

X
EIGHT HUNDRED AND THIRTY
PARK AVENUE

Dear Miss Tarbell -

You dig out these
plateaus from the past where
they were fitly mouldering
away, and ask if you may
preserve them in your
amber! - Of course you
may do anything you desire
as you know - as far as this
concerned - In even trying
to decide which one of the
only two pictures I have

is the least objectionable.

I would be greatly
pleased to see you any
day that is convenient to
you - I am always here
after breakfast four -
I mean rather up and
brushed.

Ever sincerely yours
Jessie E. Young
