Mr. William L. Chenery,  
Collier's  
250 Park Avenue, New York.

My dear Mr. Chenery: This letter from Mr. Robert L. Campbell does interest me, and in case he submits his letters to you I would like very much to examine them.

So far as I know, only one letter of Lincoln's to Col. Frank Wolford of Columbia, Ky., has ever been published.

The Lincoln story of which I told you is just where it was. I can do nothing with it until I have thrown over the Chairman of the Steel Corporation. As soon as I have it in hand I will talk with you again about it. I am glad you are interested.

Sincerely yours,
