

Chapter I

November 22, 1935

Dear Dr. Ross:

I am returning to you as a source of all knowledge regarding Allegheny history. I entered in the Fall of 1876. I want to know how many women were graduated the years before I entered, that is between 1872 and my entrance. I can only make out three. Were there more? I shall be so grateful if you will set me straight.

I enjoyed my visit with you all so much. Please give my love to the whole family.

Faithfully yours
