 2 1/2 to 30  
 Cents per hour. The Federal  
 Labor Board only granted  
 the 194 R.R. of the United  
 States a 12 per cent cut  
 on July 1 1921. Rule an  
 article 32 is being violated  
 more by the St. L. S. W. R.R.  
 than any R.R. of 194

if this matter can  
 be adjusted between Mac  
 and Pine Bluff Ark they  
 all of and, down the  
 line will be rid of  
 idleness, if your committee  
 desires to take this matter  
 up with Mac first they  
 can ~~communicate~~ write me  
 J. J. Peasley, Supt. Mobile  
 Power, 90 St. J. & N.  
 R.R. Co. Tyler Texas.  
 Great relief also can  
 be obtained for unemployment  
 if all incorporated industries  
 was force to the eight hour  
 shifts, ice plant, Laundry  
 plants and places

#

When boiler room men  
 are working 12 hours  
 can be adjusted so two  
 men give room for  
 one more. There are lots  
 of ways to relieve unemployment  
 but the best of all them  
 I think is to pass a 8  
 hour law or enforce  
 the eight hour plan.

Yours Truly  
 Neal Cooper  
 620 South 9.
